An Extraordinary Sale of Jersey Dresses

For Sports, Street and Club Wear

At \$18.50

REALLY it's seldom we become so enthusiastic over a special offering as we have these dresses, and we feel certain no one can resist the appeal of these spring and summer styles with their commanding freshness after the long winter—the first spring flowers of the style world.

Through a special merchandising effort, we secured the material and had them made up according to our own specifications, enabling us to offer them far below their actual value.

Every style is individual and distinctive, made of the finest quality jersey. Some are models combined with a beautiful quality white wash satin, others are all-jersey. "Sports" dresses, an essential to every woman's wardrobe; "slip-over," "sleeveless," "smock" and "coatee" models.

The colors are beige, rose, copen, gold, green and purple, also plain white, as well as beautiful combinations with white.

Extra Special Tailored Suits

Very Specially Reduced Saturday, to \$29.50

IT'S the result of a very fortunate pickup of a certain suit maker's surplus stock, which we secured at a price way below the real value, and we offer you the benefit of the transaction. A suit offering, that we're certain has not been equalled for real style or value by any store in the city this season.

The suits were all intended to retail at a very much higher price than that we ask for Saturday, and we're certain you'll appreciate the offering when you see the suits and realize the true value importance.

The range of style selection is very extensive, including such splendid materials as French serges, poplins, gabardines, checks and Dellié cloth. The colors include navy, platinum, tan and checks, also black.

Some are made plain tailored, others semi-tailored, while there are still others in novelty and sport models. All the new style features are represented and we recommend them to you as extreme values at \$29.50.
