## WOMEN IN WARTIME

### Churches of Omaha Subscribe \$500,000 To the Liberty Loan

Churches of Omaha had subscribed \$500,000 in Liberty bonds when headquarters of the women's committee closed late Saturday evening. Additional subscriptions made at Sunday services have not yet been tabulated. Nearly 100 members, 98 to be exact, have already joined the "\$1,000 Liberty Bond club." Names reported since Saturday are: Mrs. John L. Kennedy, Mrs. E. M. Searle, jr.; Miss Margaret Brown, Lillian C. Richards, Elsie D. Richards, Mrs. E. F. Riley, Mrs. Sarah F. Robinson, Mrs. Palmer Findley, Mrs. E. H. Benner, Mrs. Robert Leavens, Mrs. W. A. Smith, Mrs. M. Shirley, Miss Gretchen Dishong, Mary Hailey, Mary A. Hailey, Anna B. Hamilton, Mrs. L. F. Crofoot, Miss Margaret J. Neary, Mrs. Janet R. Nash, Mrs. W. F. Allen, Miss Loretta DeLone, Mrs. S. Lehman, Mrs. M. Shirley, Mrs. Fidelia L. McArdle, Mrs. I. C. Wood, Mrs. Clayton A. Pratt and Mrs. William Newton.

Kinsler.

**In the Schools.**  
F. E. McMillan, the one "mere man" on the woman's committee, after four days' work reports 59 subscriptions for Central high, totaling \$7,250.

Students of High School of Commerce are working hard towards the raising of \$100. Every cent will be earned by their own labors, before and after school hours, carrying papers, doing housework, tending furnaces, minding children for busy mothers, etc. The bond subscribed for in the last campaign in this manner was donated to the Young Men's Christian association.

There is little doubt but that the Van Sant school will again be awarded the highest Liberty loan record in the United States for business schools, as it was in the last drive. Five days' work by the pupils has credited the school with the sum of \$25,000. One pupil of German descent has sold \$1,450 worth of bonds to German and Austrian truck farmers.

The following captains of the committee on schools have made splendid showings: Mrs. John P. Webster brought in 95 subscriptions, totaling \$10,150. Miss Irene McKnight and Mrs. Palmer Findlay have each turned in \$3,600. The following schools have raised \$1,000 or more: Central, \$12,250; Central school, \$1,250; Kellom, \$1,050; Farnam, \$1,000; Miller Park, \$1,100 and Monmouth Parks, \$1,000.

**Benson.**  
Mrs. J. T. Pickard, chairman of the woman's committee of Benson, announces the following subscriptions to date: Catholic church, Mrs. J. J. Gleason, chairman, \$6,700; Methodist church, Mrs. Luther Musk, chairman, \$350; Presbyterian church, Mrs. E. O. Mason, chairman, \$4,600; Baptist church, Mrs. J. T. Pickard, chairman, \$500, and Royal Neighbors lodge, \$50. This includes subscriptions from Mrs. Fidelia L. McArdle for \$4,200, the Gallagher & Nelson company for \$1,000 and Dr. E. A. Mason, \$1,000.

**Florence.**  
Mrs. W. A. Yoder, chairman of the woman's committee in Florence, has reported \$3,200 to date. The largest bond was sold to the Florence Lumber and Coal company for \$1,500.

**House-to-House Canvass.**  
Mrs. M. D. Cameron secured \$25,000 from the Peters Trust company in her house-to-house campaign. Mrs. Charles Rosewater, chairman of the Ninth ward, has to her credit \$25,000 from the Hynes Elevator company. This brings the fund to \$100,000.

### Movement to Reclaim Fruit Trees

The United States has hundreds of millions of neglected fruit trees, and J. F. Deems, federal food administrator for Iowa, is encouraging a movement among the nurserymen, agricultural agents, and farmers of his state to have such trees pruned, cultivated, sprayed, and brought into greater production. The idea has been taken up in Oregon and other states.

### Kafir Corn Ground at Home

Hundreds of Oklahoma families are using corn meal and kafir-corn flour ground in small hand mills at home. This not only solves any local problem of supply in cereal substitutes and save millers' and retailers' profits, but the fresh-ground meal produced at home has a quality and flavor obtainable in no other way.

### Red Cross Sends Canteen on Wheels To Italian Front

The Red Cross has this week added a new and picturesque branch to its many activities in Italy by sending two "rolling canteens" to the front. The object of these canteens, which are really kitchens on wheels, is to furnish hot food to soldiers in first-line trenches. Two New York men have charge of these first rolling canteen units. They are Lieutenant Gardner and Lieutenant Edward McKey.

A farewell message was given to the departing officers in the presence of American and Italian officials at the Red Cross rest house in Milan. Four additional rolling canteen units will be sent out next week.

### Red Cross Life Members.

Dr. A. P. Condon, head of the Nicholas Senn hospital, sent a check of \$335 to the Red Cross. This means a life membership for every one of the six members of his family and a year's membership for all the nurses in the hospital.

### Liberty Bank Lands Big Subscriptions

Among the biggest bonds sold by the Liberty bank Saturday and today is the \$10,000 subscription from H. W. Johns-Manville, \$5,000 from Miss Arabel Kimball and \$500 from Robert Urdike.

Mr. and Mrs. John Findlay, 5347 North Twenty-ninth street, was the youngest subscriber at the bank. His sister, little Miss Elizabeth, is also a bondholder.

Mary Ida Crawshaw, 14 months old, is second youngest patriot who bought a bond at the bank. She is the daughter of Mr. and Mrs. H. W. Crawshaw.

### Future Events.

Mr. and Mrs. Walter Selby will entertain the Harmony club at their home Saturday night.

Mrs. Minnie Morris will entertain a luncheon party of fifteen guests at the Loyal hotel Tuesday.

Mrs. William S. Poppleton will entertain the Original Cooking club at luncheon at her home Thursday.

The Bonheur club of St. John's parish will give a card and dancing party Tuesday evening in Metropolitan hall.

Miss Emily Keller will entertain a party of 100 guests at the tea dance at the Fontenelle Saturday. Miss Keller had planned the party for last Saturday, but owing to illness the affair was postponed a week.

### Personals

Mr. and Mrs. G. W. Megeath are expected home today from Montana.

Mr. and Mrs. Myron Learned moved to their country home, "Walden Wood," today.

Sergeant Lund is spending a few days in Omaha. He is stationed with the Omaha ambulance company at Louisville, Ky.

### Newfoundland Grinds First Wheat

The first flour ever ground in Newfoundland was recently produced from wheat grown in that colony. Newfoundland is so far north that although wheat had been ripened occasionally in previous years under favorable conditions it was used only for poultry feeding. Last year, under pressure for food production, some very hardy wheat seed was obtained from the northern sections of western Canada and planted in the most fertile soil on the island. Enough of this crop ripened to justify bringing in a secondhand flour mill from Nova Scotia, and much larger plantings are to be made this year.

### Camouflage Butter

The high price of butter has given opportunity to interest housewives again in a familiar scheme variously known as "making two pounds of butter out of one," "wonderful butter increaser," or "magic buttermaker." It is generally pointed out that two pounds of butter can be made out of one pound of butter mixed with milk. There is nothing new about this device, according to the dairy department of the University of Nebraska, since it has been sold in different parts of the country off and on for at least 30 or 40 years.

According to law, butter must contain at least 82 per cent butter fat, and not to exceed 16 per cent water, which, of course, would not be the case if skim milk or water were mixed with it. It is, therefore, illegal to offer such a product for sale as butter. It is simply another way of adding water or skim milk to the butter—the same results might be accomplished by spreading the butter about half as thick, as far as actual nourishment is concerned.

It is remarkable that in the course of the 18th century women mostly guided the fates of Russia, while the male sovereigns could not hold their own, but usually die violent deaths.

### Child Institute Nurses Bake Cake For the Red Cross

We have heard the old adage of too many cooks spoiling the broth many times, but in the case of the Child Savings Institute cake a number of cooks constructed the most luscious devil's food cake ever seen or tasted. The nurses at the institute are very busy people taking care of so many homeless kiddies and they felt that they must do something to help the Red Cross. Someone suggested making the cake and immediately the flour, sugar, butter and flavoring were brought into action and before you could wink a toothsome chocolate cake with sparkling white frosting was ready for sale.

To the stock exchange the pretty nurses went with their cake, and, enlisting the services of a real auctioneer, the cake was put up for sale. You should have seen the men flock around! Anyone who thinks that the sterner sex hasn't a sweet tooth should have been there. After months of sweetness days that big cake was not to be missed. They couldn't wait to bid in the prescribed way, but actually threw their money at the auctioneer.

One of the nurses received several bumps on her head where she was hit by silver dollars. The lucky man who got the cake was so afraid that someone would try to take it away from him that he hastened away with his prize and none even knows his name! And the result is that \$335 poured into the coffers of the Red Cross.

The nurses who had a finger in the cake included: Misses Amy Davis, Emma Goe, Margaret Davis, Catherine Joneschiet, Lois Dixon, Cora Golbeck, Ershell Fawcett, Mary Fingler and Mrs. Carrie Parrish.

### At Daughters' Conference.

Omaha is represented at the Daughters of the American Revolution national conference which opened today in Washington by Mesdames C. H. Aull and Edgar Allan. The former's sister, Mrs. George Thacker Guernsey, of Independence, Kan., is the national president-general and will preside during the meeting. Mrs. Max Hostetler of Shelton, Neb., is another representative from this state.

### For 96th Birthday.

An informal reception was given today in honor of Mrs. William Rothchild, the occasion being her 96th birthday. Mrs. L. J. Herzog and the Misses Fay and Carita Herzog of Lincoln assisted at the reception. The rooms were attractively decorated with greens and about 75 guests called

## Women's Share in Red Cross Direction Is Ever Increasing

MISS ELIZABETH S. HOYT, Assistant to the General Manager, AMERICAN RED CROSS

Women's increasing part in the direction of Red Cross affairs is being constantly emphasized by the appointment of women to executive positions at headquarters. Recently Miss Elizabeth S. Hoyt was made Assistant to the General Manager. Miss Hoyt was a landscape artist of note and was chosen for her present position because of her talent along executive lines. Miss Ina Taft, formerly Director of Women's Work in the Central Division, has just been

made Superintendent of Garments. Miss Jane A. Delano, who is Chairman of the Red Cross Department of Nursing, was formerly Superintendent of the Training School for Nurses at Bellevue Hospital, New York, and the Hospital of the University of Pennsylvania. Miss Martha Draper is Associate Director of the Bureau of Personnel. All of these work harder than the average business woman and without pay. The picture is that of Miss Hoyt.

during the afternoon. Mrs. Rothchild's daughters give this reception in honor of their mother each year.

### Miss Congdon Hostess.

Miss Josephine Congdon entertained at an informal little dinner party at her home Saturday evening. Of course, it was an army affair and a number of the young officers from the fort were in the party. After dinner the young people all went over to the Fontenelle for a bit of a dance.

### Marriage Report Denied.

The marriage of Miss May Grant, daughter of Mrs. Maude Davies, and George Wright, son of Mr. and Mrs. A. A. Wright, reported in The Bee Sunday, is denied by parents of the young people.

## Mothers! Don't Give Children Nauseous Medicine for Colds

Local Druggists Are Offering an "Outside" Treatment on 30 Days' Trial

Children's Stomachs Are Delicate—Easily Upset by Constant Internal Dosing. The Best Way To Prevent Colds is To Allow the Children Regular Out-Door Exercise—Keep Plenty of Fresh Air in the Bedroom at Night, and, at the First Sign of Trouble, Apply the Southern External Vapor Treatment.

Fifteen years ago a North Carolina Druggist discovered a process of combining the old-fashioned remedies, Camphor, Turpentine and Menthol, with certain volatile oils, in salve form, so that when applied over the throat and chest the body heat would release these ingredients in the form of vapors. These vapors, breathed in all night long, carry the medication,

with each breath, to the air passages and lungs. In addition, the preparation is absorbed through and stimulates the skin, taking out that tightness and soreness in the chest.

Today this treatment, known as Vick's VapoRub, is universally used throughout the south in preference to internal dosing. By arrangement with the manufacturers the local druggists are offering 25c jars on 30 days' trial, the purchase price to be refunded if you are not delighted with the results. You have to try VapoRub to realize its remarkable effect, not only for deep chest colds, sore throat, bronchitis or incipient pneumonia, but for head colds, asthmatic or catarrhal troubles. Croup is usually relieved within fifteen minutes and an application at bedtime prevents a night attack.

VapoRub is particularly recommended to mothers with small children as it is externally applied and can therefore be used freely and often with perfect safety on the smallest member of the family.
