

NATIONALISTS IN DUBLIN PREPARE TO RESIST DRAFT

Declare Conscription in Erin "Oppressive and Inhuman;" Will Fight Measure to the Last.

(By Associated Press.) London, April 19.—The conference of Irish nationalists, Sinn Feiners, O'Brientes and laborites held in Dublin under the chairmanship of the lord mayor yesterday unanimously passed a resolution declaring their determination to resist conscription. The resolution was similar to the one adopted by the Irish bishops at Maynooth earlier in the day.

In their resolution the bishops declared that conscription was being forced in Ireland and that it was an oppressive and inhuman law which the Irish people have the right to resist "by all means consonant with the law of God."

The Irish clergy was directed to announce days for receiving contributions of money and parish meetings will be held next Sunday to gain adherents to the resolution.

Australians Make Protest.

The authorities in Ireland are taking steps to deal with the situation, which, to say the least, is threatening. The labor council of Sydney, N. S. W., has adopted a resolution to send a cable message to Premier Lloyd George requesting the British government to reconsider its decision to apply conscription to Ireland, says an Exchange Telegraph dispatch from the Australian city. The ground for the objection is that the conscription measure is considered unjust and that it would cause grave complications.

"Finished Mystery" Posters Scattered Broadcast

The International Bible Student's association is circulating copies of a poster, "Kingdom News," in Omaha. The paper gives an interpretation of the "Finished Mystery," and why it was suppressed by the government.

The poster announces that at a future date speakers will appear in Omaha and give a free public lecture, based on the belief that the world has ended. The paper urges that petitions be sent to President Wilson protesting against the suppression of the "Finished Mystery," which was the last of a series of seven books written by Pastor Russell.

Federal authorities under whose jurisdiction would come the investigation and suppression of matter of this sort were all out of the city last night and nothing could be learned of the manner in which they will deal with meetings of this kind.

Pleaders in Mooney's Cause Deported From El Centro

El Centro, Cal., April 19.—Israel Weinberg, acquitted of a charge of murder in connection with a preparedness day bomb explosion in San Francisco in 1916, and J. Edward Morgan, who were scheduled to hold a meeting here tonight in the interests of Thomas J. Mooney, convicted of murder growing out of the bomb explosion, were escorted out of town by a committee of citizens.

It was not announced where the committee intended taking the pair, though it was reported that the party in automobiles took a road across the mountains toward San Diego. It was not believed here that anything more serious than riding the community of Weinberg and Morgan was contemplated by the committee.

General Haig Praises Work of Salvation Army in War

New York, April 19.—A message to General William Booth, in London, from Field Marshal Haig, complimenting the Salvation Army for the service it has given to the British armies in France, was read at a dinner here tonight to discuss methods of raising \$250,000 more for war work on the western front.

Charles Warren Resigns as Assistant Attorney General

Washington, April 19.—The resignation of Charles Warren of Boston as assistant attorney general, effective at once, was announced today. Attorney General Gregory has accepted the resignation.

In a letter recently written to Senator Chamberlain in connection with the bill placing under military control the trials of all persons charged with crimes under the espionage act, Mr. Warren declared the Department of Justice and the criminal courts could not deal with the situation. One trial before a military court, he asserted, was worth 100 before the criminal courts.

German Bundesrath Votes To Repeal Anti-Labor Law

Amsterdam, April 19.—A dispatch received from Berlin says the Bundesrath has adopted a bill abolishing the drastic anti-labor law, which provides for the inflicting of imprisonment for incitement or inducement by threats or by boycotting to secure better economic conditions for working men.

The dispatch adds that as the Reichstag repeatedly and by a large majority had expressed itself in favor of the abolishing of the anti-labor law, it now is certain that it will satisfy the decision of the Bundesrath.

HEROIC FRENCH HOLD HANGARD AGAINST ODDS

(By Associated Press.) With the American army in France, April 19.—All efforts by the Germans to keep the French engaged around Hangard-En-Santerre and prevent them from sending reinforcements further north, where the enemy is launching an attack against the British lines, have failed.

The French in the course of numerous engagements in this district have greatly improved their positions and have not in any way been deceived by the attempted diversions of the enemy.

The battles in the neighborhood of Hangard have been of a fierce character, involving hand-to-hand fighting in the streets and inside houses. The village itself has changed hands several times, but now is firmly held by the French, who, throughout the most determined onslaught of the German's superior forces, have displayed great courage.

The Germans have lost enormous numbers of men, their dead lying about everywhere. A considerable number of their men also have been forced to surrender. Since April 12, there have been repeated small attacks by German shock troops. All were repulsed.

Germany Wants Indemnities, Declares Prussian Prince

Amsterdam, April 19.—Germany intends demanding indemnities from its enemies, according to Prince Friedrich Wilhelm of Prussia, son of the late Prince Albrecht, regent of Brunswick, as quoted by the Cologne Volks Zeitung. In a speech at Breslau, says the newspaper, Prince Friedrich Wilhelm said:

"The enemy's rejection of the hand of peace justifies us in demanding economic and financial indemnities. Such indemnities also are needed for our economic development."

Few American Ships Sunk Since U. S. Entered War

Washington, April 19.—Ship construction in this country has exceeded many fold American losses by submarines since the United States entered the war, shipping board officials said today in discussing the statement of the German minister of the navy, Vice Admiral von Capelle, before the main committee of the Reichstag, that U-boat sinkings were three or six-fold the tonnage of new British construction.

It was pointed out that he made no such claim with respect to American shipping, which has suffered the loss of only three or four vessels since war was declared. Sinkings of American ships were more frequent when the United States was neutral and unarmed against attack.

It was said today that not more than 40 merchant ships flying the American flag had been lost from all cause, since the war began nearly four years ago.

Friends of Mrs. Longman Appeal to State Board

Des Moines, April 19.—(Special Telegram.)—Friends and pupils of Mrs. Longman, formerly Miss Dow, have appealed to state authorities, questioning the right of the Logan school board to discharge her because of its rule against employment of married women as teachers.

Mrs. Longman was married just before Mr. Longman left for France for service overseas. Her friends say she should be permitted to remain on the teaching force at Logan school. The State Council of Defense has been asked to pass on the case.

Ulster Leader Will Fight Home Rule Bill

London, April 19.—Sir Edward Carson, the Ulster leader, has sent the following message to the Belfast newspaper:

"Our clear duty is to support our gallant soldiers at the front and to resist any home rule bill which attempts to disregard Ulster in her position in the United Kingdom and the empire."

Pershing's Casualty List

Washington, April 19.—The casualty list today contained 42 names, divided as follows:

"SHOOT TRAITORS," PLEA OF PATRIOTS

Firing Squads Now Only Means to Prevent Lynching and Anarchy, Senate Committee Is Advised.

Washington, April 19.—Immediate enactment of legislation to permit the military authorities to deal directly with spies and German propaganda was urged before the senate military committee today as the only way to curb lynch law against disloyalty and enemy agitation. Representatives of the army and naval intelligence departments and other witnesses told the committee that the situation is serious and cannot be handled under existing laws.

Judge F. McGee of Minneapolis, a member of the powerful public safety commission organized by citizens of that state to aid the government in the prosecution of the war, declared the Department of Justice's efforts have been a "ghastly failure" in Minnesota and that the Industrial Workers of the World is not one-half as dangerous as the Nonpartisan league members, whom he characterized as "traitors." He also termed socialists traitors and said they should be interned. Judge McGee advocated organization of firing squads and "working them overtime in order to make up lost time."

Foresees State of Anarchy.

"Give us the military court, or when the casualty lists come back and the crepe hangs on the door, you will have a state of anarchy in this country," Judge McGee declared.

Judge McGee, told of the intense feeling prevailing in sections of Minnesota. In the German counties, he said, stores are being installed by Germans to compete with those controlled by Americans. Banks also were being established, he said, upon the advice of the committee on public safety the state bank examiner established a rule refusing to grant charters to banks until applications had been submitted to the committee.

The testimony was given in connection with Senator Chamberlain's bill, which would transfer from civil courts to military courts martial trials of all persons charged with violating the espionage act.

Home Guards Prevent Bristow From Making Speech in Ellsworth

Ellsworth, Kan., April 19.—Joseph L. Bristow of Saline, Kan., former United States senator and candidate for the same office now, was denied the privilege of speaking in Ellsworth this afternoon by home guards who picketed the newspaper office to which he went after the county commissioners refused to permit his appearance in the court house.
