Nebraska Lands.

WAR MAY LAST SEVERAL YEARS.

It has been said by big men of the country that our present war is liable to last for a term of years and that we must prepare for it by putting every man to producing foodstuff or else into the trenches. However, I say to you, that even though we whip the devil out of the Germans within the next 30 days, it will take years to re-establish conditions, and during those years the great United States must furnish the seed and the feed for not only itself and its own people but for many of the foreign countries. It therefore behooves us to look to the soil. In considering this, take into consideration the fact that the soil of Dawes County, Nebraska, will raise you just as many dollars to the acre in crops as will the soils of any other section. Yet, I offer you this good soil in good old Dawes county, Nebraska, at prices ranging from $12.50 and $13 an acre up to $35 and $40 per acre. The $12.50 and $13 soil will raise just as many bushels of wheat to the acre; just as much other crops, but is a little farther out of town. If you have got plenty of money, buy close to town—that's all right. If you haven't so much money, get a little further out and buy cheaper land. Write me for my lists of descriptions, pictures and prices. They are free. Act right away and I will put you in the field putting in wheat and oats within 10 days from your date of purchase if you are the right stripe. We seed wheat here up to the middle of May and oats and corn up to the first of June. Potatoes are all right any time from the middle of May to the 10th of June. Act at once.

Crawford, Dawes County, Nebraska.

Cattle—Receipts of cattle were moderate for a Wednesday, about 6,200 head, and the three days' supply 27,400 head, has been about 4,000 smaller than for the first half of last week. The market opened out just about steady with Monday on both beef steers and cow stuff, and although trade was not at any time very active, the early supply changed hands in very good season at the prices. Choice beeves are selling up around $17.00, and on Tuesday's late market a new top of $17.05 was registered. Yearlings and lightweight unfinished cattle were slow and uneven sellers at the recent severe decline. Stockers and feeders were quotably unchanged.
