

ALLEGED MOTOR CAR THIEVES ARE CHASED BY CROWD

Tony Mangano and Clifford Shaw Pursued Through Streets by Mob of Several Hundred.

Tony Mangano, alias George Holmes, and Clifford Shaw, whom police say are notorious automobile thieves, were arrested at noon yesterday after they had been chased by several hundred people for four blocks, following an attempted auto theft.

Police say that the men entered a car owned by Gus Carlson, Arlington, Neb., which was standing at the north entrance of the Brandeis building, Seventeenth and Douglas street, and started the engine. They had just succeeded in starting the car up the hill when Carlson came out of the Brandeis store and gave chase calling upon the men to stop.

He was soon joined by a large crowd. The men abandoned the idea of getting away with the car, and jumped from the running auto, which continued down Seventeenth street until it crashed into an electric automobile. Both cars were badly damaged.

The men were pursued down Seventeenth street and then east to a motorcycle shop, at 1612 Capitol avenue, where they had taken refuge. Officers then took them into custody. They are held at the police station for investigation.

Fort Omaha Soldiers Sing 'Marching Through Germany'

Enthusiastic applause and demand for encores followed the singing of "March Through Germany" by soldiers attending a musical entertainment at the Young Men's Christian association hut at Fort Omaha Tuesday night. The song was composed by a sergeant at Fort Omaha, following a suggestion from a soldier at the fort, which was printed in The Bee, that it be used as a substitute for "Marching Through Georgia." Copies of the song were printed and distributed among the soldiers following a vocal program by Mr. and Mrs. George C. Baker at the fort.

Negroes Sentenced for Raids on Department Stores

Clarence Smith, Mary Smith and Henry Gillette, negroes, pleaded guilty in police court to the charge of stealing five silk dresses and a skirt from three Sixteenth street department stores. They were sentenced to 30 days in jail each.

Early Coal Buying Again Urged by Fuel Official

Arthur L. Palmer, executive secretary of the fuel administration, has issued another appeal to people of Nebraska to buy and store coal without delay. He urges early coal buying as a war measure and to prevent a repetition of last year's coal shortage in this state.

NO MOPS FOR SON OF ERIN

Mutinies at Role of Old Dutch Cleanser

A son of the Emerald Isle, whose wanderlust and improvidence resulted in his arrest during a period of inebriety, has been employed about the city jail doing odd jobs as trusty.

He was ordered to scrub the matron's quarters and here he first was guilty of insubordination.

He willingly shoveled coal and cinders and washed automobiles, but his independent and masculine soul rebelled at the menial task of playing "Old Dutch Cleanser."

Detective Van Deusen was detailed for a few moments to oversee the work and the Hibernian finally threw down his mop.

"Divil another inch will I scrub," said he. "This not the likes of me to rob any woman of her birthright. Yez can put me on bread and wather if ye want to, but divil another inch."

Van Deusen, to encourage and placate him, answered: "You're doing fine, after you have finished this job here I'll take you out to my house."

"To scrub?" queried the prisoner suspiciously.

"Sure," replied Van Deusen. "What kind of a woman did you marry?" asked the Irishman.

"Irish," replied the detective. "Glory be!" exclaimed the prisoner. "Tis the way of it. Bring a colleen, barefuttled from the Ould Sod, and she's not here six weeks before yez have her spoiled, wearin' fine brogans, the air of a queen, and so lazy that the only exercise she'll take at all is the worry that she'll grow fat."

Street Car Motorman Hurt When Stricken in Street

He was taken to a neighboring home and given medical treatment. Police later took him to his home. Davey was recently given an honorable discharge from the army on account of heart disease.

WOMAN'S SALUTE CONTEST IN BEE CLOSES TODAY

Winners of Four Prizes, Aggregating \$50, Will Be Announced Sunday; Suggestions Flow In.

Winners in The Bee's "Woman Salute Contest," which was originated with the idea of finding a proper and fitting manner in which Milady may show her respect and reverence for the American flag on appropriate occasions, will be announced in Sunday's Bee.

Four prizes are offered, which aggregate \$50. First prize will be \$20; second prize, \$15; third prize, \$10; and fourth prize, \$5. The contest will close at 6 o'clock Thursday night, after which no suggestions will be accepted.

Marked success has greeted the efforts of The Bee to find a way for women of the middle-west to pay their respects to the colors. Some say the salute may grow so popular that it will be recognized throughout America.

"It certainly is filling a long felt want," declared one enthusiastic woman.

"Bow the head for an instant," suggested Mrs. Rosenzweig, 2563 Marcy street. Mrs. Rosenzweig takes into consideration the fact that a woman may be overburdened with packages or a baby.

"Place thumb of right hand in middle of palm, hand to side of forehead above your right eye, stand at attention," is the way Mrs. H. W. Montgomery, 2701 Bristol street, would salute the American flag.

Hundreds of patriots have responded to the call. It is evident that thought and care has been expended in every missive. Whether you win or not the contest must result in some great good, which it is safe to say a majority of the women who have participated will be glad to accept as final.

It Takes Steady Nerves

Guarding our lines is like guarding our health—we must encourage the care of our bodies—train our organs for bodily endurance, efficiency and full achievement. We must take advantage of all the known means to conserve our health. It is not so much a necessity to fight disease as to cultivate health for long life, happiness and contentment.

If we wish to prevent old age coming too soon or the sudden attack of lumbago or rheumatism, if we want to increase our chances for long life—Dr. Pierce says: "Keep the kidneys in good order! Try to eliminate through the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, obtain Anuric, double strength, at druggists, and exercise so you perspire—the skin helps to eliminate toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric at the drug store for 60c or send Dr. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10c for trial pkg. You will find Anuric many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you. Send a sample of your water to Dr. Pierce and it will be tested free of charge, or write for free medical advice to the Invalids' Hotel.

An-uric is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. Try it now.
