

ALL STOCK YARDS ORDERED UNDER FEDERAL LICENSE

President Issues Proclamation Which Becomes Effective July 25; Traders Included in New Food Regulations.

Washington, June 20.—All stock yards in the United States today were ordered by President Wilson to be put under federal license.

License is also required of commission men, order buyers, traders, speculators and scalpers handling or dealing in live cattle, sheep, swine or goats, "in or in connection with such stock yards" except those exempted by the food and fuel law.

Regulatory powers under the proclamation are conferred upon the secretary of agriculture, who in turn, it was announced, has delegated the authority to the bureau of markets, of which Charles J. Brand is chief.

Licensing machinery developed by the food administration in connection with the licensing of firms engaged in handling of foods will be used, it is explained.

Penalties for those who fail to obtain licenses are provided in the president's proclamation.

The president based his proclamation as follows: "The stock yards shall be placed under license and regulation by the department of justice, which should also establish a government system of animal grading under suitable regulations and methods of price reporting of actual transactions."

Daily reports should be made on distribution and destinations of live stock, meats and other products from principal packing points.

Effect in Omaha. General Manager Buckingham of the Union Stock Yards company, commenting on the proclamation of President Wilson, placing all stock yards, traders and commission companies under federal license, said: "We have been anticipating such action for some time. We have not as yet received official notice of the change, but, of course, we are ready to co-operate with the government in every way possible toward the winning of the war. It is too early to speculate as to the effect the change will produce."

W. B. Tagg, president of both the Omaha Live Stock exchange and the National Live Stock exchange, said: "We have no complaint to make against the new order. We will abide by the president's proclamation."

Judge Protects War Garden By Placing J. H. Hill Under \$500 Bond

Judge Holmes of municipal court Wednesday afternoon placed J. H. Hill under bond of \$500 to restrain him from interfering in any way with the war garden of Patrick Barry at Thirty-seventh and Francis streets.

Mr. Barry, who lives at 1923 South Thirty-fifth avenue, complained to the Board of Welfare and asked for free legal aid. City Prosecutor Murray was assigned to represent Barry. Hill was arrested on a peace warrant issued by Judge Holmes.

Barry testified that last spring he arranged with a real estate firm to cultivate an acre in potatoes. During April the real estate people sold to Hill and his family four lots on a contract basis of \$5 down and \$5 per month. Hill seemed to think that he

Two hundred thirty-four pints of whisky, bottled before the prohibition law went into effect, were found by special officers in the barn, 3816 Chicago street, in which Petersen sleeps when in Omaha.
