

POLICE WARNING GIVEN POOL HALL OWNERS IN OMAHA

Sedition Charges to Be Filed Against Vagrants and Places Encouraging Their Failure to Go to Work.

Charges of sedition will be filed against future vagrants in police court, Judge Madden announced Wednesday. Twenty alleged vagrants were warned that they must either work or go to jail. The text of the law provides that "any man physically able to work, and not engaged in any useful occupation, who will refuse employment or remain habitually idle when employment is obtainable is guilty of sedition." The penalty provided is a fine of \$10,000, or imprisonment not to exceed 20 years.

The accused men were loitering around pool halls, police testified. A further provision of the law would cause the conviction of anyone abetting an idler. Action against pool hall proprietors probably will result in case of conviction of men found idle in their places.

Army Officer Present. Lieutenant Crawford of the army recruiting station was present and requested that all between the ages of 18 and 21 years and 31 and 41 years who wished to join the army be released from custody.

Stanley Grabowski and Stanley Jukowski, of Polish descent, and Henry N. Bush volunteered. Representatives of the United States commissioner offered clemency to any of the accused men who desired to go to work at once. Five responded and were released under guard.

Five Sent to Jail. Dr. H. O. Munson, arraigned as a vagrant, testified that he had just been released from a sanitarium where he had taken the cure for the "dope" habit. He was placed under the care of Harry B. Fleharty.

C. W. Brigham, alleged to be Munson's partner, was sentenced to 30 days. William Kimberling, described by the police as a leader of them all, was accused of not having worked 25 minutes in six years. He was sentenced to 30 days in jail. Four others were given jail sentences and the rest discharged for lack of evidence.

FRANK BUILTA IS 'DRAFTED' FOR WAR WORK IN CAPITAL

Frank Builta of the Nebraska Telephone company is another Omaha man to be "drafted" into war work at the national capital. He will leave Thursday for Washington, for a conference with Frank A. Vanderlip, chairman of the National War Savings committee, and with Ward Burgess, who is now assisting Mr. Vanderlip. Mr. Builta does not know what his duties are to be. He has received nothing further than a telegram requesting him to come east for a conference with the national heads and be prepared to spend five or six weeks in war savings work with the national committee. He has had charge of the publicity and sales promotion work for war savings in Nebraska, and he assumes that he may be assigned similar duties with the national organization at Washington.

Mr. Builta retains his position with the telephone company, being merely "loaned" for war savings work. Every state has now adopted the Nebraska plan for selling war savings stamps and will organize along the lines that have been so successful here. It is probable that every state in the union except this will put on a drive the afternoon and evening of June 28, the date chosen at the Omaha meeting of war savings heads for a national thrift stamp day.

Federal Grand Jury to Face Heavy Docket of Complaints

The federal grand jury will convene in Omaha next Monday. One hundred cases, with 50 more on which information has already been filed, will go before that body during its session. This is the largest number of cases brought before a federal grand jury since 1905. The grand jury will consider 13 cases involving violations of the Mann act, eight Indian cases, 20 violations of the Harrison drug act, 14 cases involving robbery of interstate shipments, seven postoffice cases and 40 cases the defendants of which are charged with espionage. In the latter are members of Industrial Workers of the World.

Nation Issues War Call for Rail Men to Go to France

Local draft boards have issued a call for railroad engineers, firemen, brakemen, gunsmiths and veterinarians for immediate service abroad. These men will be inducted into the service, if they desire, ahead of their turns and be sent to the front as rapidly as they can be trained. This offer is open until May 20 and affords an opportunity for men to follow up their chosen calling while in the service. Application should be made to local draft board headquarters in the district in which the volunteer resides, or is registered.

Orkin Brothers New Store to Be Opened Saturday, May 25

Orkin Brothers will throw open the door of their new store in Omaha Saturday, May 25, with a complete array of new merchandise. New goods are arriving daily for exhibition when the store is formally open to the public. The firm's display will be made unusually attractive to women seeking the latest in feminine apparel. The stock at the old store will be closed out at a sacrifice sale that will continue for eight days.

Motorcycle Policeman is Injured When Machine Skids

George V. Wright, 4756 South Nineteenth street, newly appointed motorcycle policeman, was injured when his motorcycle skidded near Twenty-fourth and Mason streets, Wednesday morning.

WOMAN KILLED WHEN HIT BY AN AUTO

MRS. ALICE M. JENKINS.

PIONEER WOMAN, STRUCK BY AUTO, DIES IN HOSPITAL

Coroner's Jury to Place Responsibility for Death of Mrs. Alice M. Jenkins, Motor Car Victim.

Mrs. Alice M. Jenkins, 1412 Sherman avenue, resident of Omaha for more than 60 years, was struck and fatally injured late Tuesday by an automobile driven by C. B. Liver, president of the C. B. Liver company, at Sixteenth and Davenport streets.

Mrs. Jenkins was taken to St. Joseph's hospital in the police ambulance, where she died at 9:40 o'clock last night.

Witnesses said Mrs. Jenkins became confused while crossing the street as the Liver machine approached and stopped directly in front of the heavy car. The machine passed over her body after knocking her down.

Liver was arrested and later released on bond. What charge will be placed against him, if any, will depend upon the verdict of a coroner's jury.

Born in England, Mrs. Jenkins, who was 68 years old, came to this country when a child and has made her home in Omaha since that time. She leaves a daughter, Mrs. Robert E. Druesdow, 1141 Georgia avenue, and a son, John B. Jenkins, 5327 North Twenty-seventh street.

Mrs. Jenkins' husband died two years ago and was for a number of years in the consular service of the United States, having been American representative in San Salvador.

Manufacturers Now Must Get Sugar on Certificate Plan

The new ruling by the food administration in reference to the use of sugar by manufacturers is now in effect. Hereafter all manufacturers who use sugar must secure it from wholesalers on the certificate plan. These are a different style of certificate from those used by the retailers for consumers who buy sugar for canning purposes.

Two Wives Granted Divorces On Grounds of Alleged Cruelty

Marie Bruner was granted a divorce from Wilby Bruner in district court Wednesday. Cruelty was alleged. She is given the custody of her five-year-old son, Jerome F. Rhoda. Estis was divorced from William C. Estis on the grounds of cruelty. She was awarded \$1,000 alimony.

Omaha Sewer Bonds Before State Auditor for Registration

Omaha sewer bonds in the sum of \$400,000 have been presented to the state auditor for registration. The bonds will be recorded in the Douglas county court house and then the city will be paid the money with which to proceed with the 1918 sewer building program.

THE Westcott SIX

THE temperature of a motor must be regulated automatically—not by the driver—to keep it at the definite degree necessary for economical, effective work. A thermostat controls the temperature of the Westcott Motor—automatically, thereby keeping it at the precise degree of warmth essential to developing most power with least fuel.

Seven Models, \$1990 to \$2890 f. o. b. Springfield, Ohio.

Summer Blouses Come Trooping In Just Arrived From New York---A Special Purchase

Our personal representative has returned from a New York buying trip, and brought back with her some of the most exquisitely fascinating Blouses we have shown thus far this season.

- New Round Necks
- New Oval Necks
- New Roll Collars
- New Collarless Blouses

Slip-Ons and Button Back styles lead the favored styles, and we have never seen more charming effects. The ornate and decorative gives place to the carefully made and finished Blouse for this new season, and if anything, adds a definite charm.

Flesh color is largely preferred because of its restful appeal to the eye, but soft pastel shades of all tones are shown in this beautiful collection.

Organdie, Voile and Georgette Crepe Are the Materials Most Widely Employed

There are (conservatively estimated), more than 50 new models shown here now in Blouses ranging in prices from

\$5.00 Up to \$12.95

Second Floor
