What Nuxated Iron is made from

Sworn Statement of Composition of Its Formula.

It increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time in many instances.

THE Board of Directors has authorized the broadest publication of the sworn statement of the composition of Nuxated Iron, one of the most widely used tonics, strength and blood builders in the world, so that the public may examine it for themselves and judge as to its merits.

It is conservatively estimated that this remarkable formula is being used by over 3,000,000 people annually in America alone. Among those who have used and strongly endorse it are many physicians formerly connected with well-known hospitals. Former United States Senator Charles A. Towner, former members of Congress; distinguished U. S. Army Generals (Retired), Judge Atkinson of the United States Court of Claims at Washington and former Health Commissioner Kerr of Chicago.

Newspapers everywhere are invited to copy this statement for the benefit of their readers. It is suggested that physicians make a record of it and keep it in their offices so that they can intelligently answer questions of patients concerning it. A copy of the actual sworn statement will be sent to any one who desires such. It is as follows:

Iron Peptonate (Special Specific Standard).
Quantity given below: Sodium Glycerophosphates U. S. P. (Monosant), Calcium Glycerophosphates U. S. P. (Monosant), P. E. Nux Vomica U. S. P. (Monosant) Bitters, Magnesium Carbonate, Po. Ginger U. S. P. Oil Cassia China, U. S. P. Calcium Carbonate Precip. U. S. P.

Each dose of two tablets of Nuxated Iron contains one and one-half grains of organic iron in the form of iron peptonate of a special specific standard which in our opinion possesses superior qualities over any other known form of iron. By using other makes of iron Peptonate we could have put the same amount of organic iron in the tablets at less than one-fourth the cost to us, and by using metallic iron we could have accomplished the same thing at less than one-tenth the cost. In doing this we would have most certainly impaired their therapeutic efficiency. Glycerophosphates used in Nuxated Iron are of the highest quality. Their formula is the most progressive and the most valuable tonic ingredients known. We especially recommend to build up the nerve force and increase brain power, as glycerophosphates are said to contain phosphorus in a state very similar to that in which it is found in the nerve and brain cells of man. As will be seen from the above, two important ingredients of Nuxated Iron (Iron Peptonate and Glycerophosphates) are very expensive products as compared with most other tonics.

Under such circumstances the temptation to adulteration and substitution by unscrupulous persons, is very great and the public is hereby warned to be careful and see every bottle is plainly labeled "Nuxated Iron" by the Dae Health Laboratories, Paris, London, and Detroit, U. S. A., as this is the only genuine article. If you have taken other forms of iron without success, this does not prove Nuxated Iron will not help you. We guarantee satisfaction to every purchaser or your money will be refunded.

In regard to the value of Nuxated Iron, Dr. A. J. Newman, late Police Surgeon of the City of Chicago, and former House Surgeon Jefferson Park Hospital, Chicago, says it has proven through his own tests of it to excel any preparation he has ever used for creating red blood, building up the nerves and strengthening the muscles. Dr. J. W. Armstrong, Grove Hill, Ala., graduate of the University of Alabama School of Medicine, Mobile, 1883, says: "In the cases I used Nuxated Iron I have found more beneficial results than from any preparation I have ever used in 34 years' practice." Dr. R. B. Bangs, Polkville, Miss., graduate of the Memphis Hospital College, Memphis, 1888, says: "I always prescribe Nuxated Iron where a reconstructive tonic is indicated." "Nuxated Iron often increases the strength and endurance of delicate, nervous, run-down folks in two weeks' time."

"Dreamland Adventures"

By Daddy—"The Invisible Fairy"

A complete, new adventure each week, beginning Monday and ending Saturday.

CHAPTER III.

In the Giant's Grasp.
(Previous chapters have told how Peggy, made invisible by camouflage perfume, has gone to Birdland to attempt to reform the giant of the Woods and enlist him in patriotic farm work. There she saves the giant's life by attacking a rattlesnake that is about to strike him.)

THE Giant gave a great jump to one side as he whirled around and saw the rattlesnake writhing on the ground. Peggy saw that the snake was not dead and gave it another blow on the head as it coiled again. She was not strong enough to kill it.

The Giant was astonished at seeing the club apparently leap out of the air and hit the snake—for Peggy was invisible to him. Nevertheless, he was not too much amazed to leap forward, seize the club from Peggy's hand, and give the rattler a smash that finished it.

The fish that Peggy had pulled from the water was flopping around in the grass. The noise startled the Giant and he gave such a jump that he slipped down the bank and went splash into the river. He was up and out again in a second, but he looked so surprised and funny that Peggy couldn't help laughing out loud.

Hearing the laugh, the Giant bounded up the bank and looked all around. Peggy hid behind a tree until she remembered that she was invisible and then she came out boldly. The Giant looked so amazed at not finding any one about that Peggy laughed again. The Giant in his perplexity whirled around and around like a top, trying to find her.

Then suddenly, to Peggy's surprise, the Giant sat down on a stump and buried his face in his hands, the picture of despair.

"It's no use," he muttered. "I've got 'em again. I'm a goner."

Peggy's heart was moved by quick pity.

"Don't be afraid, Mr. Giant. It's only me," she said.

The Giant jumped up and glared wildly around. Peggy scurried out of his reach.

"I'm seeing things and I'm hearing things," he muttered. "I'm sure crazy this time!"

"Of course you're seeing things and hearing things, but there's no harm in that," said Peggy reassuringly.

"Who are you?" asked the Giant in such a humble voice that Peggy laughed again. It was really funny to have this great big chap so tame and so scared. And all because of a tiny little girl whom he could not see.

"I am Princess Peggy," she answered. "You don't know that you know me, but you do. I'm the one who freed all your bird captives."

"Oh," said the Giant. "You're the witch."

"Indeed I'm not a witch," protested Peggy indignantly.

"I've heard your voice before," went on the Giant. "And I couldn't see you either. It was away up in the air."

"When we kidnaped you," Peggy

CORRECT APPAREL FOR MEN AND WOMEN

INVESTIGATE THEN DECIDE

Let us send you our free bulletin explaining our \$30 quarter-acre tract investment.

Study the maps printed therein, showing the location of our High Island property and our proven lease in the heart of the Humble Gusher Oil Field.

Read the United States Government geological reports on High Island, showing the similar formation to the great oil fields in adjoining counties.

REALIZE THAT YOU PROFIT

First—From the value of your 1/4-acre tracts when we prove High Island to be a great gusher oil property.

Second—From your 1-10 royalty from the wells drilled on your tracts.

Third—From your Profit Sharing Contract, entitling you to participate proportionately in the profits from all wells drilled both at High Island and on our proven Humble lease, where we know we have the oil.

You will then agree with our statement that we have the best possible prospects of making a fortune for our 1/4-acre-tract purchasers.

Fair-minded people are daily investigating our plan, and then buying as many \$30 1/4-acre tracts as they can afford.

Lemon Juice For Freckles

Girls! Make beauty lotion at home for a few cents. Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face and neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Advertisement.

Alkali In Soap Bad For the Hair

Soap should be used very carefully. If you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulsified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulsified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.—Adv.

Kidneys Cause Hysteria

Some folks overwork; some overeat; some over drink, and many do all these things and neglect the excretory organs. Nervousness ensues. Constipation, sometimes, but most often the delicate function of the kidneys become disordered, followed soon by congestion. Then headache, neuralgia, rheumatic pain, backache, and lumbering pain in. Frequent urination sometimes being dark and foetid odor, and its passage followed by burning, smarting spasms of pain, even hysteria being often the result unless

Balmwort Tablets

the greatest of all kidney medicines, is taken to regulate, ally and neutralize the irritation of the organs.

HOW TO TREAT A WOMAN BY HER HAIR

There is real common sense in just noticing whether the hair is well kept to judge of a woman's neatness, or good taste. If you are one of the few who try to make the most of your hair, remember that it is not advisable to wash the hair with any cleanser made for all purposes, but always use some good shampoo. You can enjoy the very best by getting some Canthrox from your druggist, dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply to it all the hair instead of just the top of the head. Dandruff, excess oil, and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its luster and softness will also delight you, while the stimulated scalp gains the health which insures hair growth.—Adv.

CADOMENE GOOD FOR OLD PEOPLE

Read This Voluntary Letter The Blackburn Products Co., Dayton, Ohio:

Dear Sirs: I just bought another tube of Cadomene Tablets. My wife and I have used one tube and find them as you state. They have made my wife a whole lot better, as she was so cross from being so nervous and run down. They have helped me, too, as I was so nervous and irritable and unable to sleep. We are both getting well along in years, although we do not feel old since taking Cadomene Tablets. They surely made us feel like new people, all right, etc. Yours respectfully, Hugh Kelsoe, 219 E. Broadway, Muskogee, Okla. Cadomene Tablets is the best medicine for nervous, rundown systems. Sold by druggists everywhere.—Adv.

CUTICURA HEALS STUBBORN ECZEMA

On Head, Forehead and Face With Three Cakes Soap and Two Boxes of Ointment.

"I had a very stubborn case of eczema on my head, forehead and face. It commenced like a rash and gave me a great deal of trouble in the way of itching and burning, until I could not rest nights. At times it itched and burned so badly that I would have to get up at night and bathe."

"Then I got a sample Cuticura Soap and Ointment. I purchased more, and about three cakes of Cuticura Soap and two boxes of Ointment healed." (Signed) R. L. St. John, M. D., Unionville, Mo., July 19, 1917.

You may rely on Cuticura Soap for every-day toilet purposes.
