STORE NEWS FOR MONDAY

Phone Doug. 137

THIS IS THE SEASON OF OUTDOORS

THE time for hiking, automobiling, strenuous sports and pleasing pastimes, and everyone will want their tennis racquets, their swimming suits, fishing reels, and the countless other paraphernalia that gives a glad glow of pleasure and health to the face and body—fitting us for the strenuous times which we will have to meet.

Five Hours of Day Light

Beginning Monday, June 17, and until further notice, this store will be closed daily at 5 o'clock excepting Saturdays, which as usual, will be 6 p. m.

The opening hour will continue to be 8:30 a. m.

This in reality will give the hundreds of workers of this organization five hours of daylight each day, to use to their best advantage and as they so will.

Our advice to our people is to push the dinner hour farther ahead and to get out into the open. Surely no better use can be made of some part of this "five hours of daylight," than to apply it to the improvement of one's health.

We believe that the extending to our people this extra hour each day during the heated term will enable us to render you better, more intelligent and more courteous service than ever before.

Convertible Sport Shirt Blouses

Your choice in the finest of materials, mercerized soisettes, mercerized pongees, percales; in fascinating stripes, checks, polka dots and white—typical sport patterns, everyone,

65c and 85c
 On Sale Monday Morning
 At 8:30 O'clock

AN unexpected invitation to an auto party—and not a single fresh blouse! Such was the problem a young Eastern woman solved by wearing a nifty sport shirt belonging to her brother. Compliments upon her "blouse" brought out a laughing confession—the idea took at once—and now, in the East, the wearing of men's sport shirts by women is a fad that has evidently come to stay.

And women everywhere are asking "Why haven't we worn them before?" You've seen your menfolk in their cool, soft shirts and honestly, haven't you envied their spotless, tantalizingly cool look? You can be just as comfortable in your sport shirt. It has jauntness—ease—comfort—with cool, short sleeves and the long, coat skirts that keep the blouse from creeping out of your belt. It's made to wear and to wash easily—no starching and no fear of fading.

The sport shirt will fit right into vacation plans—golfing, tennis, autoing—days at the lake or romping with the kiddies. And you couldn't make a beginning at getting material for a blouse at the same price. It's cool—comfortable—economical—

And so "fetching" that it's worth while "dropping everything" Monday to come down and make an early choice.
