## Everybody Wants to Economize

### ECONOMY means more than saving money; it means "management."

Now in the matter of clothes, the way to economize is to spend your money for the sort of clothes that save themselves. That's why we advise our customers to buy Hart Schaffner & Marx Clothes

The economy is in the clothes, not in the price. We don't offer these as low-priced clothes. You'll have no difficulty in finding suits and overcoats that are lower priced than these.

But you won't find any that are less expensive; because all-wool fabrics and fine tailoring do wear better than cheap stuff; if you figure cost by the month, for example, you'll see how low-priced these clothes are.

Suits \$25.00 to \$60.00
