Field Glasses of  
Omahaans Used on  
Navy Transport

A fine pair of field glasses, formerly the property of Dr. H. C. Sumney of Omaha, are now doing their bit as "eyes of the navy" through the patriotism of the Omaha man.

Upon reading in the newspapers how necessary these glasses were in the navy, Dr. Sumney several months ago sent his to Franklin Roosevelt, assistant secretary of the navy. A card pinned to the box gave the sender's name, and imagine Dr. Sumney's delight and surprise to receive this note the other day:

"It may interest Dr. Sumney to know that his most excellent glasses are being used by the gunnery officer of a United States naval transport and so aiding in the safe delivery of our troops in France."

"Signed,  
LIEUTENANT COMMANDER D.  
T. HUNTER, U. S. N."

The genial doctor was wont to spy out big game on his hunting trips and many an unsuspecting deer grazing on the hillside met a sudden end because of these same glasses, and now, think what good they will do in the hands of a naval officer, standing on the deck of a transport, hunting far deadlier game than deer.

There are no doubt a large number of field glasses lying unused in as many drawers in Omaha homes. We know of one woman who has a very good pair, which she values because they were a prized possession of her husband's, now dead. Every once in a while she takes them out, preparatory to sending them to Uncle Sam. Her heart fails her at the last moment, however, and back they go into their box. Some day, she says, she will give them to Uncle Sam. Who wouldn't be more than glad to assist in the safe delivery of our boys in France?

## Interesting Betrothal Announced

Announcement of the betrothal of Miss Marie Hellman Sachs to Mr. Arthur Hoffheimer has just been made in Cincinnati by Mr. and Mrs. Henry Sachs. Miss Sachs is the daughter of an Omaha woman whose parents, Mr. and Mrs. Meyer Hellman, were among the leading pioneer families of this city. Their daughter, Marie, was born in Omaha and was married to Henry Sachs some 25 years ago and has made her home in Cincinnati from the time of her marriage.

Meyer Hellman died more than 20 years ago, but his widow is now living in Baltimore with her second daughter, Mabel, who is now the wife of Rabbi William Rosenau. Miss Sachs is a brilliant society girl of Cincinnati, noted for her accomplishments, and Mr. Arthur Hoffheimer is a prominent young business man of that city. The announcement of Miss Sachs' engagement is of great interest to a large number of local people, especially among the early Omaha families.

Campfire Girls Take Over  
Red Cross Salvage Station

The local Campfire organization was granted a special Red Cross salvage station today. Due to the success of the Campfire tin-foil campaign, the Red Cross has given the station at 1409 Harney street, into the entire charge of the girls.

Two thirds of the proceeds from the tin foil to be collected during the spring and summer will be turned directly into the hands of the Red Cross. The remaining third will be added to the Campfire war chest, devoted to the organization's special war work. The special Campfire salvage station is the first of its kind to be established in the state.

Miss Anne Axtell, who as major marshalled the collection of \$185.00 during the recent Campfire tin foil campaign, will be an active worker at the new headquarters. Other Campfire girls who will support the new salvage depot are: Dorothy Arter, Dorothy Steinbaugh, Gladys Mickel, and Jean Kennedy.

Mrs. C. E. Adams who has been in charge of the salvage station, will act as supervisor for the girls.

A few members decided to make up the difference.

A number of members became eligible to the "Silver club" through their subscriptions.

Mrs. E. M. Morsman, retiring president, expressed herself as highly pleased with the society's record.

Two of Omaha's patriotic people who are known as the "soldier boys' friends," have bought the gallery and 200 tickets will be sent to Fort Omaha and Fort Crook for the use of the boys. The two sons of one of these benefactors are fighting in France.

## Tea for Red Cross Juniors.

There will be a tea party at the Blackstone Saturday following the Junior Red Cross play when 25 of the tiny folk will be the guests of Mrs. Edgar H. Scott. It is very probable that the proverbial "striped" ice-cream will take the place of tea, however, as this is to be such a lovely juvenile affair.

## WOMEN IN WARTIME

Women at Biennial  
Urged to Produce  
and Save Food

Hot Springs, Ark., May 3.—"We stand with our backs to the wall." That call to the civilized world made by General Haig is being answered by the women of the civilized world. Charles Lathrop Pack, president of the National War Garden commission of Washington, told members of the General Federation of Women's Clubs in session here today.

"Women have been leaders in thrift. The women of France astonished the world when they helped pay off the debt following the Franco-Prussian war. In this war food and thrift go hand in hand. We must all set our minds to winning this war. The victory will be brought about if we have the ability to grow food and to save it. To the glory of England the 'chow' for the men in the trenches goes into them whether it is quiet or a raining hell of shells is falling in a sector.

"Our boys must get the same service. They are giving their lives; must they be allowed to worry whether food is coming to them or not? How are you going to answer that question? The answer is food as close to the kitchen door as possible. Plant it, can it, dry it for the Hun hangers, and if you do not help to feed your self you will help feed the Hun when he gets a strange hold upon the resources of the world.

"When you leave this annual meeting will you not carry the message of food production and food saving wherever you go? The National War Garden commission will send you free instruction in either or both. It will suggest how to organize for community work in canning and drying. You can help win this war right in your own home."

State bread can be used as a basis for many meat dishes.

Salvation Army Lassies  
"Over There"

"Seventy officers of the Salvation Army, mostly women, have been sent overseas with the American troops," says Lieutenant Colonel W. F. Jenkins of the Salvation Army. "These women are well up toward the front trenches; near enough to need gas masks and steel helmets, which are supplied by the government. There, in hut, barn, or dugout, they minister to the needs of the men. Often they say the last word to them upon the all-important subject of religion before they are called upon to make the supreme sacrifice."

"The women make fudge, bake pies and fry doughnuts galore. Their ministry in this realm shares the warm appreciation of the men equally with that of the more directly spiritual toil. We are adding to the number of overseas workers daily."
