

HUNS SNUFF OUT 3 MORE WESTERN LIVES IN FRANCE

Thomas McKinley, Council Bluffs; Magnus M. Brams and Leo M. Haremza, Nebraska, in Casualties.

Southwest Iowa and Nebraska have contributed three more lives in the vast international battle for world democracy—young men named Tuesday among the killed in action in General Pershing's cable to the War Department.

Thomas McKinley, 38 years old, one of the victims of the Kaiser, was a nephew of Mr. and Mrs. E. J. McKinley, 503 Franklin avenue, Council Bluffs. He was born in that city, and until a few months prior to his enlistment was a railroad fireman. His uncle does not know when or where he enlisted. His parents are dead, but he is survived by three brothers and three sisters, none of whom reside in Iowa. One brother, however, is in the navy and when last heard from was in the Straits of Gibraltar. Another is in the army, stationed at Fort Bliss.

Scottsbluff Boy Slain.
Magnus M. Brams of Scottsbluff, Neb., is the second victim.

Leo Haremza of Ashton, Neb., was the third killed in action in France, according to dispatches. His mother in Ashton received a telegram from the War Department Tuesday morning, announcing his death.

Young Haremza was among the first volunteers to go from Nebraska. He enlisted in the field artillery about the time the United States declared war against Germany.

He went to France with the first American expeditionary force. Besides his mother, he leaves a sister, living at Ashton, and five brothers. Two of his brothers live at home and two live in Kansas City, Mo. Another brother lives in Omaha. Ashton is planning a memorial service for the dead hero.

SLOAN, IN STATE SWING, TO BOOST RED CROSS DRIVE

Nineteen Red Cross speeches will be delivered by Congressman Sloan in a swing across Nebraska within the next 10 days. He reached Omaha Tuesday on his way to Seward from Washington, stopping at the aviation field in Fairfield, O., to visit his son, Charles Sloan.

He will deliver an address Wednesday in Seward at the state encampment of the Grand Army of the Republic, and will make the principal speech Memorial day in Omaha, May 30.

"My present visit in Nebraska will be subject to the action of the ways and means committee in the matter of drafting a new revenue bill," he stated.

IRON BARS FACE IDLE IN OMAHA; MAYOR'S ORDER

Mayor Smith has announced his determination to make Omaha an unpopular rendezvous for able-bodied persons who refuse to engage in useful occupations.

He has received a copy of a new state law, which provides a penalty for idleness or sabotage. The mayor interprets willful idleness as sedition under the state law.

"I will bring this matter before the city council and my recommendation will be to direct the police department to apprehend all persons not engaged in legitimate occupations. I intend to have these industrial slackers prosecuted," the mayor stated.

The penalty is a fine not to exceed \$10,000 or imprisonment up to 20 years in the penitentiary.

You May Find It In Stocking

Cincinnati authority says your troublesome corns just loosen and fall off

Sore corns, hard corns, soft corns or corns between the toes just loosen in their sockets and fall off the next day if you will apply directly upon the corn a few drops of a drug called freezone, says a Cincinnati authority.

You merely put a drop or two of this freezone on the tender, touchy corn today and instantly the corn stops hurting, then tomorrow some time you will find the old torturous pest fallen off entirely without a particle of soreness, pain or irritation.

The skin surrounding and beneath the former corn will be as healthy, pink and smooth as the palm of your hand.

A quarter ounce of freezone is sufficient to rid one's feet of every corn and callus, and any druggist will charge but a few cents for it. It is a compound made from ether.—Adv.
