Inquest to Be Held to Clear Mystery of Death Supposed to Have Been Accidental.

An unidentified man was run over and instantly killed by a switching train at Eighth and Davenport streets Wednesday afternoon about 4:30 o'clock. No identification marks were found in his clothing. The police were not notified.

A man supposed to be a Union Pacific switchman notified County Attorney Magnien of the death and stated that he first saw the man as the body rolled from under the cars of the train. The county attorney is investigating the case and stated Wednesday night that an inquest probably would be held.

After notifying the county attorney the switchman hung up the telephone receiver without giving his name. A hurried investigation failed to disclose any eye-witnesses of the accident and the cause cannot be learned. Robbery or foul play is thought possible by the county attorney, as the dead man had but 2 cents in his pocket. The body was too badly mangled to state definitely whether he had been wounded previously.

The chief dispatcher of the Union Pacific and yard-master stated that they had received no report and knew nothing of the accident. The body was taken to the Brailey & Dorrance undertaking parlors, where it is being held for identification.

The dead man is white and about 45 years old. He has blue eyes, sandy mustache and weighed about 150 pounds. His height is about 5 feet 11 inches.

Little Insurance Talks By Henry H. Lovell, Insuror

We have just received, because we have paid the State License on an Automobile, a circular from the Omaha office of an out-of-the-state Automobile Indemnity Association. The envelope bears a cut of the First National Bank building, in which this branch has office space. The circular states they have the cheapest automobile insurance, shows a picture of a car wrecked in collision, reproduction of a check in payment of the collision loss for \$209.37, and a letter from the assured acknowledging payment of collision loss suffered in connection with collision with an Omaha Crocker company's truck; saying further: "If I had not been covered my loss would have been heavy."

Without the collision insurance this party's loss need not have been anything, as the Omaha Crocker company is a responsible company and carries first class insurance against the damage of property of others through operation of its trucks; unless, as we understand was the case, the fault of the collision damaging this car, which from the picture appears to be trimmed down to a racer type, was that of the driver of the damaged car. If you will buy a policy in this association it is this kind of claim that you will be asked to help contribute to.

The circular quotes rates in Omaha, \$18.50 per year for collision. The rates on Automobile Insurance that we quote in this office might perhaps be termed the highest, but it is only right that you should pay the highest rate if you are to have the best insurance. We have very thoroughly investigated these rates, in dollars and cents, and eventually cheap in quality of service and loss paying propositions, and have not been able to bring ourselves to take up any of them, though we could do so, because we want to be fair to our policy holders and not suffer the embarrassment of discontinuance of an Insuring company, since we have seen in our own experience not less than 50 cut rate Casualty companies in various lines start up and go out of business.

To return to this collision rate: The policy of this Automobile Indemnity association, which we have before us, says with reference to the collision coverage: "Loss or damage to said automobile—caused while this contract is in force, solely by collision with another vehicle, any animal, or any rolling stock of any public carrier. Damage or loss to tires by collision is not covered." Deductions are provided for in the event of a loss and the maximum amount payable for collision under the policy runs from \$300 to \$500.

Our collision coverage, against which their price quotation is put out, varies in premium charge with the value of the car and is not appreciably higher than their charge when the quality and amount of the coverage is considered. For instance, collision with ANY object damaging the car, even collision with the ground (for instance, overturning, rolling down embankment) or damage to tires if the car is otherwise damaged in collision, is covered. It is not limited to another auto, an animal or a public conveyance collision.

Their quotation of premium for liability and property damage is given. Their policy provides exactly one-half as much insurance as is almost invariably written on which a premium is quoted by standard stock companies. Their circular says further: "Let us explain it to you."

STOP, LOOK AND LISTEN and let us explain our insurance to you compared with theirs. Let us analyze with you the financial statement which they themselves put out. It is to laugh to note their statement: "Licensed and Authorized by the Nebraska State Insurance Department." Let us tell you just what that means insofar as an Interinsurer company is concerned. (To be Continued.)

SOUTH SIDE NEW RECORD SET FOR HEAVY BEEF CATTLE AT \$18.25

Elmer Graham of Creston Paid Extraordinary Price for 35 Herefords; 1,900 Cow Brings \$270.75.

The highest price ever paid for heavy beef cattle on any open market in the world was paid Wednesday to Elmer Graham of Creston, Neb., according to Wood Bros. Live Stock Commission company, who sold the shipment of 33 Hereford and Short-horn steers to Morris & Co. for \$18.25 per 100 pounds. This was 25 cents per 100 pounds higher than cattle ever sold before in either Omaha or Chicago.

The cattle were fed on a basic ration of corn and alfalfa, finishing with Tarkio molasses feed and oil cake. The average weight was 1,381 pounds. Mr. Graham is a veteran cattle feeder, and is the son of E. T. Graham, who for many years furnished the South Side market with some of its best stock.

Other shippers, who broke the previous record price of \$18 Wednesday, were W. H. Charlton of Blair, who marketed two loads of prime Hereford and Durham steers, averaging 1,459 pounds, at \$18.15 per 100 pounds, and A. J. Ladenberger of Morse Bluff, who sold a load of choice heavy Whitefaces at the same figure.

Another feature of Wednesday's cattle market was the sale of a cow, expected by D. S. Anderson of Lexington, Neb., that weighed 1,900 pounds, one of the heaviest cows ever handled on the South Side market. The animal brought \$14.50 per 100 pounds, and netted \$270.75.

The sheep market for the first three days of the week has been exceptionally heavy, Omaha receiving 40,000 as against Kansas City's 35,000, and breaking even with the Chicago market.

Mistaken Identity Sends Louis Bird to Jail for One Night

Mistaken identity, with the hero suffering numerous inconveniences and having his real name revealed in the last act, is as old as the hills as a stage situation, but Louis Bird, 18, 307 Bancroft street, doesn't want to be made the hero of any more such plays staged with Omaha as a background.

Bird passed Tuesday night in jail because someone arrested Saturday night for not having dimmed automobile headlights had used Bird's name and address instead of his own.

When Bird did not appear in police court when his name was called Monday morning, Judge Madden issued a capias. Bird was arrested Tuesday evening.

Both his father, his mother and Bird himself asserted that the lad knew nothing about operating an automobile.

Welfare Board to Extend Work Among Omaha Negroes

Work among the negroes of Omaha was planned at a meeting of the Board of Public Welfare Tuesday night.

Mrs. Ruth Wallace, negro worker in the office, was given an increase in salary in recognition of the work she has been doing. She is now organizing cooking classes to be held at the various negro churches in the city. Mrs. Wallace was also granted leave to attend the meeting of the federation of negro women's clubs to be held July 12, to which Governor Neville has appointed her a delegate.

At 2 o'clock Wednesday a meeting will be held in the welfare board rooms for the purpose of completing arrangements for a branch of the social settlement on the South Side, to be devoted to negroes. Mrs. J. H. Dumont, chairman of the Settlement board, will preside at the meeting, to which all the negro churches and other organizations are expected to send delegates.

Miss Daisy Stine was elected to act as stenographer in the Welfare office, and Mrs. Nancy Moore was appointed to a position in the co-operative employment office in the court house.

SLAIN CHAPLAIN WAS FRIEND OF REV. TITUS LOWE

Omaha Minister Recites Lovable Characteristics of Capt. Walter S. Danker, Who Fell in France.

Capt. Walter S. Danker, chaplain of a Massachusetts regiment of infantry, who died of wounds received in France, was a personal friend of Rev. Titus Lowe. His home was in Worcester, Mass., where he was pastor of one of the largest Episcopal churches.

Rev. Mr. Lowe recites many admirable characteristics of Captain Danker, who, he states, was the first American chaplain to die with the expeditionary forces. He was wounded immediately following the Sunday morning services which he conducted. He died the same night. He was with his regiment during the Mexican border trouble and accompanied it to France.

During the early part of April Captain Danker was decorated by the French government with the Croix de Guerre with palms for exceptional gallantry during an engagement of the Massachusetts troops in the front line trenches. Although unarmored he went "over the top" with his regiment and during a terrific bombardment he administered to the wounded Americans.

Rev. Mr. Lowe speaks in the highest terms of the esteem in which he is held by the soldiers in his regiment and how he was constantly devoting his time to their interests. When sweaters were needed it was he who made arrangements to have them supplied. Wealthy citizens of Massachusetts subscribed a large fund, which was turned over to him to carry out his plans for caring for "his boys."

FIREMAN ON UNION PACIFIC RAILROAD TELLS EXPERIENCE

Omaha Man Says Three in His Family Are Being Helped Through Taking Tanlac.

A tired, overworked stomach and kidneys, often produced by too much hastily eaten food, can cause innumerable ailments, among them being dyspepsia, nervous break downs, blood troubles and even rheumatism. People so affected, and there are thousands of them, are laggard and nervous and feel tired. They are worn out after a little exertion and are moody and depressed. They also are apt to suffer from sleeplessness and, as a general rule, lose rapidly in weight. These are symptoms of over-worked vital organs, which need cleansing and toning up.

The value of Tanlac in the treatment of this condition is evidenced by the testimony of many thousands from all over the country who have been benefited by it. Walter H. Christian, a well-known fireman on the Union Pacific railroad, living at 2318 Sahler street, Omaha, called at a Sherman & McConnell drug store recently and said:

"My wife and my mother-in-law, as well as myself, are all taking Tanlac with the best of results. My appetite was very poor most of the time. I lost considerably in weight and often had dizzy spells. My blood seemed to be run down and impoverished, as for sometime I had been bothered with abscesses and had to be operated on as many as six different times for this trouble. I also suffered from painful, disordered kidneys, my back hurt me terribly and I was in such a run-down, weakened condition that I hardly knew what to do. "I finally made up my mind, from what others said about Tanlac, to try it. Well, my appetite picked up with the first bottle and then my pain and misery gradually disappeared. I have regained the eight pounds I had lost now and with the return of my strength the dizzy spells went away. I eat like a horse now and am hungry all the time. I am almost well already and believe another bottle or so of Tanlac will put me in tip top shape. All at my house think Tanlac is excellent medicine and take pleasure in recommending it to others."

Tanlac is sold in Omaha by Sherman & McConnell Drug Co., corner Sixteenth and Dodge streets; Sixteenth and Harney, Owl Drug company, Sixteenth and Farnam streets; Harvard Pharmacy, Twenty-fourth and Farnam streets; northeast corner, Nineteenth and Farnam streets, and West End Pharmacy, corner Forty-ninth and Dodge streets, under the personal direction of a special Tanlac representative.—Advertisement
