

AMERICANS PLAN TO ACCOMMODATE 5 MILLION TROOPS

Enormous Preparations Under Way on Western Front, Declares Englishman Before Labor Delegation.

London, May 16.—The American labor delegation was received by King George at Buckingham palace today. The visit lasted an hour. American preparations on the western front are amazing in their immensity and plans are being made to care for 5,000,000 American troops, Harry E. V. Brittain, secretary of the English branch of the Pilgrim's club, told the Royal Colonial Institute last night.

Members of the American labor delegation were also present. If the Germans do not give in, added Brittain, the number of American troops will be increased to any amount necessary. Sir Charles P. Lewis, former head of the Dominion's department at the colonial office, said he wondered if the Germans realized what the entry of America into the war meant.

It meant, he said, not only the accession to the allied powers of many millions of fighting men and the addition of vast resources, but also the coming in of the only one amongst the great peoples of the world who has seen and carried through to an unmistakable issue a four years' war.

Speech by King George. The king, receiving the American labor delegation, said: "It gives the queen and me great pleasure to receive you here today and we trust that if the experiences of your stay in this country have been agreeable they may also prove interesting and helpful. You have had opportunities for judging the efforts we are putting forth at home in order adequately to meet all the demands from the various theaters of war. I hope these experiences will enable you to assure the people of the United States that we are doing and mean to continue to do our utmost in this direction."

In addition to the foregoing, the nobility, as it is known, has lost 843 members, while what is classed as the later nobility, has suffered 836 losses, the largest being those of the family of von Wedel, 22 members, and von Arnim 21.

The second alarm was turned in from the American Racing Tread company, 1806 Harney street, where a front window awning caught from a lighted cigarette. Firemen from the Harney street department extinguished the fire before much damage was done. The plate glass window cracked from the heat of the flames.

A coal shaft in the Sanford hotel, Nineteenth and Farnam streets, caught fire from some unknown cause, but did little damage. Firemen put out the blaze by playing a stream of water upon it through a manhole above the shaft.

THIN, FRAIL PEOPLE SHOULD TAKE TANLAC

Many Nebraska People Report Astonishing Gains in Weight in Short Time—Powers of Medicine Conclusively Proven—Men and Women, Old and Young, Benefited Alike by "Premier Preparation."

ONE of the most noteworthy features in connection with the introduction of Tanlac, and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the state who have recently reported an astonishing and rapid increase in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statements can no longer be doubted. Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment had failed.

A case in point is that of Bert Brown, engineer on the Chicago, Burlington & Quincy Railroad, who lives at 420 South 19th street, Lincoln, and who states that for three years his health was so seriously impaired that he was almost a nervous and physical wreck. Soon after taking Tanlac his digestion rapidly improved, his pain disappeared, his nerves became calm and steady and he gained thirty pounds.

Another interesting case is that of E. A. Weldy, the well-known manager of the Emory Hotel in Scottsbluff, Neb., who says that he was suffering from a complete nervous breakdown and was in such a serious condition that he despaired of ever regaining his health and strength, but upon taking a few bottles of Tanlac his health was fully restored and he made a gain of eighteen pounds.

Mrs. Arch Allen, of 3322 North 65th street, Omaha, who formerly lived in Evansville, Ind., and was at one time a nurse in a hospital near that city, makes a statement which coming as it does from one of such wide experience in relieving suffering, is of unusual interest. Mrs. Allen says that she became so weak that she couldn't lift her ten months' old baby, her nervous system was almost a wreck and she was often confined to her bed for weeks at a time. She states that upon the advice of the other nurses at the hospital she took Tanlac with the result that she was soon entirely relieved of all her troubles, became well and strong and increased twelve pounds in weight.

N. H. Church, of 1117 Davenport street, Omaha, says that he suffered so much from rheumatism, stomach and liver trouble that he fell off thirty-five pounds, and his left arm hurt so bad he could hardly raise it to his head. After taking Tanlac he improved so rapidly in every way that

he gained ten pounds on two bottles. Ira W. Polesley, a fireman on the Union Pacific Railroad, and who lives at 2033 Elm street, Omaha, says he was so rundown and worn out with indigestion and other troubles that he could not work long without feeling exhausted. A few bottles of Tanlac fully restored his strength and energy, he gained ten pounds and now weighs more than he did before his troubles began.

The foregoing statements are from well known citizens of Nebraska, and while astonishing in their import, they are not really remarkable, as thousands of people all over the United States and Canada have taken Tanlac with the same end, in many cases, with far greater results. Take, for instance, the case of Mrs. Viola Ives, 315 Cross street, Little Rock, Ark., who gained forty pounds; or that of Mrs. Don J. Perry, of 370 Quince street, Salt Lake City, Utah, who gained twenty-eight pounds; or that of Mrs. W. Williams, of Gadsden, Ala., who gained forty-eight pounds; that of O. H. Mahaffey, Nashville, Tenn., who gained forty pounds; or of Mrs. O. C. Cason, Acworth, Ga., who gained thirty-five pounds; or Mrs. A. M. Richards, of 803 Thirteenth street, Denver, Colo., who gained eighteen pounds; Mrs. Mamie O'Neil, of 2611 1/2 Welton street, Denver, Colo., who gained eighteen pounds; John McNamee, of 419 Church street, Salt Lake City, who gained sixteen pounds, and thousands of others too numerous to mention.

Tanlac is sold in Omaha by Sherman & McConnell Drug Company, corner 16th and Dodge streets; Owl Drug Co., 16th and Harney streets; Harvard Pharmacy, 24th and Farnam streets; Northeast corner 19th and Farnam streets, and West End Pharmacy, 16th and Dodge streets, under the personal direction of a special Tanlac representative.—Adv.
