

BULGE IN LINES BARRIER IN HUNS' 'DRIVE FOR PARIS

Allies Improve Their Own Positions While Repulsing Assaults, Though Inferior in Numbers.

(By Associated Press.)
With the French Army in France, June 5.—The enemy's entire pressure appears now to have been turned upon the western flank, where he is making the greatest of efforts to straighten out the bulge into his lines occasioned by the determined resistance of the allies.

The point of his most pronounced advance on the southern end of this bulge is Troesnes, northeast of La Ferle Milon, while the northern point of the bulge is at Moulin-Sous-Touvent, northwest of Soissons. Between these two points the Germans have brought forward much of their artillery, and local operations, in which infantry and machine gunners are engaged, are almost incessant.

North of the Aisne, as well as to the southward, every attempt of the Germans in the last few days to make further progress has been frustrated as soon as it was begun. The allies even have been able to improve their positions at some points.

This was the case between Courcy and Longpont today. Here the opposing lines run along the edge of the forest of Villers-Cotterets, into which the Germans are trying to obtain an entry. In the meanwhile the Germans have assaulted several times unsuccessfully.

From this vicinity they have been bombarding LaFerte-Milon, but have been unable to break down the barrier of allied resistance and have been subjected to very heavy losses.

Their object seems to be the envelopment of the allied troops occupying the bulge or forcing them to fall back.

The allies, however, are holding firmly at both ends for the present, despite their inferior numbers, and the German push appears to have reached an obstacle which the enemy finds difficult to overcome.

URGE RECALL OF R. L. METCALFE, DEFENSE MEMBER

The recall of R. L. Metcalfe, member of the State Council of Defense, from his position in that organization, is demanded by a body of farmers and citizens of Pierce county, Neb., numbering 234, on account of his alleged "malicious and unwarranted attacks" against members of the Non-Partisan league, according to a petition signed by the members of the league and sent to Governor Neville.

The petition also requests protection from the governor in holding meetings to launch plans to secure equitable legislation for the farmers and workmen of the state. It was stated in the petition that the Pierce County Council of Defense and the home guards of Plainview have forbidden them to hold meetings and have threatened the members with violence.

The list of names signed on the petition is headed by Earnest Shaffer and Charles Bargstadt.

Nonpartisan Managers Pass War Resolutions

The executive committee of the Nonpartisan league of Nebraska, composed of J. D. Ream, Broken Bow, chairman; D. S. Sheets, Elgin; James Elliott, Morrill; Alfred Johnson, Holdrege, and D. H. Burton, Waverly, met in Lincoln June 1 and adopted a set of resolutions endorsing President Wilson and appealing for wholehearted support of the country's war policies.

A summary of the resolutions is as follows: Opposition to a premature peace; support by Nebraska senators and representatives of a measure soon to be introduced in congress levying a heavy tax on excess war profits and large incomes; endorsement of most of the work of the state council of defense, but denunciation of the speeches of George A. Coupland, vice chairman, endorsing mob rule in dealing with alleged disloyalists; condemnation of profiteering by monopolistic interests, the solution of which depends upon the adoption of a Nonpartisan league program.

Colonel Clayton, Killed In Action, Son of Federal Judge

Clayton, Ala., June 5.—Colonel Bertram V. Clayton, a divisional quartermaster with the American expeditionary force in France, has been killed by an enemy aerial bomb, according to official notice received here by his brother, United States Judge Henry D. Clayton.

Colonel Clayton was graduated from the United States military academy in the same class with General John J. Pershing. He saw service in the west during the Indian wars and at the outbreak of the Spanish-American war he organized Troop C of the New York cavalry.

After the Spanish-American war he was elected to congress from the Third New York district and served one year. At the outbreak of the war with Germany he was placed in charge of the transport service at New York, but upon request was soon assigned to overseas service.

New Child Labor Carries Ban Against Attack in Court

Washington, June 4.—A child labor bill identical with the act declared unconstitutional yesterday by the supreme court except that it contains provisions that only congress and the people shall have authority to pass on its validity was prepared for introduction today by Senator Owen of Oklahoma. Any judge denying the bill's constitutionality would be compelled to resign, the proposed measure provides.

Five Die in Wreck.

Burlington, Vt., June 5.—A collision between a local passenger train and a work engine on the Central Vermont railroad today killed five persons and injured several others. Seven persons were removed to hospitals. None of the passengers was killed.

Mr. Mushkin was associated for eight years with the Emerson-Brantingham Implement company. Arthur Mushkin, his brother, has been in the service for two years and is now stationed at New York City.

LYNCH TO GIVE BOND TODAY IN FEDERAL COURT

United States Marshal Flynn yesterday over the telephone told Johnny Lynch, under indictment for violation of the Mann act, that he had a warrant for his arrest.

Lynch is said to have replied: "Well, I'll be in your office in the morning with a bondsman."

A capias for his arrest was signed Tuesday afternoon by Judge Woodrough.

Lynch was indicted by the recent grand jury on the finding that he had taken Mary Lavelle Benefel, alias Florence Dean, also known as "Tres Joile," to Kansas City, November 15, 1917, for immoral purposes. The girl was a telephone operator at the court house.

Lynch's bond was fixed at \$5,000. He returned Tuesday from Excelsior Springs.

"I haven't a word to say," was Lynch's retort last night, on being asked to comment on the indictment.

Chase Held by Police; Allege Sold Union Car

W. M. Chase, 2756 South Twelfth street, whom police allege is a walking delegate for the stationary engineers' union, was arrested Wednesday and is being held for investigation. In company with Chase when arrested were two negroes, Albert Bevins, and Lattian Smith, both of 1515 North Twenty-first street.

Police allege that Chase sold an automobile belonging to the engineers' union which he had been driving for several days. His wife appeared at the central division station and told police that he had not been home for more than a week and requested that he be held.

Street Railway Employees Confer on Wage Demands

Representatives of the street railway employees met in conference with the heads of the company Wednesday afternoon in reference to the question of wages of the employees. The meeting was of short duration and dealt more with the settlement of working conditions, than of an agreement concerning the proposed increase in wages, according to Gordon W. Wattle, president of the street railway company.

No demand for a certain increase in pay, were made by the employees at the meeting.

LIFT OFF CORNS, MAGIC! NO PAIN

Drop Freezone on a touchy corn then lift corn off with fingers.

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't pain one bit. Yes, magic!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of ether discovery of a Cincinnati genius.—Advertisement.
