

SHERIFF TRAPS BOY WITH BOOZE; GIVEN BIG FINE

Peter Antos at Plattsmouth
Finds Officer Awaiting His
Arrival Instead of His
Companions.

Plattsmouth, Neb., June 18.—(Special.)—Peter Antos went to St. Joseph and there securing two suit cases of whisky, returned to this place, but purchased his ticket to Maynard, which is four miles south of here. Sheriff Quinton being notified, was at the station when the train stopped and brought the young man to this city in his car. Another car in waiting drove away when its occupants observed the sheriff. Before Judge M. Archer the young man received a sentence of \$100 and the state took the booze. The matter of the three men caught at Louisville a few days since was disposed of, the judge giving them sentences of \$500 each and some \$10 in costs, with the confiscation of three cars, which are two Studebaker roadsters and one seven-passenger Case. The men were taken to Omaha by the federal authorities.

The other cases, where R. Edenfield, Marie Gibson, Margaret Montgomery, E. Z. Finn and W. T. Went were picked up by Night Policemen Alvin Jones, yielded \$128 in all, making for the three days \$759.

He had two pints of whisky on his person. Vincent was in possession of eight quarts of the liquor, which were stored in his room. The local police, headed by Chief Laughten, were assisted by a state officer in making this raid. There were also placed under arrest three local men and a charge of intoxication was filed against each of them, resulting in a fine of \$15 and costs against the trio. They pleaded that lemon extract and not booze got them into trouble.

Campaign Statement Is Issued by N. P. Dodge

N. P. Dodge, who has filed as a candidate for the republican nomination for congress in the Second district yesterday issued a statement concerning his candidacy, as follows:

In seeking the republican nomination for congress in the Second congressional district, I am actuated by one purpose and one only: that is to obtain a place where I may serve my country, and where I may render assistance in support of every government measure which has for its object speedy victory for the allied forces, and the final establishment of an American peace, which means restoration and indemnity to every country now devastated or dominated by German military autocracy. I believe that this is the time for optimism and enthusiasm, not for criticism. Past mistakes should be merely lessons to guide our future judgment, both as to measures and men. Until the war is over it should be a question of individual efficiency. I am entering the contest relying upon the undivided support of a united republican party, and every red-blooded American, native born or naturalized.
