

## All wool is economy

Better have it in your clothes

Next time you buy clothes, no matter where you go, ask if they're all wool. Don't be put off without a plain answer. The clothier may say: "You know me; you know I wouldn't sell you anything that wasn't all right;" but that doesn't answer the question.

If he says, "yes," you can't tell, perhaps, whether it is all-wool or not; he may think it is; maybe he doesn't know.

There's only one sure way of knowing what you are getting in clothes this spring, aside from a chemical test of the fabrics; and that way is to buy goods that are guaranteed by the maker to be all-wool and all the rest that goes with it.

We offer you Hart Schaffner & Marx clothes because the makers dare to take a positive ground on the quality question; they don't dodge; they don't keep silent; they're positive in their statement and in their facts.

You can depend on them; and us.

Look for the label, Hart Schaffner & Marx. It is a small thing to look for, but a big thing to find.
