Cattle—Offerings this morning were rather light, being 1,100 head, or 47 cars, including 19 cars billed through direct to packers, making totals for the week 32,627 head, as compared with 27,000 a week ago and 27,875 head the corresponding week a year ago. Trading opened steady to strong in comparison with yesterday's market, and packers bought what few beef offerings were available early, paying as high as $17.25 for a choice load of heavy beef. Good to choice beeves are generally quotable from $16.75 to $17.25, while the fair to good 1,000 to 1,200-pound grades ranged from $16.00 to $16.75, and the common to fair and warmed-up grade ranged from $12.25 to $15.77. Business on what yearlings were on sale this morning was strong to a dime higher, and in cases even greater advances were paid, but the trade was generally on a catch-as-catch-can basis, and this class generally ruled from 50c to $1.25 off for the week, being quoted from $15.00 to $16.00 for the good to choice yearlings and from that on down for the common and fair to good. Butcher stock was generally steady today and 50@75c off for the week. Stockers were strong and around 25@40c higher than last week.

Quotations on cattle: Good to choice beeves, $16.75@17.20; fair to good beeves, $15.00@16.75; common to fair beeves, $12.25@15.75; good to choice yearlings, $15.00@16.00; fair to good yearlings, $12.50@14.75; common to fair yearlings, $8.50@11.50; good to choice heifers, $12.00@14.00; good to choice cows, $12.00@13.00; fair to good cows, $9.75@11.75; common to fair cows, $7.50@9.75; prime feeders, $12.00@13.00; good to choice feeders, $10.25@11.75; fair to good feeders, $9.00@10.00; common to fair feeders, $7.50@9.75; good to choice stockers, $10.00@12.00; stock heifers, $8.50@10.50; stock cows, $7.25@10.00; stock calves, $8.50@11.50; veal calves, $9.00@13.00; bulls, stags, etc., $10.00@12.75.

Hogs—There were 156 loads of hogs on the market this morning, estimated at 11,000 head. The unevenness of yesterday's market makes comparisons rather difficult. The market opened about 5c higher than yesterday's close and continued to improve until the final sales made today were around 10c higher than the close yesterday. The average today is somewhat lower than yesterday's general average. Compared with yesterday the market would probably be called 5c lower than yesterday's average market. The bulk of the hogs went at $16.75 to $16.85, top reaching $16.95.

Sheep—There were 18 loads of sheep on sale today, estimated 4,300 head, making the total run so far this week 29,648 head. The market this morning was rather of an indifferent character as far as demand was concerned, no sales having been made at the time of closing this report. Yesterday's market closed 10c to 15c higher and prospects were that it would close about steady.

Quotations on sheep and lambs: Lambs, good to holce, $19.25@19.80; lambs, fair to good, $17.50@19.00; shorn lambs, choice light, $15.50@15.85; shorn lambs, fair light, $15.00@15.50; shorn lambs, choice heavy, $14.75@15.00; spring lambs, $15.00@19.00; spring lambs, culls, $10.00@15.00; yearlings, fair to choice, $16.00@17.50; wethers, fair to choice, $14.50@16.50; shorn ewes, good to choice, $12.00@13.00; shorn ewes, fair to good, $10.00@12.00; ewes, culls and canners, $7.00@9.00.

NEW YORK STOCKS

Setback Induced by Washington's Attitude Toward Tax Legislation; Conservative Interests Hold Aloof.

New York, May 24.—Trading in stocks today assumed a more speculative phase, the heavy dealings being largely restricted to secondary Industrials, minor equipments and specialties, with a sprinkling of utilities.

Conservative interests, having in mind the many recent reactions in the market, seemed disposed to look on, pending some settlement of the revenue tax controversy and more carefull perusal of the British premier's Edinburgh address.

In fact, it was the conflicting gossip and reports regarding Washington's attitude toward tax legislation that provoked the sharp setback of the last hour, leaders breaking 2 to 4 points after gains of as much.

Rails of the better class moved within comparatively narrow limits at best and United States Steel, which opened auspiciously, failed to rise more than 1¼ points but fell away rapidly to 107¾ and a net loss of 1⅞.

During the morning and mid-session the independent steels notably Colorado Fuel, Sloss-Sheffield, Republic Iron and Great Northern Ore, displayed marked activity and strength with Baldwin Locomotive, New York Airbrake, Leathers, Oils and Tobaccos.

Sumatra Tobacco furnished the real sensation of the session, making an extreme gain of 12 points to the new maximum of 145, all of which was lost after another hurried rout of the shorts.

Philadelphia Company, American Telephone and Pacific Telephone were the strong utilities and Industrial Alcohol, Distillers and the Fertilizers again contributed to the day's total of about 900,000 shares.

Bonds were irregular with heaviness later, liberty 4¼, declining to the new minimum of 97.38. Total sales par value aggregated $5,775,000. Panamas, 3s advanced 2 points on call.

CHICAGO GRAIN AND PROVISIONS.

Renewal of Unfavorable Conditions For Planting Gives Corn Uprising.

Chicago, May 24.—Renewed unfavorable conditions for planting brought about advances today in the corn market. Prices closed unsettled, ⅞ to 1⅛c net higher with June $1.38¾ and July $1.40⅛. Oats gained ¼ to ⅝c net. Declines of 27c to $1 took place in provisions.

Unwelcome wet weather proved to be the dominating influence affecting the value of corn. Delay to planting was reported from a number of districts, and it was said the result would be to defer the expected after-planting movement of grain. Important sections of Illinois and Ohio were particularly mentioned in this connection. One dispatch from Ohio sent by a leading Chicago crop expert attracted especial notice. He asserted that the heavy rains had caused widespread retardation of seeding, and that there was a large area yet to plant. On the other hand, good authorities said that barring persistant downpours there was still ample time. Bearish reactions, however, failed to last.

Oats sympathized with the advance in corn. Trade was mostly of an evening up character on the part of shorts. Exporters were bidding, but they were much below a working basis.

Lower quotations on hogs weakened provisions. Considerable of the selling appeared to come from outside packers.

Bradstreet's Trade Review.

New York, May 24.—Tightening of conditions in nonessential lines, further speed-up of war work, excellent crops news and reports that large distributors are selling all the goods they can get after governmental requirements are satisfied, comprise the mainsprings of the week's events.

Because of a paucity of supplies at a time when shelves are being cleaned out of medium priced goods as the result of heavy buying flowing from abnormally high wages, linked, too, with concern about the likilhood of being unable to cover future requirements, future purveyors are buying liberally and as often as opportunity offers. Yet it must be recognized that the shortages of merchandise plus the fact that ordinary business is being gradually sidetracked to care for government orders, operates to lay checkreins on normal movements to superinduce closer terms of credit, enhance profits of those who may have free supplies, to create an air of unwonted activity at a season that is ordinarily marked by between-season characteristics, and to give more than due prominence to demand for goods as distinguished from actual ability to get supplies.
