Impressive Group of War Workers at Presbyterian Church

PHOTO BY BOSTWICK

Such widespread interest is centered in the community work done at the First Presbyterian church in equipping the University of Nebraska Red Cross base hospital that the Red Cross Magazine requested Louis Bostwick to send a picture of the workers. This impressive group photograph will be sent to the publishers.

The entire amount of supplies necessary to equip a base hospital of 1,000 beds is nearing completion. An extra drive is now on in order to finish the work before the unit is ordered abroad following its present intensive training at Fort Des Moines.

Miss Jessie Millard is at the head of this group of more than 300 women who gather daily to stitch the surgeons' aprons, the bed shirts for the wounded or the countless other supplies. Luncheon is prepared and served at noon by the workers.

The splendid new church building offers such an ideal workshop that it is expected to continue Red Cross work there after the hospital supplies are completed.

WOMEN IN WARTIME

Women's Liberty Loan Committee Passes the Million Dollar Mark

What Omaha women are really capable of accomplishing in patriotic work once they are well organized, is demonstrated by last week's record of the women's Liberty loan committee, headed by Mrs. E. M. Fairfield.

Subscriptions totaling \$1,000,000 is the first week's record, more than twice as much money as the women collected for Uncle Sam during the whole of the second campaign.

The men's committee acknowledges (somewhat ruefully, it is whispered) that the women are leading them a merry pace and keeping them constantly on the alert lest they lag behind.

The big event for the second week of the drive is the visit Wednesday of Mrs. Antoinette Funk of the national Liberty loan committee, and one of the original members of the National Council for Defense, women's committee, helping to organize that branch of war co-operation. She is a Chicago lawyer and was prominent in suffrage work before the United States entered the war.

Mrs. Funk will speak at the Chamber of Commerce at 12:15 Wednesday, and in the evening at the Orpheum, Boyd, Strand and Empress. The hours that she will speak at the theaters will be announced later.

House-to-House Canvass

Mrs. M. D. Cameron, chairman of the house-to-house canvass, reported over \$75,000 in subscriptions the first two days of the drive. Most of the women report a cordial reception, but some have found indifferent welcomes, while others saw the inmates of some homes peeping through the windows and refusing to answer the door. All such cases are reported to headquarters, and it is safe to say that nothing in the way of an unpatriotic attitude escapes the eyes of the women.

The first bond bought from the house-to-house workers in the First ward was by a milkman, who gave \$300 in cash to Mrs. Stanley Green.

While very few of the colored women could afford to buy bonds, they were very eager to learn all about Liberty bonds. Much of the workers' time is spent in educating them to the needs of Uncle Sam.

Some of the workers find the canvass very discouraging in the way of actual cash results, but they leave the Liberty bond literature wherever they call and pave the way for future bond issues. One woman called on 147 families and secured only one \$50 bond for her work, because the bonds had already been secured through other committees.

Miss Elsie Mae Miller of 2580 Harney street made her first payment on her bond in nickels and dimes that she had been saving.

A group of seven women called on John E. Jepsen, and, in addition to a \$600 check for his bond, he presented them with a blank check and invited them to buy their luncheon at his expense. It was 12:30 and the women were hungry. They accepted his check with thanks.

Samuel Anderson of 2642 Chicago street, laid up at home with a broken

arm and leg, bought a \$100 bond from the house-to-house canvasser. This meant an entire month's wages. He has taken a bond from each issue.

The quarter of a million mark has also been passed by the church workers. This is a remarkable showing in view of the fact that the amount is made up mainly of small subscriptions.

St. Wenceslaus Bohemian church, Mrs. Harmanek, chairman, reported \$2,800 taken from 27 subscribers.

The First Church of Christ subscribed for a \$2,000 bond.

The women's clubs, under the chairmanship of Mrs. Warren Blackwell, have so far turned in over \$250,000. This is six times the amount accounted for in the last bond issue, their total then being \$43,000. The following clubs have reported subscriptions from their members: West Omaha Mothers' club, \$1,550; Young Women's Christian Association Business Woman's club, \$500; Smith College club, \$1,350; Daughters of the American Revolution, \$50; Daughters of 1812, \$150.

The Nebraska Clothing company reported the largest subscription from any of the booths Friday. Their total to date is \$7,900.

The Her Grand subscribed \$2,500 through Mrs. W. A. Waggoner at the Rome hotel.

Brandeis stores and Thompson, Belden & Co. are also running a close race. Brandeis booth has reported \$11,500 and Thompson, Belden & Co. \$12,550.

Red Star Work Of Omaha Humane Society Wins Note

Little Miss Elizabeth C. Richards, daughter of Mr. and Mrs. J. De Forest Richards, and her pet dog's pictures appear in the April issue of the National Humane Review magazine.

The picture was sent by H. S. Mann, head of the Humane society in this city, when the pet animal shows were held in local parks two years ago.

Omaha has another special mention in the magazine. It is as follows: "The Omaha branch of the Red Star is setting out to make a record for itself under the direction of Mr. H. S. Mann. Through his efforts an application slip for membership was sent out through a business concern to 40,000 of Nebraska's leading citizens. At the time this is written nearly \$2,000 have been received through this source. Much more is expected. He has also secured the endorsement of the Red Star by the Rotary club of that city. Many of the young society women have taken up the work, including the four former queens of the Ak-Sar-Ben, an annual carnival held in that city. Mrs. George B. Prinz and Mrs. Lucien Stephens are aiding very materially in this work. The papers have been giving the movement first page space. It will be well for other Red Star branches to be on the alert or Omaha will outstrip them in the amount of publicity and the number of memberships secured for the Red Star."

Sister of Omaha Man Has a Thrilling Time In Russian Capital

Miss Alice Low, who is the guest of her brother, Mr. Wilson Low, and Mrs. Low, has some thrilling tales to tell of her experience in Petrograd during the recent revolution. Miss Low made her home in the Russian capital for the last five years and was a teacher of English in a private family at the time of the revolution. "There was continuous shooting for three days," said Miss Low, "but we

were so excited that we forgot to be frightened."

The American consul came to the hotel where Miss Low was stopping and begged her to come to the consulate, where she would be under the protection of the American flag.

The food situation in Russia was very critical following the revolution and Miss Low says that they were forced to leave, as they could hardly get enough to eat. Miss Low has been in California for some time lecturing on her war experiences. "I talk for two hours," she said, "and then I didn't tell half."

ORLEX For GRAY HAIR

NO matter how gray, streaked or faded your hair may be, one to three applications will make it light brown, dark brown or black, whichever shade you desire. It does not rub off, is not sticky or greasy and leaves the hair fluffy.

A \$100.00 Gold Bond
You need not hesitate to use Orlex, as a \$100 Gold Bond comes in each box guaranteeing that Orlex Powder does not contain silver, lead, sulphur, mercury, antimony, coal-tar products or their derivatives.

Get a 25c box of Orlex Powders at any drug store. Dissolve it in one ounce of water and comb it through the hair. Or send us the coupon below and get a free trial package.

DR. BENJ. F. BAILEY'S
SANATORIUM
Lincoln, Neb.

This institution is the only one in the central west with separate buildings situated in their own ample grounds, yet entirely distinct, and rendering it possible to classify cases. The one building being fitted for and devoted to the treatment of non-contagious and non-mental diseases, no others being admitted; the other Rest Cottage being designed for and devoted to the exclusive treatment of select mental cases requiring for a time watchful care and special nursing.

Forcing Hair To Grow Wonderfully

A Powerful Secret not Generally Known and Which Every Woman Should Know. How to Make the Complexion Exquisite.

BY VALESKA SURATT

THERE is, after all, only one positive way to grow hair. That is, to force it to grow. You can't tease it and get results. If you want to give yourself a really wonderful surprise, and see your hair grow as you perhaps never believed it possible, I have this suggestion to make. Just try the following simple formula, and use it liberally. Quit using everything else, and for once in your life you will be able to say: "I have found it." This hair formula is as follows: Mix one ounce of beta-quinol, obtainable at any drug store, with either one-half pint of bay rum and one-half pint of water, or in place of water and bay rum a full pint of witchhazel. You will then have over a pint of real hair-growth that beats the world. You'll quickly notice your hair stop falling, and it will grow long, silky and beautiful and the thin spots will fill out wonderfully.

BESSIE D.—It is now no longer necessary to wait for many months and perhaps years to produce a beautiful complexion. You can have it as surely as the sun rises, in a few days' time. If you find this hard to believe just try the simple formula given below, and you will prove the fact yourself very quickly. Ask your druggist for a one-ounce package of zintone. At home mix the contents of the package with two tablespoonfuls of glycerine in a pint of water. Use the cream lavishly, every day, without fail and you will be sure to get results.

AWFUL—Superfluous hairs ruin the appearance of any face no matter how beautiful. Ever hear of dissolving away these hairs? The only thing I know that does this, instead of "burning" off the hairs, is to moisten them with sulfo solution. Your druggist will supply you with it for one dollar. No matter where you apply it, it will always work, never leave a red spot. The skin will be left soft and smooth, and it will not irritate the most delicate skin.

MRS. F. O. S.—Do you realize that alkali in soaps and ordinary shampoos dry up the scalp and hair secretions? If you want a wonderful cleanser and shampoo that actually dissolves dandruff as if by magic, and helps hair grow, mix a teaspoonful of eggol in a half cup of water. You can get eggol at the drug store for twenty-five cents, enough to make twelve or more of these marvellously effective washes. Try it.

AGEING—You have lost five years of time trying those things. Now try this and take those five years off again in a few days. You can do it, same as others have. This cream is a wonderful skin rejuvenator. Wrinkles vanish, and the skin becomes youthful and plump. To half a pint of water add two ounces of eptol, secured from the drug store, and one tablespoonful of glycerine. Apply this cream daily and use it freely.

MISS B. D. R.—That face powder of mine is called "Valeska Suratt Face Powder." It was made after my own formula, to avoid that chalkiness so common to face powders. You can get it at drug stores for fifty cents in flesh, white and brunette tints.

MISERABLE—You should, every morning and during the day, if possible, apply freely some hydrolised talc to the armpits and the terrible perspiration will be entirely controlled, the odor will cease at once and you'll ruin no more gowns or suffer embarrassment. It is really magic in its work, and it will give you intense relief.

SHOTTY—Blackheads can be removed in a wonderfully easy way, in a few minutes—just get some norexin at the drug store, sprinkle some of it on a wet sponge and rub it on the blackheads. Then look in the mirror and try to see them—you will find the large and small blackheads gone! Try it.—Advertisement.

An Inside Bath Makes You Look and Feel Fresh

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, claiming this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleaning, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing.—Advt

Summer Camps

It is time to think about a camp where the out-of-door life with the right sort of training will put new life and energy into your children, who are, perhaps, school weary after the winter's work.

The head of the Ask Mr. Foster School Service knows all about the camps for girls and boys and grown ups. Her knowledge and experience is at your service. Just tell us what are your needs and we will correspond with you personally and aid you in finding just the camp that will meet your need as to location, character of work done and price. No fees.
