OUR MAY SALE BLOUSES OFFERING MOST ASTONISHING VALUES

HUNDREDS and hundreds of women have looked at these Blouses in the three 16th Street windows during the past few days, and scores and scores of them have expressed the most enthusiastic admiration for what they consider the most fascinating styles we have ever shown in any May Sale.

That is the public's viewpoint, and we can more than substantiate this judgment, when we tell you that there are

1200 Beautiful Blouses

in this sale, and that values run up to a higher figure than ever

Hardly believable, you will say---but---

These Are Samples and Surplus Stock

from three of the best Blouse makers in the East--that they represent the best styles each of these manufacturers produces and are Blouses that would sell, if bought in the regular way, for much higher figures.
