NAVY AFTER MORE WORKERS; AGE NOW WILL NOT BE BAR

One thousand skilled workers in all trades are needed at once for the U. S. Naval Training Station at Great Lakes, Ill., and in order to fill this need a special recruiting mission will come to Omaha this morning to enroll experienced tradesmen in the naval reserve forces.

The party is headed by Chief Machinist's Mate A. R. Nickson and comes here prepared to examine men as to their qualifications and to give them ratings as petty officers in the naval reserve forces, entitling them to advanced pay and many special privileges not extended the ordinary recruit.

Headquarters will be maintained at the local navy recruiting station, in the Paxton building, and an active four-day campaign will be conducted by the Great Lakes party among local labor organizations.

Carpenters, painters, plumbers and fitters, electricians, machinists, boiler-makers, architectural draftsmen, shipwrights, shipfitters, firemen, copper-smiths and blacksmiths are especially in demand.

The monthly pay averages \$41 to \$52, in addition to which the government makes liberal allowances for dependents.

TRAINED NURSE GIVES RECIPE FOR GRAY HAIR

Gives Recipe for Simple Home-Made Remedy That Quickly Darkens It.

Mrs. A. Dixon, a well known Brooklyn trained nurse, made the following statement regarding gray hair: "Streaked, faded or gray hair can be quickly turned black, brown or light brown, by the use of the following remedy that you can make at home: 'Merely get a small box of Orlex powder at any drug store. It costs only 25 cents and no extras to buy. Dissolve it in one ounce of water and comb it through the hair. Full directions for use in each box.

"You need not hesitate to use Orlex as a \$100.00 gold bond comes in each box guaranteeing the user that Orlex does not contain silver, lead, zinc, mercury, aniline, coal-tar products or their derivatives.

"It does not rub off, is not sticky or gummy and leaves the hair fluffy. It will make a gray haired person look twenty years younger."—Adv.
