

FOOD PROBLEM DRIVES WEDGE IN AUSTRIAN EMPIRE

Government Forced to Permit Annexation of Bohemia and Tyrol to Germany for Feeding Purposes.

London, May 5.—"There are at least a dozen different crises in Austria today," wrote one of the best informed English correspondents yesterday. "All these crises appear to concentrate on the problem of food. Even the radical animosities of the composite empire, which have always been the weak timber of its structure, have been inflamed into unusual bitterness by sectional jealousies over food distribution."

"These crises appear to have reached a culmination in the government's decision to prorogue parliament during the present phase of the war for the reason that it could not help, but only hinder, in the solving of economic problems on which everything depends, in the words of a semi-official explanation. Autocracy at the Helm.

"Parliamentary government, or rather, parliamentary debates, are to be suppressed indefinitely and an autocratic government will try to hold the helm. "For two months past the exasperation between the Slavonic sections of the Austrian population and the other races has been at the highest point of tension. The Germans have been bullying Premier Seydler with insolence which reached its climax in the request that the Austrian frontier populations of German race should, for food supply purposes, be annexed to Germany. Probably nothing more significant of the depth of the present crises has occurred than the fact that the Austrian government felt compelled to yield completely on this point. To many politicians this yielding of the food administration in Bohemia and Tyrol must seem a distinct step toward the breaking up of the Austrian empire."

Famine and Pestilence. Some terrible pictures of the food situation in Bohemia have reached the outside world through the correspondent of the Vienna Arbeiter Zeitung, socialist, who accompanied the emperor into the districts. He wrote: "Everywhere the emperor was met by deputations who described to him dreadful scarcity of food and starvation suffered by the populace. At Schlukenau a deputation stated that 50 per cent of the population was underfed and a large proportion of the people were unfit for work. There is a great deal of hunger, typhus and tuberculosis."

A telegram via Amsterdam says that several newspapers are skeptical regarding the question whether in the interval it will be possible to create a basis giving better prospect for further parliamentary labors. The Berlin Tageblatt says the principal reason for the adjournment of parliament was the government's failure to create a base for the formation of a majority and the crown's desire to avoid debates on the emperor's letter and on members of the house of parma concerned.

Czech Union in Revolt. Washington, May 5.—The Czech union, according to an official dispatch today from Switzerland, has addressed to the president of the Hungarian chamber of deputies a letter stating their refusal to take part in the meeting of the party leaders which the president had convoked and protesting against a further postponement of the plenary assembly of the chambers of deputies.

GREATER OMAHA HOLDS ELECTION OF COMMISSION

(Continued from Page One.) ception. The campaign has, after all, resolved itself into a contest of individuals or groups, rather than sides. This has been more apparent during the last week. Citizens are appreciating more than ever that they are about to select seven directors to manage their municipal corporation for the next three years and they have been investigating the qualifications of candidates rather than the claims of slate-makers. One war horse ventures this prediction: "Without attempt to forecast their relative strength, the best prediction that can be made at this time is that Ure, Hummel, Zimman, Ringer, Towl, Falconer and Smith or Dahlman will lead the field on Tuesday. There is a possibility of Jardine or Butler breaking in for one of the seven places."

The campaign has got been without its humorous side. One of the morsels of levity is the hyphenated endorsement of Dahlman and Smith by the local democratic organ. In many talks the mayor and Smith have declared that neither cares for the votes of any who favor the other. The widest political breach exists between Dahlman and Smith and yet the World-Herald advises voters to support both. The polls will be open from 8 a. m. to 8 p. m. in 15 voting districts. In addition to voting for seven city commissioners, voters will express themselves on acquisition of the gas plant, \$35,000 bond proposition to purchase Florence Eagle hall for a fire station, and select 15 of 25 candidates for a city charter commission.

GERMANY AND HOLLAND REACH FULL AGREEMENT

Amsterdam, May 4.—The German news agency at The Hague, according to the Handelsblad, has issued a statement which it says is authoritative, announcing that a complete agreement has been reached between Holland and Germany on all the pending questions responsible for the crisis recently. It says the affair has been adjusted in a manner satisfactory to Holland as well as Germany.

Wilson Given Ovation When He Starts Wave of Bond Buying at Theater

Washington, May 5.—President Wilson received a great demonstration last night at a local theater when a four-minute speaker announced that he had bought still another bond, this time one for \$500. Last Wednesday when the president agreed to sponsor the "match the president" movement by buying a \$50 bond on the installment plan, after previously subscribing for nearly \$20,000, it was believed he had reached his maximum effort. Last night a man in the audience announced that he would buy a \$5,000 bond if 10 others would subscribe for one \$500 bond each. Eight persons quickly met the challenge; then there was a pause. The president from his box, beckoned to an usher and told him to inform the speaker that he would take one of the bonds. The announcement started a wave of buying that extended even to the chorus, every member of the company purchasing a bond and swelling the night's total at the theater to more than \$100,000.

NICHOLAS TAKEN TO EKATERINBURG

Former Emperor of Russia, Now State Prisoner, Transferred From Tobolsk to Thwart Rescue Efforts.

Moscow, May 5.—Nicholas Romanoff, the former emperor, together with the former empress and one of their daughters, has been transferred from Tobolsk to Ekaterinburg, (170 miles southeast of Perm on the Asiatic side of the Ural mountains), according to a Soviet announcement. The transfer was ordered because of the alleged efforts of peasants and monarchists in the neighborhood of Tobolsk to promote the escape of the prisoners.

The announcement does not mention the former emperor, but the young Alexis Romanoff. Rumors Unconfirmed. From Scandinavian sources there came reports late last month of serious rioting in Petrograd and that the young Alexis had been proclaimed emperor, with Grand Duke Michael Alexandrovitch as regent. Other advices from Russia have contained nothing to confirm these reports, and it is announced in the British House of Commons that the foreign office was without official confirmation of the report of a counter-revolutionary movement in Petrograd.

The reports were ascribed in some quarters to German inspiration and, in fact, on May 2 they were revived in Vienna. Meanwhile the German foreign office had manifested keen interest in the rumors and instructed the German representatives in Russia to make inquiries regarding them. These whereabouts of the former heir to the throne was not indicated in any of the reports. The former emperor and his family have been prisoners at Tobolsk, in western Siberia, since last August.

Germany Carrying on Peace Propaganda in Switzerland

Geneva, Switzerland, May 5.—Germany's new "peace offensive" which was launched in Switzerland a week ago seems to be directed principally against English and American residents and visitors, whose letter boxes are overflowing with pamphlets. One typical instance of the propaganda is that the Lichnowsky revelations regarding events leading up to the war, published by a Zurich firm and which have been bought by the wholesale, have been followed by a distorted Germanophile version which is distributed gratuitously.

U-Boat Menace Reduced By U. S. Naval Patrol

New York, May 5.—While the U-boat menace has not been eliminated its dangers should decrease from now on, asserted Franklin D. Roosevelt, assistant secretary of the navy in an address here today. "Our fleet is patrolling the north and south Atlantic," he said, "and all we can say is that we have reached such a point that the U-boat danger ought to decrease from this time on. We cannot say that the submarine is eliminated."

Socialists in Illinois Still Opposed to War

Chicago, May 5.—Illinois socialists, assembled in state convention in Chicago yesterday, declared for constant opposition to the war, and for immediate recall of the soldiers from France and asked that President Wilson demand at once a conference of delegates from all warring nations—selected by the various peoples, not the governments—to execute a peace for the world and democracy.

Petrograd Declared Free From Any Direct Menace

London, May 5.—The general commanding the Petrograd garrison has issued a statement declaring the city now free from any direct menace and that the populace has no cause for alarm, says a Reuter dispatch from Moscow.

POLITICAL CANDIDATES TO MAKE ROUNDS OF MEETINGS TONIGHT SHRAPNEL

Harry B. Zimman and other members of the allied candidates addressed a meeting yesterday afternoon in the Swedish auditorium, under the auspices of the Harry B. Zimman for Commissioner club. Edward Simon spoke also in behalf of Thomas Falconer. In a conversation after the meeting Mr. Zimman stated that he expected to be within the first three of those who will be elected. He spoke last night in Wolk's hall, Twenty-fourth and Charles streets.

Mayor Dahlman and associates covered a circuit of Sunday meetings and are scheduled to appear tonight in Wolk's hall, Twenty-fourth and Charles street; also at Twenty-fourth and Bancroft streets and at Thirty-third and L streets. The allied candidates will hold a meeting tonight in Alamo hall, Twenty-fourth and Grant streets.

W. F. Baxter, chairman of the allied candidates, offered this statement: "The only danger to the success of our ticket is that some of the voters may neglect to vote. In the past many have forgotten to vote, or have been too busy or deterred by unfavorable weather. These careless or neglectful voters hold the balance of power. When they fail to vote, the machine scores because the machine, with its thorough organization, gets every one of its voters to the polls regardless of the weather or anything else. Every man's most important duty of Tuesday will be to vote."

Addressing a meeting in Columbia hall, Twenty-second and Pierce streets, yesterday afternoon, W. G. Ure said: "We have been kept busy answering the lies that have been promulgated. They have tried to besmirch the exemption boards and the Red Cross. They tried to fool the people into believing we would close the movies and base ball on Sunday, when they know very well that these activities are legal and that city commissioners could not stop them even if inclined to do so. We believe that all patriotic men will rebuke these political attacks on candidates who have given unselfishly of their services to the government at this critical time."

Mr. Zimman told of some of his struggles as a city councilman to win the people's battles. He related his championship of the occupation tax ordinance and of the terminated tax light.

Ed P. Smith charged the opposition with circulating "innumerable falsehoods," and declared he would not stoop to that form of campaigning. Mayor Dahlman last night gave out the following statement: "An attempt has been made to deceive the public with reference to the charges which I have made against Ed. P. Smith in his connection with the district exemption board. In this matter, Mr. Smith and his political supporters have attempted to justify him by asserting that I have not proven the charges. The answer to this is that I have filed the charges with the proper authority and shall submit the evidence to the tribunal which must try the charges and to Mr. Smith himself through the district exemption board. In this matter, Mr. Smith and his political supporters have attempted to justify him by asserting that I have not proven the charges. The answer to this is that I have filed the charges with the proper authority and shall submit the evidence to the tribunal which must try the charges and to Mr. Smith himself through the district exemption board. The answer to this is that I have filed the charges with the proper authority and shall submit the evidence to the tribunal which must try the charges and to Mr. Smith himself through the district exemption board."

I will state this much of what the documents of the record show. In one of the cases which I referred to, deferred classification was granted through the efforts of Mr. Smith, after the district board had decided "no cause" for deferred classification. In this case the registrant asked for deferred classification on the ground of being an expert potato sorter, and in his affidavit in support of his claim, the registrant swore that he could be replaced in this work by his father, if he were called into the service. The record shows that this man is the son of the man who is part owner of a wholesale produce company, in which the registrant is employed, yet through Mr. Smith's efforts, this man was given a deferred classification. "This is some of the evidence in one of the cases to which I referred. In each of the instances, the documents will sustain my charges. "I offer this much, only to show that his statements have not been made without proof to substantiate them."

German-Hindu Conspirators Begin Serving Sentences San Francisco, May 5.—Franz Bopp, former German consul in this city; F. H. von Schack, his vice consul, and a Hindu simultaneously convicted in the federal court here recently with 25 others in the German-Hindu revolt conspiracy case, were taken today to the United States penitentiary at McNeil's island, Washington. Bopp and von Schack each face terms of four years.

Live Stock Seized To Force Mennonites To Take Bond Quota Yankton, S. D., May 5.—Executive officers of the third Liberty loan committee here visited the Jamesville Mennonite colony, gathered up 100 steers and 1,000 sheep and drove them to Utica, S. D., near here, where arrangements were made to ship them to market. The Mennonites are alleged to have refused to subscribe their quota of Liberty bonds and the loan officials decided to sell the stock and devote the proceeds to the purchase to cover the Mennonites' quota. No opposition was offered by the Mennonites.

The Easiest Way To End Dandruff There is no sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Peru Debaters Win Duel Contest Held at Kearney Kearney, Neb., May 5.—(Special.)—Peru won the dual debate from Kearney both on the affirmative and negative on the subject: "Resolved, that the war tax law of last October be amended by increasing the tax on incomes and excess profits." Prof. Wilson, who had coached the Peru team for the last six years leaves this year and becomes the superintendent of the Schuyler schools. After the debate at Kearney, a reception was given the Peru debaters. D. E. Donovan, Misses Bessie Lauman, and Amalia Schmidt upheld the negative at Kearney, while Misses Genevieve Gregg Eos Brown and Velma Fletcher upheld the affirmative at Peru.

WALK ERECT AT EIGHTY Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he aids the organs of the body in performing their functions. All diseases whether of a malignant or weak character tend to tear away our vitality. You must counteract disease in its incipient stage if you would live a happy and useful life. Swedish People Suffer From Shortage of Bread Stockholm, May 5.—The Swedish government is striving to its utmost to obtain food for the Swedish people, "who literally are fighting against starvation," F. W. Thorsen, minister of finance, declared in a speech Friday at Nystad. "The main thing is to get bread, the price is a secondary consideration," he said.

FAME OF TANLAC SWEEPS OVER ENTIRE STATE

Well-Known Omaha Firm Sells 15,000 Bottles in 7 Weeks and Places Rush Order for Second Carload.

Remarkable as it may seem, approximately 15,000 bottles of Tanlac have been sold and distributed by one Omaha firm in only seven weeks time. This is an average of approximately 2,100 bottles per week, or over 350 bottles a day, and the fame of the medicine is rapidly spreading over the entire state. The Richardson Drug Company, wholesale distributors for Nebraska, have just placed a rush order for their second carload, comprising 12,720 bottles, making a total of over 25,000 bottles ordered by this well-known firm since its introduction here in March. Such a demand is absolutely without precedent, and it is now an assured fact that Tanlac will become just as popular in Omaha and throughout the West as it is in the Southern and Eastern states, where approximately 9,000,000 bottles have been sold during the past three years. These enormous sales mean but one thing, and that is merit. Tanlac is well advertised, it is true, but such a large and rapidly growing demand could not be brought about by advertising alone. It's what the neighbors say that counts. One bottle is sold in a neighborhood through advertising but ten more are sold in a community after that first bottle produces results. Not a day or week passes that does not bring hundreds of statements from the people concerning the good this medicine is doing and reciting the circumstances of remarkable cases that would convince the most skeptical. Since the original announcement was made that Tanlac would be placed on sale in every city, town, village and hamlet in the state of Nebraska, the following well-known drug firms have been awarded the agencies in their respective towns and are reporting record-breaking sales. In the neighboring city of Lincoln alone over 3,000 bottles have been sold within the past seven weeks, and correspondingly large sales in the smaller cities and towns: Avoca, O. E. Copes.
