

### TWO WOMEN HIT WITH STEEL BAR; FOREIGNER HELD

#### Frank Sarscormello Identified by Second Victim of Slugging When Police Continue Investigation.

Frank Sarscormello, 504 South Sixth street, arrested for a murderous assault on Mrs. Blanche Walsh, 405 North Fifteenth street, has been identified by Mrs. Laporte, 408 North Fourteenth street, as the man who struck her over the head with a piece of steel, April 6.

Sarscormello was found by Mrs. Walsh standing in her front room when she returned from a store across the late Wednesday. She says she asked her for money and then struck her with a steel bar. For a moment she attempted to fight back, but was soon overpowered.

She was discovered senseless and groaning a few minutes later by her husband and George Rogers, a roomer, both of whom had been asleep in rooms to the rear of the house. Her body was covered with black and blue marks, which Sarscormello had inflicted by kicking her, she said. Sarscormello was arrested a few minutes later at a railway station.

At the police station, Sarscormello admitted attacking Mrs. Walsh, and gave revenge as his motive. A pair of white gloves and \$5 taken from Mrs. Walsh were on his person, the police said.

Mrs. Frankie Laporte identified Sarscormello as the man who had attacked her and robbed her of \$20.

Sarscormello denies the attack on Mrs. LaPorte.

### "FLYING CIRCUS" OF U. S. FLIERS DOWNS HUN PLANE

With the American Army in France, May 30.—Confirmation has been received that the German airplane brought down in flames Monday near St. Mihiel, was a victim of four American airmen working together as a "flying circus."

The American "circus" was composed of Lieutenants George F. Fisher of Chicago, Edward Curtis of Rochester, Edward Buford of Nashville and Alexander McLanahan of Philadelphia.

Because of the nature of the fight it is impossible to credit any one aviator with the victory. Lieutenant Fisher, however, got in the finishing stroke, firing the last shots at the German before his machine broke into flames and following down the flaming plane for as long a time as was possible.

The game observer in the German machine, although plunging to certain death, kept his gun working amid the flaming swirl as he fell, training it first at one American machine and then at another.

### Nebraska Coal Situation Is Becoming More Serious

In spite of all urging by the press throughout Nebraska to buy and store more coal, dealers insist the consumer is not buying coal; because the rank and file of people do not realize the serious situation.

Consumers, they say, have been used to getting coal from several sources, and the feeling of security has been so ingrained that the consumer has not yet grasped the big idea that this year conditions are vastly different. Rout County, Colorado, whose fields have furnished Nebraska with an abundance of coal, cannot accept any more orders. Illinois coal is entirely prohibited, which means an elimination from Nebraska alone of 1,000,000 tons of Illinois that must be supplied from either Iowa, Kansas, Missouri or Wyoming. So that instead of Nebraska having several sources of supply as under normal conditions, it must secure coal from whatever source is offered.

"Under the conditions existing, the consumer in Nebraska is still hesitating and more or less indifferent to all appeals urging him to put in his coal now," says a dealer.

"Gradually it is beginning to dawn upon him he cannot get Colorado coal. He has the notion that Missouri, Kansas and Wyoming coal will not stock. He comes to that feeling honestly, as it has been drummed into him by producers of other coals."

"But the conditions are changing. We are breaking over precedents and notions in many things. We will have to do so in the matter of coal. Wyoming, Iowa, Kansas and Missouri coals can be stored if it is done right."

### Red Cross Salvage Department Sends Out S. O. S. for String

An S. O. S. call for string has gone up from the women conducting the salvage department of the Red Cross, 1409 Harney street.

They want good strong twine, and lots of it. They need it in their business, and those who have quantities to spare are urged to telephone the headquarters and the women will send for it.

They are also in need of the use of pleasure automobiles. Those who can donate the use of such machines for half a day are requested to do so. The women do not want to use the cars for their pleasure, but for the purpose of soliciting clothing, shoes and other articles of salvage for the good of the Red Cross work.

### Burgess-Nash Company to Equip Omaha Home Guards

Announcement was made Wednesday afternoon that Burgess-Nash company had been awarded the contract for furnishing the uniform outfits for the home defense guards of Omaha. The home guards now number something over 300 representative business men. The various companies are holding regular drills in their respective localities and each day sees new members added to the organization.

### Railroads Report Heavy Rains Throughout State

Railroads report one of the heaviest rains of the season over the southern and central portions of Nebraska Wednesday night, with rain still falling in many localities Thursday morning.

Along the Union Pacific the precipitation across Nebraska was reported at one-half to two inches, extending well up into the territory tributary to the northern branches.

Through the southern part of the state in Burlington territory, from Crete through into Colorado, the precipitation was one to three inches. The greatest rainfall was up the Republican river valley and in the country around McCook.

### HEALTH Asthma Sufferers Turn To Chiropractic

Well established cases of asthma seldom recover under any form of treatment that does not remove the spinal cause.

Under spinal adjustments the time required for removal of the cause is from one week to three months, depending upon the patient.

Over-sensitive nerves cause the peculiar gasping and struggle that is characteristic of asthma. When the spinal pressure upon these nerves is removed, nature is able to go about the work of restoring health.

### WARTIME RECIPE FOR GRAY HAIR

#### How to Make an Inexpensive Mixture That Will Darken Streaked or Faded Gray Hair.

Gray, streaked or faded hair can be immediately made black, brown or light brown, whichever shade you desire, by the use of the following remedy that you can make at home:

Merely get a small box of Orlex powder at any drug store. It costs only 25 cents, and no extras to buy. Dissolve it in one ounce of water and comb it through the hair. Full directions for use come in each box.

You need not hesitate to use Orlex, as a \$100.00 gold bond comes in each box guaranteeing the user that Orlex powder does not contain silver, lead, zinc, sulphur, mercury, aniline, coal-tar products or their derivatives.

It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger.—Adv.
