

### HUN BRUTES PUT BELGIAN PEOPLE IN BATTLE ZONE

#### Deportation and Forced Labor Still Inflicted on Civilians in Conquered Territory by Germany.

Washington, June 14.—Deportation and forced labor inflicted upon Belgian civilians by the German government not only continues unabated, but has taken on a new character, according to memorandum presented to Secretary of State Lansing by the Belgian minister and made public today.

The deportation of civilians is still being carried on, especially in the military zone which comprises the two Flanders and a great part of the provinces of Hainaut, Namur and Luxembourg.

During March of this year 2,700 men from all conditions of life have been taken from Lockeren, in east Flanders, to do military work on the western front. Moerbeke, Wachtebeke and the surrounding region was called upon during the same month to furnish 800 civilians to lay railroads.

Under the new pretext the German government, says the memorandum, thus continues to tear the Belgians away from their homes in order to transport them into regions immediately behind the German front in France and Belgium.

There they are herded like cattle in special camps, compelled to do work of a military character; many are sent into the zone of operations and exposed to the fire of Belgian or allied batteries.

Besides, they are subjected to bad treatment and brutality; their complaints do not reach the outside world, for the military zone where they are sent is strictly closed and no delegate of a neutral power is ever allowed to enter this territory.

### WIRE MANAGERS TOLD TO ABIDE BY U. S. DECISION

Washington, June 14.—Evidence that President Wilson intends to see that the recommendations of the National War Labor board are followed out to the letter was seen today in the text of his communication to the heads of the two great telegraph companies asking that they accept the board's findings in their controversy with their employees.

The fact that the president had personally taken up the case became known last night with the announcement that Clarence H. Mackay, president of the Postal Telegraph company, that his company would waive its right to discharge men who have joined a union, and that Newcomb Carlton, president of the Western Union, would send his answer Monday.

St. Paul, Minn., June 14.—S. J. Konenkamp, president of the Commercial Telegraphers Union of America, declared tonight that President Wilson's action in asking telegraph officials to accept findings of the National War Labor board probably would result in some solution of the controversy before a strike of the Western Union company's operators is called.

### Labor Must Be Put Where It Will Do the Most Good

Washington, June 14.—Heads of federal employment service from all states here attending the national war labor conference were told today by department labor officials that war industries are perilously short of men and that there must be no temporizing in handling the task of putting labor where it will do the most good.

### SON OF OIL KING CHEERS WITH BOYS AT FORT OMAHA

(Continued From Page One.)

the United States army of today, the spirit of reverence toward womanhood, the spirit which no longer regards a woman as a mere flower to be plucked.

#### Lead New Conflict.

"American soldiers are to lead in a new conflict of self-control and moderation against an enemy which knows no self-control or moderation, which has bartered its soul for material gain for conquest and for lust.

"It is our mothers for whom we should thank God, fellows, our mothers and our sisters who personally all that is pure and noble in our home life. And the new American army treats the sister of any other man as he would want his own sister to be treated."

After the close of his talk the soldiers gathered about Mr. Rockefeller to shake his hand. He gave each man a word of greeting and stood surrounded by earnest, questioning groups, long after his talk was finished.

From Fort Omaha Mr. Rockefeller went directly to Florence field, where he gave a short talk and held the same kind of reception and was cheered in the same fashion.

From Florence field he was driven down town, stopping in front of a drug store to eat ice cream sodas with the other members of the party.

#### To Visit Other Camps.

Mr. Rockefeller was met in Omaha by A. H. Lichy, executive secretary of the central department of the Young Men's Christian association. Mr. Lichy is supervisor of the army work of 612 association secretaries in army camps extending from Pennsylvania to Utah. This morning the two will leave for Camp Dodge, Ia., and from there will make a 10 days' tour of army camps east of Des Moines.

Mr. Rockefeller made his trip west for business purposes and has spent 10 days in Colorado looking after his interests there. He spoke at Fort Logan, Colo., Thursday evening.

Mrs. Rockefeller has accompanied her husband on his trip and was with him in Omaha until early yesterday evening, when she and Miss Abby Rockefeller, the daughter of the family, left for New York City.

Mr. Rockefeller has five sons, the oldest of whom is 15 years old. He says they all are anxious to be soldiers and to wear the khaki.

"I am much pleased with the spirit of the west," said Mr. Rockefeller yesterday afternoon at his hotel. "The west is surely roused to the meaning of the war. Why, do you know, that in dozens of our mining camps in Colorado, every man in the whole camp has bought Liberty bonds? I never saw anything like it."

### ASQUITH ASSERTS CRITICAL POINT IN WAR HAS ARRIVED

London, June 14.—Speaking at a luncheon of the Aldwich club today, former Premier Asquith said there was no use in cloaking the fact, or minimizing its gravity that the allies had reached a most critical point in the fortunes of war.

But nothing that had happened on the western front since the last week of March, he added, would in the slightest degree weaken British allegiance to the great purpose for which the British people were fighting, or their determination to press on to the final accomplishment of their aims.

#### French Budget Approved.

Paris, June 14.—By unanimous vote the senate today passed all the clauses of the financial measure and also approved the entire budget.

### BEGIN DRIVE TO BRING MEETING OF BLIND HERE

#### Condemned Prisoner Rebuked by California Court for Reflection in His Speech on Prosecutor.

A determined effort to bring the national convention of the blind to Omaha in 1921 will be made by the Nebraska Association of Workers for the Blind. At the final session of the

state convention Friday morning a resolution was adopted imposing this duty upon the executive committee. The national convention has never been held in the middle west, and the blind living in this part of the country believe it only right that they should have the next meeting in 1921.

Officers of the Nebraska Association of Workers for the Blind for the next two years were elected as follows: President, L. N. Muck, College View; vice president, Charles H. Amodeo, York; recording secretary, Henry J. Gierau, Wewela, S. D.; corresponding secretary, Lyle A. Harris, College View; treasurer, Clark Bruce, Nebraska City.

The ballots were written in the blind language on "slates," a metal contrivance used by the blind for writing.

### Socialist Leader Arrested.

New Haven, Conn., June 14.—M. Plunkett, socialist candidate for governor and secretary of that party in Connecticut, was arrested by Department of Justice agents at his place of business in Wallingford today on a charge of violating the espionage act.

### Borah to Renew Demand For Open Senate Discussion

Washington, June 14.—Senator Borah today notified the senate that he would reintroduce his resolution proposing that treaties be considered in public, which was defeated 50 to 23 during the fight on the Underwood rule to limit all senate debate.

### Women Lose in Federation

St. Paul, Minn., June 14.—Women delegates to the annual convention of the American Federation of Labor suffered their initial defeat today when a resolution enlarging the executive council to 13 and including two women members, was voted down.

"Berg Suits Me"

## Impressive Summer SUIT STYLES

in Fabrics of MASTER DESIGN

For Young Men and Their Elders

These are the most satisfactory suits we have ever shown. Good in outside appearance and good in the hidden parts that make the garments hold their shape and style.

Young Men can select from models which show new style effects; new pockets, lapels, shoulders; new forms of filled shapes; all full of life and vigor.

Older men, still young in spirit, may let their tastes guide their choosing in suit conservative, but the acme of style.
