An Extraordinary Sale of Jersey Dresses For Sports, Street and Club Wear

at \$15.00.....

REALLY it's seldom we become so enthusiastic over a special offering as we have these dresses, and we feel certain no one can resist the appeal of these spring and summer styles, with their commanding freshness after the long winter—the first spring flowers of the style world.

Through a special merchandising effort, we secured the material and had them made up according to our own specifications, enabling us to offer them far below their actual value.

Every style is individual and distinctive, made of the finest quality jersey. Some are models combined with a beautiful quality white wash satin, others are all-jersey. "Sports" dresses, an essential to every woman's wardrobe; "slip-over," "sleeveless," "smock" and "coatee" models.

The colors are beige, rose, copen, gold, green and purple, also plain white, as well as beautiful combinations with white.
