## LENROOT COMING TO LINCOLN FOR LOYALTY SPEECH

Wisconsin's New U. S. Senator Accepts Nebraska Invitation to Address Patriotic Convention May 28.

"There is every indication that the loyalty state convention to be held in Lincoln on Tuesday, May 28, will be one of the largest and most interesting gatherings of a political nature held in Nebraska for many years," writes Ed D. Beach, chairman of the state republican committee.

"In fact that Senator Lenroot of Wisconsin," he added, "will be present and will be the principal speaker lends an interest which has awakened the state to a keen degree."

"Of course, democrats of the state are trying to throw cold water on the meeting and are using the argument that politics should be forgotten during the war.

Lenroot Supports War. "This argument, perhaps, would be a good one were they carrying out that proposition themselves, but it should be remembered that when Senator Lenroot himself went into the campaign for election on a loyalty platform, that the democratic party sent Vice President Marshall into Wisconsin in an effort to defeat Lenroot and elect the administration candidate. Mr. Lenroot has been one of the strong supporters of the president in his war program as a member of the lower branch of the national congress.

"The attention of republicans also is called to the fact that the democrats of Nebraska already are preparing to enter the fight and, have been for a month holding meetings in Lincoln, so it is evident that the democratic cry, 'Keep out of politics,' is merely camouflage to deceive the people.

Douglas Republicans Going "Therefore, the loyalty convention to be held by the republicans is something which all American citizens can well sanction and desire, regardless of politics. There cannot be too many loyalty meetings in this, the country's hour of need, when every ounce of energy and every dollar of wealth is needed to end a conflict that means so much to the whole world and to generations to come."

F. S. Howell, chairman of the Douglas county republican central committee, has appointed a delegation of 146 to represent this county at the Lincoln meeting.

### DR. DAVID R. KERR QUITTS BELLEVUE AFTER 16 YEARS

Dr. David R. Kerr, president of Bellevue college, has tendered his resignation to the board of trustees to take effect July 1. Dr. Kerr has served 16 years as president of the institution, which he will soon leave. He took charge of affairs at the college in 1890 and resigned in 1904. He was again called to the presidential chair two years ago and now is leaving the field of active work, owing to advanced age.

When Dr. Kerr first assumed charge at Bellevue, there were two college buildings and 19 students. When he left in 1904 there were 200 students and five buildings. Announcement of his return to the presidency swelled the enrollment in the freshman class in 1916 more than 100 per cent.

A farewell reception will be tendered Dr. Kerr and his wife by the board of trustees tonight.

### Red Cross Outfits Destitute Italians in Big Public Sale

Padua, Italy, May 14.—There was a stirring scene in the central square of the city on a recent Sunday when the American Red Cross began its sale of garments made by the wives and daughters of Italian soldiers at the front.

The great square of Union Italy was crowded with peasant women for miles around eager to obtain some of the garments, for, besides giving employment to the women, the Red Cross sells the product at a small nominal price to the families of soldiers.

In the two hours of the opening sale these peasant women bought 3,000 lire worth of garments, a large sum for people of scant means. The goods were worth two or three times that amount and represented several thousand lire paid in wages by the Red Cross to the hundreds of girl workers.

Later in the day the results of the sale were apparent on the main streets, as the peasant women with their children went by proudly wearing their Red Cross garments, which, in a way, have transformed the appearance of many of these people, giving them an air of cleanliness and comfort.

### Nebraska Boys and Girls in Western Canning Contest

Lincoln, May 17.—(Special.)—Nebraska boys and girls will compete with nine other middle west states in canning vegetables and fruits.

At a conference held at Sioux City, attended by state junior club leaders, it was decided to have contests and exhibits at the Interstate Live Stock fair at Sioux City in September. Sioux City business men have offered liberal prizes. Championship canning teams from Nebraska, Iowa, Minnesota, North and South Dakota, Wisconsin, Kansas, Wyoming, Missouri and Illinois will compete in canning and exhibitions at this fair. The fair association will pay the expenses of one team from each state.

Nebraska's exhibit will be the drying and cooking of vegetables and fruits. Nebraska was the pioneer state in this work, establishing the first community drier. C. W. Watson, director of the junior section, extension service of the College of Agriculture, is in charge of the work in this state.
