Smilingly-- With a Bit of a Grave Look in the Eyes

It is the characteristic American way of meeting all issues, great and small.

A smile for confidence in the outcome. Gravity that does not underestimate the situation. This is an American store.

Its spirit is unquenchably strong in meeting all the new conditions as they arise.

In its special sphere of action — merchandising — its full strength is directed to turn all trade transactions to the advantage of its patrons. —to be of the "greatest service to the greatest number." —to be a store of the greatest helpfulness to the community of which it is a part.

We believe that in no small measure, this will help us all in seeing this through together.
