OLD MAN CARRIES MYSTERY OF HIS LIFE TO GRAVE

"John Bell" Dies at Falls City With Scrap of Letter Only Key to His History.

Falls City, Neb., June 12 .- (Special.)-A man, aged 85 years, is dead at the Hustead hospital, burial awaiting attempts to identify him. He was known here as John Bell and has lived in the county several years, accumulating considerable property. He was stricken at the home of a family named Roland, five miles northeast of Rulo. Subsequently the county authorities ordered him removed to the

hospital, where he died. "Bell" was very secretive about tory., He was told that he had no thance to recover, and that he had petter let his relatives know of his whereabouts and dispose of property. He refused to divulge anything of his past or his connections.

Upon his person was a letter ad-tressed to "J. W. Adams, Dear Uncle. March" (no year given). The letter was posted at Franklin, Ky, The writer spoke of the old man's illness, is the reason those in charge of the body think he had not given his correct name. Persons in Ottawa and those in Kentucky are in communication with authorities in charge of the body and it is thought something definite will be found regarding his identity and what to do with the body. The Roland family, has been acquainted with the deceased more than 14 years, but found out nothing about his history.

Behind the Front Line

Only the other day the French government awarded to an American woman the medal of honor for attending the wounded in the front line trenches. It is hard to estimate what a very large percentage of American women and girls are helping our soldiers at the front by good hard work here at home. But some women and girls are too weakened by troubles peculiar to the sex to do their share of the work. Every woman's burdens in the war are lightened when she turns to the right medicines. If her existence is made gloomy by the chronic weaknesses. delicate derangements and painful disorders that afflict her sex, she will find relief and emancipation from her troubles in Dr. Pierce's Favorite Prescription. If she is overworked, nervous or rundown, she finds new life and strength in this herbal tonic for women.

It can be had in convenient tablet form, at almost all drug stores, at sixty cents a vial. "The Prescription" is a powerful; invigorating tonic and nervine, which was discovered by an eminent physician, and has had more testimonials to its credit in the past fifty years than any other medicine. For young girls just entering womanhood, for women at various times, in pains, inflammations and kindred ailments, the Favorite Prescription will surely benefit.

It's a strong stomach that can stand the ordinary pills, with their griping and violence. What kind of a man or woman can it be who buys them? It's some one who doesn't know about Dr. Pierce's Pleasant Pelletsthat's certain. They're better—they're the best, in every trouble of the liver, stomach and bowels.

HIGH HEELS PUT CORNS ON TOES

Tells women how to dry up a corn so it lifts out without pain.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called freezone, which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or in-

convenience. A few drops applied directly upon the tender, aching corn stops the soreness and shortly the ent a corn most and all, lifts right out. It is a sticky substance, which dries the moment is is applied, and thousands of men and women use it because the corn s'iriv. els up and comes out without inflaming or even irritating the surrounding tissue or skin. Cut this out and try it if your corns bother you .-- Adv.

National Thrift Move and

CORD TIRES

How the conditions which meant efficiency before the war mean a public saving now

THE economy methods which, long before the war, prevailed in the Firestone factory have simply anticipated today's demands for judicious buying, conservation of resources and war on wuste.

This war against waste in the Firestone factory means war against waste on the road. For the values thus conserved go back into the product which more and more is recognized as the tire of Most Miles per Dollar.

This is more than a Firestone slogan, more than a working motto of the organization. National stress and the need of thrift now make Most Miles per Dollar a sound American doctrine.

More and more the world-affairs today require that you use your car. But more and more patriotism and common sense alike order that you use it wisely and at lowest upkeep cost. Experience proves that this means Firestone equipment. Get Firestones from your dealer now.
