

PRIVATE HAND'S WAR TALK STIRS CENTRAL CADETS

Gallant Canadian Soldier Speaks to High School Boys, Launching Red Cross Campaign.

Private J. J. Hand, one of the first 50,000 Canadians to sail to France at the outbreak of the war, addressed the cadets of Central High school regiment Thursday in connection with the Red Cross drive. Private Hand claims honors resulting from eighteen wounds in some of the greatest battles of the war. He re-enlisted twice, but was refused when attempting to enter the fourth time because of being "lampped," or finished, as far as fighting was concerned.

"We need you boys over there just as soon as we can get you," he told the cadets. "There's the place where a man's a man and nothing else counts." While urging the cadets to respond generously to the requests of the Red Cross, he told the care the wounded received at its hands, and of the blessings it bestowed upon boys on the way to "blighty."

Incidents of Battle.
Several incidents of the fighting and of the cruelties of the Huns in dealing with prisoners were related. At the close the speaker asked for questions.

"Did you take any prisoners?" asked one cadet.
"We have taken few prisoners since we passed through Belgium and saw the crucified women and children," replied the speaker.

"Are the Germans afraid of steel?" was a second query.
"No, not when it's a while away," was the reply. Private Hand then told of the cowardice of the Huns when away from their officers, and about to enter a trench of the allies.

Frequent applause greeted the speaker. During the talk a belt captured by Private Hand from a German was displayed. The belt contained the insignias of 39 soldiers of the allies that the Germans had killed.

Field Day for Commerce.
Cadets of the Commerce High regiment will not be able to have a camp this year, but will substitute a field day at Elmwood park on May 31 for at least one of the days which would have been spent at camp.

The field day will be modeled after that held annually by the Central High regiment.

LAND OF RUM BAY, FEATURE SKIT, ON AK-SAR-BEN BILL

After a winter devoted to Red Cross and Liberty loan campaigns, Gus Reno has finally caught up with his work at the Den, and on Thursday night, with the assistance of the "working crew," held the first rehearsal of the show that is to be put on at the Den for the first time on the night of June 3.

The try-out revealed the best thing that has ever yet been prepared for the Ak-Sar-Ben entertainment. It is spicy, with bright dialogue, thrilling stunts, tuneful music and brilliant burlesque.

There will be a 15-minute musical skit, "The Land of Rum Bay," in which Henry Dunn will take a big part. The show will be essentially patriotic in its spectacular features, and it will include a circus and a mélange of hair-raising stunts that will hold the initiates and spectators spell-bound.

Oscar Lieben will have charge of the stage direction in place of Charles Docherty, who has been elected exalted ruler of the Elks. The music will be by Ernie Reese's orchestra.

Noon-Day Club Members Are Behind Red Cross Campaign

Members of the Noonday club at the Chamber of Commerce rooms Thursday night pledged themselves to support in every way possible the Red Cross drive. Members will work through their churches or other organizations to swell the subscriptions of the cause.

Robert Cowell delivered the principal address and expressed the belief that Omaha will live up to its reputation for going over the top in every patriotic drive which has yet been staged.

"There is not a parent in America who will not give to the last cent when their giving may insure the safe return of their boys from the front," Mr. Cowell declared. "This is not the time to boast of the showing made by buying Liberty bonds. Giving to the Red Cross is true giving."

Farmers Now Get 31-2 Cents Pound as Share on Bread

Lincoln, May 17.—(Special).—Nebraska farmers are now receiving 3 1/2 cents as their share of the amount paid by consumers for a pound of bread, according to information gathered by the College of Agriculture. Since 1913 farmers have been receiving for their wheat a gradually increasing proportion of the price paid by the consumer for bread. The amount received by the wheat grower for his contribution to the average pound has increased from less than 1 1/2 cents a load in 1913 to more than 3 1/2 cents early this year.

Central High School Starts Red Cross Campaign Today

The Red Cross drive starts today at the Central High school. The students were given two blanks yesterday which they were asked to have returned by this morning. One blank will be used for family subscriptions, while the second one is expected to be placed in the hands of a family which has no children in the schools. No record will be kept at the school of the amount subscribed, nor will any effort be made to increase the subscriptions save by the mass meetings held this noon.
