

SOUTH SIDE MEN WANTED FOR POLISH ARMY TO FIGHT IN FRANCE

Mass Meeting to Be Held in Omaha Next Week in Interest of Enlistments for Overseas.

Polish Recruiting Officer Haduch, in charge of Station No. 37, has received a message sent by General Archibald, commander-in-chief of the Polish army in France, to Major J. Kozlowski, commander-in-chief of the Polish army in the United States. The message follows: "The Polish army in France needs immediately men with a sufficient knowledge of bookkeeping and accounting. Please enlist as many as possible Polish men who can speak the Polish and French languages. They would be promoted at once to sergeant majors. We need at least 200 at present time. Transport them with the first transport, even men not fit for front line service, but who can qualify for office work." Major Kozlowski and Lieutenant Powisowski, the latter a prince, descendant from the last Polish king, will visit Omaha May 14, when a mass meeting in the interest of Polish recruiting will be held in the Omaha auditorium. Both men have seen active service on the Polish-French front.

Red Cross Campaign is Not Membership Drive, Says Peters

"The campaign for the Red Cross is not a membership drive, as some seem to think," said A. D. Peters, chairman of the publicity committee. "It is a campaign, nation wide, to raise \$100,000,000 for the Red Cross by voluntary contributions."

Our Boys at the Front

Our boys are distinguishing themselves by their cleanliness and jovial spirits while at the front. They believe that "Cleanliness is next to Godliness."

It is an indisputable fact that people can keep healthy and well in no better way than by keeping their bodies clean, inside and out. Many thousands of people are killed every year by allowing toxic poisons to accumulate within the body, and then they fall victims to fevers and all sorts of maladies with special names. The only way to keep thoroughly well is to drink plenty of water daily, bathe frequently, and take some good laxative like Doctor Pierce's Pleasant Pellets. Cleanse the system inside as well as outside. These "Pellets" of Doctor Pierce's are made of May-apple,

ROOSEVELT WILL SPEAK IN OMAHA NIGHT OF JUNE 8

Patriotic Meeting to Be Held in Auditorium Under Auspices of Omaha Branch of Security League.

Theodore Roosevelt will speak in Omaha on the night of June 8. Word to that effect has been received by the Omaha branch of the National Security league from headquarters in New York.

The telegram announcing the ex-president's visit to Omaha came to Francis A. Brogan, president of the Omaha branch of the league, under whose auspices Colonel Roosevelt will speak here.

Mr. Brogan has called upon the Omaha branch of the Security league to work out details of Colonel Roosevelt's visit in Omaha and make arrangements for the meeting.

The meeting will be held in the municipal auditorium and will be in the nature of a patriotic rally, with Colonel Roosevelt as the principal speaker.

Roosevelt Challenged for Proof of His Assertions

Washington, May 8.—Postmaster General Burleson tonight challenged Colonel Roosevelt to give names in proof of his published assertion that the administration "has shown itself anxious to punish newspapers which upheld the war, but which told the truth about the administration's failure to conduct the war efficiently; whereas, it has failed to proceed against various powerful newspapers which opposed the war or attacked our allies or directly or indirectly aided Germany against this country, as those papers upheld the administration, and defended the inefficiency." "It is either true or false," said a statement by Mr. Burleson. "If true I am utterly unworthy of trust and should be scourged from office in disgrace. If false, right thinking men and women will form their own opinion of the man who uttered it. Its truth or falsity is demonstrable."

COULDN'T HOLD OUT TO WORK OVER HALF A DAY AT ONE TIME

Can Now Work All Day Long And Feels Fine Since Taking Tanlac.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are being received daily from well known men and women expressing deep gratitude for having found such a great source of relief. Among the many letters recently received is the following very interesting one from M. Lee at Glidden, Iowa:

Glidden, Iowa, April 19, 1918. Sherman & McConnell Drug Company, Omaha, Neb.: "Gentlemen: If you remember, I sent you a few weeks ago for seven bottles of Tanlac, and I just want to tell you what it has done for me. I am now taking my fourth bottle and I feel just like a new man."

"I am a painter and paper hanger by trade, and before I began taking Tanlac I couldn't eat anything scarcely nor sleep at night, and I couldn't hold out to work over half a day at a time. My stomach was all out of shape and I was very nervous. "But now I can work all day. I have a good appetite and can eat just anything. I sleep sound all night and feel just fine when I get up in the mornings. I recommend Tanlac to everybody who needs a good medicine, and if you see fit to publish this letter I hope it will be the cause of others taking Tanlac, so that it will help them like it has me. (Signed) "M. LEE."

As has been stated before, there is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body. Next, it enables the weak, worn-out stomach to thoroughly digest its food, permitting the assimilation of the nourishing products to be converted into blood, bone and muscle. It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and elastic, keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, gives a new essence and is an unending source of comfort to all suffering from such troubles.

Tanlac is sold in Omaha by Sherman & McConnell Drug Company, corner 16th and Dodge streets; Owl Drug Co., 16th and Harney streets; Harvard Pharmacy, 24th and Farnam streets; Northeast corner 19th and Farnam streets, and West End Pharmacy, 49th and Dodge streets, under the personal direction of a special Tanlac representative.—Adv.

Nuxated Iron To Make Healthier Women and Stronger Sturdier Men

Say These City Physicians—By Enriching the Blood and Creating Thousands of New Red Blood Cells It Increases the Strength and Endurance of Delicate, Nervous, Run-Down Folks in Two Weeks' Time in Many Instances.

SINCE the discovery of organic iron, Nuxated Iron or "Fer Nuxate," as the French call it, has taken the country by storm. It is conservatively estimated that over three million people annually are taking it in this country alone. Most astonishing results are reported from its use by both physicians and laymen.

Dr. Frederick King, a New York Physician and Medical Author, when interviewed on this subject said: "There can be no sturdy iron men without iron. Pallor means anemia. Anemia means iron deficiency. The skin of anemic men is women's pale; the flesh flabby. The muscles lack tone; the brain fails and the memory fails and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"Therefore, you should supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

Below is Dr. Sullivan's prescription for enriching the blood and helping to make strong, red-blooded Americans—strong men and women who dare and do.

Kidneys Cause Hysteria

Some folks overwork, some overeat, and many do all these things and neglect the excretory organs. Nervousness ensues. Constipation, sometimes, but most often the delicate function of the kidneys become disordered, followed soon by congestion. Then headache, neuralgia, rheumatic pain, backache and lumbago set in. Frequent urination sometimes beyond control. The voided liquid being dark and foetid odor and its passage followed by burning, smarting spasms of pain, even hysteria being often the result unless

TRY THIS FOR ECONOMY

"Conserving," "Economy" and "Thrift" are the present-day watchwords, and well they may be! Are you conserving your health? Are you economical in buying treatment for disease? You should be! If your stomach, liver, kidneys, bowels and blood are not right in every sense, you should at once begin a treatment to restore good, healthy conditions. Sulphur, cream of tartar and herb extracts in a sugar-coated form, called Sulphurb Tablets, is the surest relief that is economical. Get them in sealed tubes from druggists. Sulphurb is the name—not "Sulphur." Mrs. J. J. Devlin, 518 W. 152nd St., New York City, writes: "I would also like to say I find your Sulphurb Tablets O. K. and am very much pleased to recommend to all my friends, etc."

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good, clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman, and likewise every man, could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning before breakfast a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentation and other poisons before putting more food into the stomach. Those subject to sick headache, biliousness, nasty breath, rheumatism, colds, and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation.—Adv.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. It is so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.
