BIG WOOL CENTER Great Saving Is Possible if Nebraska Fleece Is Shipped to Omaha for Distribution.

County agricultural agents all over Nebraska report that there are more than 500,000 pounds of wool now in the hands of small growers in the state and that millions of pounds are being held by large growers. An effort has been made to induce the small growers to combine and

ship their fleece in carload lots to the large commission houses in the east. handle wool feel that it would be bet-ter for the interests of the wool grow- "When Omaha was young," said ter for the interests of the wool growers of the state and for Omaha for the wool to be shipped here. They receive no commission on their sales, but are trying to establish a wool

they use is that this is the logical and strategical point for the location of such a market. Great Saving Possible. Wool is now purchased direct by

the manufacturer. He could come out here, select his grades of wool, ship it to his mills direct and save extra D. 314. expense of handling by brokers and other middlemen, duplication of haul,

interest on money invested in advances and extra insurance-all big items. Wool growers in this section would be benefited by the establishment of a market at Omaha in that it would create a competing point against Boston and assure them of better average

> The millions of pounds of wool in Nebraska is now ready for release and much of it should come to Omaha.

New Excess Profits Tax Law And Its Relation to Realtors

An interesting interpretation of the lates to real estate dealers, has been contigious to the city is a vast body made.

The question was put: A contracproperty owned by others and does business as a real estate agent or broker. How is he taxed?

The answer was: These activities are so inter-related as to constitute one business. If the individual employs in this real estate business a considerable amount of capital he is taxed 25 per cent of 15 to 20 per cent

excess profits; 35 per cent on 20 to 25 WILL exchange 640 acres in Hooker Co.. per cent excess profits; 45 per cent on Nob. 13 miles south of Mullen; good grasing land; worth \$4,000; for equity in nice home here; 1.2 or 3 sections adjuine 33 per cent on all excess profits over

the close of the war.

St. Louis Real Estate Board's

Omaha and Seattle Stand Out Brightest of Famous Cities of Entire Nation

"In recent travels I have covered the whole of the United States and the two cities that stand out, brightest in their prospects for future development and present prosperity, are Seattle and Omaha, with Omaha having more than a shade the best of it."

This was the utterance of E. B. Chapman, in a speech on Omaha's resources and opportunities before the Omaha real estate board, Wednesday.

Mr. Chapman is a chemist andOmetalurgist whose profession neces-| SUNLIGHT PAINT sitates a great amount of travel. Years ago he was at the head of Chapman & Co., wholesale grocers in Omaha, and was a contemporary of the pioneer wholesale houses of D. M. Omaha men who are licensed to Steel & Co., and of the McCord,

a conversation 1 asked him the ques-tion which, in 25 or 50 years, would be the great continental cities. He answered Philadelphia, New York, Chicago, Cleveland, Detroit, Omaha San Francisco and Seattle, Future of Omaha.

what Kansas City will then be in near future. population, wealth, commercial and The busine industrial development.

"Omaha has seven transcontinental lateral lines, of the great wealth owning and wealth producing sections of the United States. It is the center of a district bounded by Baltimore on absolute necessity. the south and Boston on the north, forming a belt 400 miles wide and extending across the continent in which 85 per cent of the wealth of the United States is owned and 75 per cent of the wealth of the country is

produced. "Omaha is also the agricultural cennew excess profits tax law, as it re- ter of the United States. Immediately

of soil made up of loose silt, of great depth and partically inexhaustible. tor and dealer in real estate also lists Only two places in the world have this quality of soil, the valley of the Seine, in France, which has been farmed intensively for 10 centuries, and which produced the richest peasantry of the world, and the valley of the Yang-tse-Kiang, in China, which has fed countless thousands through numberless ages and is still unexhausted.

Wealth of Fire Clays. "At our door is limitless wealth of the best pottery, brick and fire clays in the world. In easy reach are the great, ore fields of the mountains

which have already created here one of the world's largest smelters. In

STOCKS TENANT AND OWNER YORK NEW LIABILITY SHOWN **Operations** Confined Mainly to Pools and Cliques; Specialties Score Gains; Rails and Steel Sluggish.

New York. June 8.--Traders representing pools and cliques were in complete posses-ion of today's short and unimportant stock market, directing their energies mainly toward automobile, tobacce and other special

lasues. Early gains of 1 to 4 points in General Motors, Studebaker, Chandler, Maxwell, first preferred, Pierce Arrow, Sumatra Tobacco, Tobacco Products Hide and Leather pre-ferred, Central Leather, Industrial Alcohol and Distillers were mostly maintained at the close

and Distilliers were mostly maintained at the close. United States Steel and related shares were sluggish at the outset with ralls, but both sections strengthened visibly on short covering later, accompanied by American Smelting, Atlantic Guif, Baldwin Locomo-tive and minor specialties. Unurual activity was displayed by Pitts-burgh and West Virginia railroad issues, especially the common, both making ex-trems gains of 3 points. Pittsburgh Coal, which often acts in concert with Pittsburgh and West Virginia, also showed evidence of accumulation.

coumulation. A further decrease of loans and discounts

\$25,000.

United States bonds, old issues, were un-changed on call during the week. The following quotations, which are up to 1:30 p. m. eastern time, are furnished by Logan & Bryan, members New York Stock exhange, 315 South Sixteenth street:

Omaha Stocks and Bonds.

The business of the Nelson-Zarp company has more than doubled in the last six months and the large contrunk lines as compared with Kansas tracts that the company has on hand City's two. Omaha is in the center for varnish with Berry Brothers and of a district equi-distant from two the Wheeler Varnish company, which runs for several years, with other contracts makes an expansion of the manufacturing end of the concern an

completely equipped factories of the kind in the middle west.

contracts makes an expansion of the manufacturing end of the concern an absolute necessity. Work has already begun on the en-largement of the varnish plant and when all the improvements contem-plated will have been completed the company will have one of the most completely equipped factories of the kind in the middle west. No New Bakeries Will Be Allowed to Begin Business Until the end of the present cri-tical wheat shortage, the opening of new commercial bakeries will not be permitted, announces Gurdon W. Wattles, federal food administrator for Nebraska. Anyone intending to open a bakery is requested not to apply for a license before August 1. Mr. Wattles further announces that not permitted to turn his license over to his successor. Thy buyer over to his successor. Thy buyer must make application himself, and

will be given a license if the sale is found to be a natural one.

found to be a natural one. Bakers, who were not in business in 1917 and who are baking other products than bread and rolls, will not be given any flour for other pro-ducts than bread and rolls before August 1.

Builders' Association Draws New Form of Contract to Be Attached to Leases to

10-11

Each Party.

Members of the Building Owners and Managers' association, at a meet ing this week, drew up a form which is to be attached to leases as a rider, and which will define the contract liability of tenants and owners of apartment houses on their leases.

The form is intended to bind both parties toy their contract agreements until the termination of such leases, and where the tenant finds it impossible, through some contingency over which he has no control, provision is made for notification and arrangement with the landlord or agent for the termination of the agreement under certain stipulations.

Steel & Co., and of the McCord, Brady company. "When Omaha was young," said he, "I traveled across the continent in company with J. M. Forbes, at that time president of the Burlington. He was a man of great vision and in a conversation I asked him the ques-tion which, in 25 or 50 years, would be the great continental cities. He A feature which will be of interest to tenants of apartment houses is in future all agreements for interior rethis will do away with all differences and misunderstandings in the relationship of building owners and occupants of apartments and be a more business like solution of some of the problems which confront both parties to a lease
