Italy day will be observed in Omaha today with a parade at 2 p. m., public meeting in the Swedish auditorium at 4 p. m., and a banquet at the Fontenelle at 7:30.

Sebastian Salerno is chairman of the committee on arrangements and will preside at the afternoon. Mayor Smith and Edward G. Maggi will speak at the afternoon meeting.

## AT THE THEATERS

"Billeted" at the Brandeis, Miss Anglin and company in "Billeted," a comedy in three acts, by F. Zanopy, Jesse and H. M. Harwood. The players: Rose, Margaret Hoffman, Emmaline Lipsett, Sally Williams, Rev. Ambrose, Roland Rushton, Panopelo Moon, Phyllis Birkett, Betty Tardine, Miss Anglin, Colonel Preedy, Alexander Bruce, Captain Rymill, Fred Eric Cook, Mr. MacFarlane, Ralph Kennet.

Margaret Anglin's adventures with misadventurous husbands, fictitious sweethearts and the like have been extended by one in "Billeted," which is as good fun as any she has ever lived through to the pleasure of those who prefer to see her in comedy.

"Hipp" Dorothy Phillips in "The Grand Passion" will be shown at the Hipp the last two days of this week. A love story that grips the interest of the audience from the start is splendidly played by Miss Phillips and her company.

Suburban—Douglas Fairbanks will be presented here today in a Triangle play, "American Aristocracy." It is a play of laughs and jumps and affords the star a splendid vehicle for his mirthmaking activities.

Hamilton—William S. Hart will hold forth at this theater today in his latest Paramount Arctcraft production, "Wolves of the Rail." The star is here shown as a railroad detective who cleans up a bandit-infested division in a sensational and exciting manner.

Lothrop—It is doubtful if there ever was a more peculiar story written than "Taran of the Apes," which holds forth at this theater today and Saturday. It is the screen adaptation of the book by the same name, was photographed in South America, that the correct atmosphere might be obtained.

## Brief City News

Have Root Print It—New Beacon Press. Elec. Fans, \$8, Burgess-Nash Co. Ice Cream Sundae Go Higher—The price of ice cream sundae has been increased from 15 cents to 18 cents.

Undergoes Operation—George Bochis of Hanlon, Neb., underwent a successful operation at St. Joseph's hospital.

Prudent saving in war times is a hostage for opportunities of peace. Play safe by starting an account with Nebraska Savings & Loan Ass'n, 211 S. 18th St. \$1 to \$5,000 received.

Union Pacific Dance—At the Auditorium next Wednesday night a band concert will be given by the Union Pacific Family War Service club, the affair closing with a dance. The proceeds will go to families of Union Pacific men who are in the army.

Two Firemen Injured—J. T. Hope suffered a sprained ankle and Charles McDermott was badly bruised when a scaffold upon which they were working collapsed. Both are city firemen stationed at fire barn No. 6, Twenty-third and Cumby street. They were cleaning the walls when the accident happened about 3 o'clock Thursday afternoon.

Youth at Play Injured—Hymie Greenspan, 12 years old, living with his parents, 1213 Chicago street, was seriously injured while playing with two companions on the street near Fifteenth and Dodge streets. The boy ran under a horse driven by Sam Brewster, 1614 Corby street, employed by the M. A. Dierrow Sash and Door company. He was injured internally and taken to St. Joseph hospital. Brewster was arrested and held for investigation.

Fine fireplace goods at Sunderlands. canoes and her adventures on board the pirate ship furnish many interesting situations. "The Eagle's Eye," The Kaiser's Death message, will also be shown.

Strand—In filming the latest Paramount picture, "The Thing We Love," starring Wallace Reid, Director Lou Tellegen, himself a famous actor, encountered many difficulties. One of the most serious was obtaining permission to use one of the large munition factories of Bridgeport, Conn., for "aiming" a number of the scenes.

Sun—Mary Miles Minter, little blonde actress of the American Mutual has been given an appealing part in the offering at the Sun today, "Social Bravas." Portraying the part of Iris Lee, a sweet country maiden who dreams of grand opera as she sings in her church choir, she rushes into localities unsafe for blondes and brunettes. Well put on, the play tells a sweet story.

Auditorium—"Over the Top" with Sergeant Guy Empey in the leading role, shows for the last times today and tomorrow. Empey lacks the small graces which are popularly supposed to make up the difference of an actor for the cinema, but a better star for this play could hardly have been chosen. He is fighting from the start to the finish and earnestness is what the play demands. When he leads a charge, the audience involuntarily soaks color for he seems to come right out of the screen.

Hipp—Dorothy Phillips in "The Grand Passion" will be shown at the Hipp the last two days of this week. A love story that grips the interest of the audience from the start is splendidly played by Miss Phillips and her company.

Empress—Charlie Chaplin shows his experiences as a jazz waltzer at the Empress theater, where he is being shown on the screen for the last three days of the week. "Social Hypocrites," adapted from Alicia Ramsey's popular play, "Bridges," featuring May Allison, is also on the program for the last half. A distinguished cast is seen in this play, which gives a faithful picture of English society.

Suburban—Douglas Fairbanks will be presented here today in a Triangle play, "American Aristocracy." It is a play of laughs and jumps and affords the star a splendid vehicle for his mirthmaking activities.

Hamilton—William S. Hart will hold forth at this theater today in his latest Paramount Arctcraft production, "Wolves of the Rail." The star is here shown as a railroad detective who cleans up a bandit-infested division in a sensational and exciting manner.

Lothrop—It is doubtful if there ever was a more peculiar story written than "Taran of the Apes," which holds forth at this theater today and Saturday. It is the screen adaptation of the book by the same name, was photographed in South America, that the correct atmosphere might be obtained.
