# HOW TO SAVE ON OIL

**VOUR** saving doesn't come in the few pennies difference per gallon in the cost between Polarine and cheaper oils. The saving is in your motor-in repair bills, in gasoline, in the life of your car.

Polarine is economical because every drop lubricates. There'll be no scored cylinders in the engine that carries Polarine in the crankcase.

No carbon cleaning bills is another saving. Polarine burns

Whenever you need oil always look for the Polarine sign. Use Red Crown Gasoline-gives most miles per gallon.
