Pretty Young Matron With Her Boys

Mrs. Maynard Swartz with Maynard Junior and Jerry Milton.

A charming family group is that of Mrs. Maynard Swartz and her two children, Maynard Junior and Jerry. Mrs. Swartz is one of the active workers in the Dundee Patriotic club, a little coterie of young women who have worked untiringly for the boys of the 134th Machine Gun Company at Camp Cody.

Beside making knitted outfits for the boys, club members packed boxes of goodies for them during the holidays and have given several entertainments for their benefit.

Omaha Woman Named D. A. R. Vice President at Conference

Washington Bureau of The Omaha Bee, 1311 G Street.

This was the quietest and smoothest Daughters of the American Revolution week Washington has seen in many years. Nebraska was poorly represented in the congress this year, partly because it is an unimportant year, with no presidential election, and partly because of the difficulty of getting accommodations. Some of the delegates came here the first of April, intending to make a month's frolic of it, but were so uncomfortably located, with the prospect of being more so, that they went on to Old Point and the White Sulphur and then home, passing up the congress altogether.

The great opening night was an interesting occasion, when the French ambassador, M. Jusserand, who always addresses the Daughters once during their congress; the Italian ambassador, Count di Cellere; the Belgian minister, Baron Cartier, and various other important personages were heard in patriotic talks. On Tuesday evening Mrs. George T. Guernsey, the president-general, who is presiding over a congress for the first time, gave a brilliant reception for all the Daughters and many outside guests. It was held in the beautiful Pan-American building, the nearest neighbor to the Daughters' building, because of its convenience and great size. This was a brilliant occasion when everybody was out in their very most elaborate clothes. There were many little side parties, teas, luncheons, and dinners, given for the delegates of different states.

Mrs. Charles Aull of Omaha, sister of Mrs. Guernsey, the president-general, was elected one of the vice presidents.

Nebraska Club Meets.
The Nebraska Woman's Washington club, organized specially for the young women here for war work, will hold a business meeting next week in the offices of Samuel Patterson in the auditor's building, to perfect plans for regular weekly meetings of the organization, and for a social affair at least once each month, to bring the members together, with some outside guest. Mr. and Mrs. Patterson are greatly interested in the work among these newcomers to Washington and the Nebraska boys stationed roundabout here in the various camps. They are formerly from Lincoln, although Mr. Patterson's early home was at Plattsmouth, Mrs. Norris, wife of the senator from Nebraska, is at the head of the club.

Mrs. J. J. Keegan is an able aid to Mrs. Norris in the work of the society. She was formerly Miss Hattie Schmidt of Nebraska, but has lived in Washington ever since her marriage, which took place here a few years ago. Mrs. Keegan lived first in Omaha and then her family moved to McCook, Neb., where they have lived since.

Mrs. E. C. Henry spent the middle of the week in Washington on her

Gabby Detayls Has Supply of Merry Tales for Willing Readers

A RED CROSS nurse went away to Fort Des Moines the other night to take her place serving Uncle Sam with the University of Nebraska base hospitals. But the blue and white nurse has a twin sister, and thereon hangs a tale.

Miss Josephine Chamberlain was the nurse and all her friends from the Clarkson hospital, where she was wont to soothe fevered brows, etc. were at the train to bid her goodbye. Twin sister was at the train, too, and as Miss Chamberlain had packed all her starchy, white caps and was in a traveling suit her resemblance to her sister was most striking. In the excitement the other nurses began to kiss and hug the innocent and unsuspecting twin sister, for they couldn't tell which was which! And to make matters worse, they had never seen her before!

Miss Burgess, superintendent of the hospital, was particularly generous in the osculation line, but she, too, made the sad mistake of bestowing them on the twin sister. However, Gabby heard that Miss Chamberlain got one or two, so that she did not leave totally unloved.

ONE little joke last week was on poor, hard-working Gabby. She didn't mind that a bit, because she had the best little laugh all to herself.

Walking down Harney street, she came suddenly upon pretty, innocent-looking Mrs. J. E. George getting out of her car, clutching in her slender hand at least 10 large, shiny knives.

Gabby registered excitement. It couldn't be a charity movie or a Red Cross pie day for soldiers or a white elephant sale, because wise little Gabby knows all those things long before they happen.

Gabby grew intensely excited. It might be a thriller about to happen. Visions of a big story came to her. The stage was all set. Prominent society matron, noontime crowd on downtown street, deadly weapon.

Right along with her went friend Gabby. If Mrs. George was on the verge of a bloody deed, she must be watched.

And where do you think the "supposed to be fair villain" was going? Simple enough. Only to the hardware shop to have an edge put on her vegetable knife, her carving knife and the bread knife.

Moral: Carry your package, but for the sake of the worn-war workers and tired wives of patriots, camouflage your wicked looking kitchen utensils!

MRS. R. C. Moore, one of the distinguished members of the pioneer set, has a sense of humor after Gabby's own heart.

From California, where she is wintering, she wrote to her daughter, Mrs. Victor White, describing an automobile accident in which she was included.

"My social position is now assured."

JUST THINK OF CADOMENE

When You Find You Are Looking Out in the Game of Life.

Worn-Out, Nervous Men and Weak, Bloodless, Anemic Women Have Found New Strength and Vigor in Taking Cadomene Tablets.

A well-known writer on physical culture says: "You cannot run a high-powered engine without fuel. You cannot get much speed without plenty of steam. You cannot get up much steam without plenty of coal (body). Similarly, in your own case, the internal 'works' must be sound and working properly." That tired feeling—do you know what it means? It means that digestion and nutrition are lacking. It means that your blood and nerves are impoverished. It means that slow but sure decline in your vitality will surely ensue and real sickness will overtake you, unless you bestir yourself in overcoming the weakness of the organs responsible. This is not written to frighten. In reality it expresses logical facts. Cadomene Tablets, the favorite prescription of a great physician, are made, and sold by druggists for people who need help for nature's forces, owing to ignorance, neglect or dissipation of one kind or another. Every package is guaranteed to please or money back.—Adv.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness? If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out else it ferments and forms ptomaine-like poisons which are absorbed into the blood. Men and women, whether sick or well, are advised to drink each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins. Millions of people who had their turn at constipation, bilious attacks, acid stomachs, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and refreshing effect upon the system.—Advertisement.

HAIR ON FACE

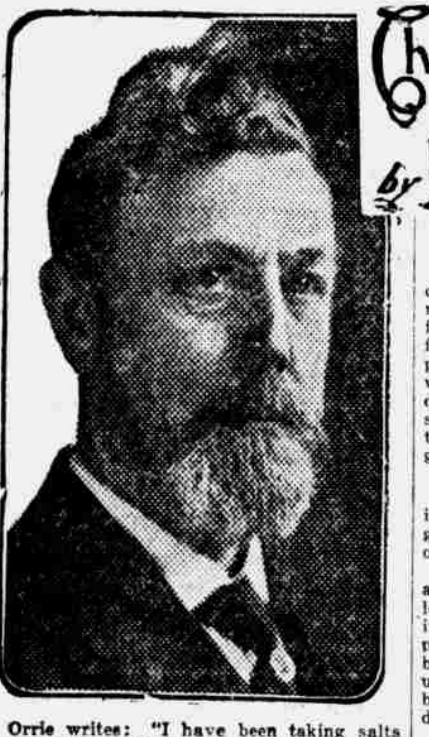

WHAT CAUSES IT

It has been proven by the world's greatest authorities that it stimulates and increases hair growth to naturally remove it from the surface of the skin. The only common-sense way to remove hair is to attract it under the skin. DeMitracle, the original sanitary liquid, does this by absorption. Only genuine DeMitracle has a money-back guarantee in each package. At toilet counters in 50c, \$1 and \$2 sizes, or by mail from us in plain wrapper on receipt of price.

FREE book mailed in plain sealed envelope on request. DeMitracle, 120th St. and Park Ave., New York.

To Properly Treat Obstinate Wrinkles

Particularly where wrinkles are long and deep, massage devices are apt to rub too hard and too frequently. This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought. Better than massage, or anything else for the most obstinate wrinkles as well as the finest lines, is a remarkable formula which you may readily avail yourself of, as you will have no difficulty procuring the constituents from your druggist. It is this One ointment, composed of the finest one-half pint witch hazel. Bathe face and hands in this. The effect is really marvelous, not only as to wrinkles, but also in cases of bony cheeks and chin. The application is cooling and soothing, tending to relieve fatigue. Both the witch hazel and the salicylic acid, of course, entirely harmless to the skin.

Dr. Lewis Baker

The Doctor's Advice

Answer: Your condition is bad but a very common one. The surest and safest treatment for rheumatism will be found in the following prescription, which you may mix for yourself at home: 2 drams of iodide of potassium, 4 drams sodium salicylate, 2 oz. wine of colchicum, 1 oz. comp. essence cardiol, 1 oz. comp. fluid balsam and 5 oz. of syrup sarsaparilla. Mix, and take a teaspoonful at meal time and again before going to bed.

Those wishing further advice, free, may address Dr. Lewis Baker, College Bldg., College-Elwood streets, Dayton, Ohio, enclosing self-addressed stamped envelope for reply. Full name and address must be given, but only initials or fictitious names will be used in my answers. The prescriptions can be filled at any well-stocked drug store. Any druggist can order of wholesaler.

Daughter asks: "I suffer greatly owing to too much fat. Can you advise me of a good reduction remedy?"

Answer: Any well stocked pharmacy can supply you with 5 grain arbolone tablets, packed in sealed wrapper with full directions for use. These tablets have proven wonderfully effective in reducing abnormal fat.

Mrs. M. asks: "My scalp itches terribly and is feverish and a great amount of oily dandruff is present. What is good for this?"

Answer: First shampoo the hair and then apply plain yellow mintol about once a week as per directions. This relieves the itching, overcomes the dandruff and makes the hair beautifully glossy and vigorous. Obtain in 4 oz. jars of druggists.

NOTE: For many years Dr. Baker has been giving free advice and prescriptions to millions of people through the press columns, and doubtless has helped in relieving illness and distress more than any single individual in the world's history. Thousands have written him expressions of gratitude and confidence similar to the following:

Dr. Lewis Baker, Dear Sir:—I feel it as a duty to write you. Four years ago my husband had a bad cough and found no relief from all cough medicines we could try. We finally tried the medicinal prescription and made it up as cough medicine and it quickly cured him. It also gives me great relief from asthma, from which I suffer in winter time, as you know here in Oregon we have it so rainy instead of snow. I send stamps and coupon for your great "Guide Book, Health and Beauty." Thanking you, I am, yours truly,

MRS. M. H. VAN WART, Lents, Oregon.
