

SOUTH SIDE**STOCK YARDS IN
SOUTH OMAHA TO
BE MADE LARGER**

Extensive Alterations Are
Planned to Increase Facili-
ties; Additional Pens In-
cluded.

Alterations so extensive in their
nature that they are only limited to
the materials and labor available be-
tween now and June 15 are being
made to enlarge the facilities of the
stock yards of South Omaha.

As soon as they are completed
there will be a readjustment of the
yardage facilities and the traders' di-
vision, long located on the east end,
will be moved over to the west end,
taking the pens now held in the
blocks by the commission men.

Cement flooring is being laid on
the tract at the west end for the ad-
ditional pens being built for the ac-
commodation of the traders.

Everett Buckingham, vice presiden-
tional manager of the Union
Stock Yards company, in announcing
the change Friday, said:

Buckingham's Announcement.
The change is not intended for
the special benefit of either the trad-
ers' division or the commission men,
but primarily for the accommodation
of the shipper, who will have the ad-
vantage of the shorter distance from
the cars to the commission men's
pens where the cattle are sold."

"Under the old arrangement the
shipper was at a disadvantage in hav-
ing to move the cattle from the un-
loading pens at the east end of the
yards through the length of the yards
to the west end. The situation will
now be eliminated by the traders'
division and the commission men ex-
changing places. Naturally, the
traders do not favor the idea of giv-
ing up the pens they have used for so
long, but the changes are intended for
the general benefit of the trade by
helping the shipper out."

South Side Congregational church
Sunday morning at 11 o'clock. The
Ladies' circle, Grand Army of the Re-
public, have accepted an invitation to
attend. Night service will be held at
8 o'clock.

8,000 Trucks Ordered.

Washington, May 24.—Orders for

in addition to 10,000 similar trucks
now being delivered.

Everyone now and then becomes constipated, and millions are chronically in that condition. The perplexing question arises—what to use.

Purgatives and cathartics are drastic and usually cause a reaction. Saline waters are rapid in action but do no more than empty the bowels.

Just as certain an effect and certainly a much more pleasant one, can be obtained by the use of a combination of simple laxative herbs with pepsin sold by druggists under the name of Dr. Caldwell's Syrup Peppin. It acts gently, without gripping. It is an especially ideal medicine for children, women, old people and others who find purges too powerful.

Only a teaspoonful is required; and by morning the movement is free and complete. A bottle in the house is insurance for the whole family against constipation; indigestion, headaches, flatulence and other digestive illa.

The druggist will refund your money if it fails to do as promised.

NO INCREASE

In spite of enormous increases in
freight rates and in shipping costs due to the War
the manufacturers of Dr. Caldwell's Syrup
Peppin are determined to hold their
profits and absorbing the war taxes, so
that this family laxative may still be had at the same
war price of 50¢ and \$1 a large bottle. So sold
by druggists for 25 years.

FREE SAMPLES—Dr. Caldwell's Syrup
Peppin is the largest selling liquid laxative
in America. If you have never used it
you are invited to write to Dr. W.
C. Caldwell, 404 Washington Street, Oma-
ha, II. If you have babies in the family send for
a copy of "The Case of the Baby."
