DO YOU KNOW

There were 1,000,000 new autos manufactured in 1917. The government says only 25,000 shall be made in 1918. That means more persons will buy used cars and all the more reason for the existence of a different kind of a used house.

DO YOU KNOW

We have brought the selling of a used auto up to a legitimate, dependable standard. We give you the car you want, give you the lowest price in the west, quality considered. A different kind of a used car house is here, and we want the opportunity to prove this to you.
