

DRAFT AGE LIMIT EXTENSION VOTED DOWN BY SENATE

Army Appropriation Bill Amendment Rejected, 49 to 25; Norris for and Hitchcock Against Change.

By Associated Press. Washington, June 28.—The senate late today rejected by a vote of 49 to 25 the fall amendment to the \$12,000,000,000 army appropriation bill extending the draft ages to 20 and 40 years respectively. Senator Norris of Nebraska favored the amendment while Senator Hitchcock was opposed.

To Push Aircraft. Settlement of the controversy, which has held senate attention for several days, cleared the way for passage of the \$12,000,000,000 appropriation.

Besides disposing of the draft age question, the senate adopted several amendments to the bill. One authorized organization of the \$100,000,000 aircraft production corporation proposed by the Aircraft Production board as a vehicle for co-ordinating aircraft production as ship building is co-ordinated by the Shipping board through the emergency fleet corporation.

Another authorized the plan of basing draft quotas on the number of men in class 1, instead of upon state population. The senate previously had adopted the draft quota legislation, but it had been held up in the house.

Neutrals Affected. An amendment adopted affecting neutrals provides citizens of neutral countries now subject to draft who have declared their intention of becoming American citizens shall not be eligible for citizenship if they claim exemption from the draft. The provision, offered by Senator Hitchcock, was adopted as a substitute for an amendment approved by the State department, providing for exemption from the draft of all citizens of neutral countries.

The Bee's Fund for Free Milk and Ice

"Hoping it will help some baby," a woman mails The Bee's fund \$1.00. It certainly will help some baby, madam. A dollar will go farther and do more good to a suffering baby or small child in this fund than anywhere else that we know of. This is because there is no expense connected with administering the fund. That is done by an organization of nurses who are in the best possible position to know just where the needy babies are, throughout this great city. One hundred cents in that dollar, as in every other dollar given to this fund, will go to buy pure milk and cooling ice for helpless babies and small children.

Send or bring any sum from 10 cents to \$5.00 to The Bee office. It will be acknowledged here. Previously acknowledged: \$167.50 E. W. Gunther, \$5.00 Mrs. Howard L. Appleby, Arlington, Neb., \$1.00 Miss Catherine Pinkerton, \$2.00 Mrs. T. L. Davis, \$5.00 Total \$180.50

HUNS GIVEN NASTY KNOCK BY BRITONS

(Continued From Page One.) British, who attacked them from all directions.

The losses among the storming infantry for the entire engagement were light, due largely to the fact that the show was over before the enemy was able to organize.

As a special feature of the program Australian troops on the left carried out a simulated attack of their own, adding nearly half a hundred prisoners to the bag.

Taken by Surprise. Statements by prisoners show that the enemy had not the slightest expectation of the British taking the initiative at this point. The Germans felt so secure that they were devoting most of their time to a campaign against the epidemic known locally as the Flanders gripe, which has sent many of them to hospitals.

The British were over the top and at the enemy before the latter realized their danger. Machine gun posts were stormed and cleared out with hand grenades and bayonets. Where the Germans were holding a stretch of trench, the attacking troops rushed up with rapid fire and swept the ditches with an intense fire that annihilated the defenders.

British Attack in Italy. Rome, June 28.—British troops on

the Asiago plateau yesterday penetrated the Austro-Hungarian trenches, inflicted losses on their occupants and brought back prisoners, it was announced today by the Italian war office. On other parts of the front Italian scouting parties engaged in brisk fighting.

French Smash Enemy Back. With the French Army in France, June 28.—The first notable activity for some time on this front occurred early this morning, when the French executed a successful local operation southwest of Soissons and on the borders of the forest of Villers Cotterets. Several positions whose continued possession would have permitted the enemy to prepare a future offensive were captured.

The French attack was at dawn along a front of 6,000 yards and the fighting proceeded throughout the day. By late afternoon when this dispatch was filed, the French had advanced considerably, taking a number of prisoners and more were coming in. The allied troops had reached the outskirts of the Fosse-Bas-Cutry and St. Pierre Aigle, where a most determined struggle was progressing. The Germans had been ejected from a portion of the forest of Villers Cotterets southward to St. Pierre Aigle. The French artillery was completely dominating the enemy guns.

"The trouble lasted about two months. After using one cake of Cuticura Soap with one box of Ointment she was healed." (Signed) Gep. Col-linson, 306 W. Winfield St., Morrison, Ill., August 8, 1917.
