School Nursing Corps Establishes Summer Hygiene Centers

To continue the work of child health conservation begun during the school year, the school nurses corps has instituted summer hygiene centers throughout the city.

During the past week, at Kellom school, which was the first to be used as a center, 47 children attended. Dr. E. T. Manning of the board of health addressed them in the morning. The nurses make an examination especially of the throat, nose, eyes, ears and teeth.

Where defects need special attention the child is directed to the family doctor or to the free medical dispensary. During the coming week the examination work will be held at Cass school. There will be 6 nurses in attendance, the Misses Laura Dennison, Gertrude Ellsworth, Irene Jones, Caroline Christensen, Leona Blythe and Bertha Anderson.

Picnic for Children

Thursday afternoon the mothers' club, recently organized among the negro women of Omaha, entertained 40 children at a picnic in Hanscom park. There are 12 members of the club, which Mrs. John Mackin, thirty-ninth and Charles streets, is president. The members have 14 children of other mothers who are at meet twice a month and entertain their own little ones and also the children of other mothers, who are at work. The club was organized six weeks ago through the efforts of Mrs. Ruth Wallace, negro worker connected with the Board of Public Welfare.

Woman's Press Club

The final meeting for the year of the Omaha Woman's Press club will follow luncheon at the Chamber of Commerce Wednesday at 12:45 p. m. Yearbooks will be distributed at this time.

Business Women's Council

Noonday meetings of the Business Women's Council which have been held at the Municipal auditorium during the winter, will be discontinued for the present.

Spanish Club

The Omaha Spanish club meeting will be held at 7:30 p. m. Monday evening in Hanscom park.

Onward Kitchen Soldiers

(Tune—Onward, Christian Soldiers.)
Onward kitchen soldiers,
Allies in the war;
Flag of conservation,
Going on before.
Hoover, with his army,
Leads against the foe;
Onward kitchen soldiers,
Bake the wheatless dough.

CHORUS.
Onward kitchen soldiers,
Allies in the war;
Flag of conservation,
Going on before.

Food will win the battle,
Here we all agree;
On then, kitchen soldiers,
On to victory.
Eat the spuds and cornmeal,
Pass the sugar by;
Boost for full-meal dishes,
Barley, oats and rye.

Like a mighty army,
Kitchen soldiers, we
Husbands, we are leading,
On to victory.
Do not snuff or scuff at
Anything you eat;
Live on peanut butter,
Dry and cheap and sweet.

Onward, then, ye people,
Join us one and all;
Fight for conservation,
Lead the Allies fast.
Make the garden prosper,
Can and dry and store;
We must "lick the Kaiser"—
Nothing else will do.

To Make Hair Wavy and Curly in One Night

Someone has made the discovery that simply applying liquid silmerine with a clean tooth brush will actually make straight hair beautifully curly over night! The liquid, which is of course perfectly harmless, has the peculiar property of drying in pretty waves, creases and ringlets. It also serves as a splendid dressing, keeping the hair delightfully soft and glossy. A few ounces of liquid silmerine, obtainable at any drug store will keep the hair curly for weeks. It is neither sticky nor greasy, but quite pleasant to use. It produces a curliness which is the nearest thing to "Nature's own."—Adv.

Patriotic League Clubs

Military drill is proving popular among the Patriotic League clubs. The membership in each club has been extended.

The Mothers' clubs have volunteered to be responsible for the housing of relatives and friends of the soldiers.

An open night for soldiers at the Young Women's Christian association is soon to be launched by the D. T. A. club. Games, singing and refreshment will be the program.

The league clubs are to furnish magazines and books for the Khaki club.

A novelty was introduced Saturday

night at the dance at Florence field by the Joan of Arc club. They served home-made pies to the guests.

A musical program was presented for the entertainment of the members of Fort Crook by the members of the Isabella club on Thursday evening.

Mrs. Gian Centanini, a native of St. Louis and once well known on the operatic stage as Jane Noria, in company with her husband, who was with the Metropolitan Opera House company, have established and are managing for the American Red Cross a sewing room, soup kitchen and carpenter shop for refugees at Avellino, near Naples.

A Curbstone Conversion

LILLY PIERSON: "Well, Bob! I haven't seen you for months—where've you been?"

BOB CURRIER: "Oh, I've been laid up for several weeks—it's pretty good to get out again to, I can tell you."

LILLY: "For heaven's sake—not hospital?"

BOB: "Yes sir, and I just dodged an operation."

LILLY: "What was the trouble?"

BOB: "Why, Billy, the doctors called it some awful name, but it was nothing more or less than a 'clog' in my intestines; waste that wouldn't move—poisoning me—breeding a fine line of serious diseases."

LILLY: "What did they do to you up at St. John's?"

BOB: "They were all ready to operate for appendicitis. That food waste had accumulated in the large intestine, where the appendix is. I had had pains, and I always tried to cure them with pills or salts."

That only shook up my system—flushed it hard—and left that poisonous waste right there, dryer and harder than ever. Taking a pill for that condition is like driving your car up Ten Mile Hill to get the carbon out of the cylinders."

LILLY: "That's right."

BOB: "Well, the doctor said 'We'll see if we can't move that obstruction naturally before we try to operate.' He put me on my back, and I watched the clock, counted my fingers, ate a diet and took Nujol. The Nujol softened that dry mass, moved it on, and after a while I began to be regular—my system is my clock now. I take a little Nujol morning and night just before tooth-brushing and I really don't know what it is to feel low. Pleasant to take too."

LILLY: "What does the Nujol do?"

"Simply softens the contents of the bowels—without in any way interfering with digestion—and lubricates the aches easily along the intestines. It's not absorbed. You get rid of every drop you take. For a man who doesn't exercise much, or who works so hard that he hasn't time to keep his insides as clean as his collar, it just helps nature out, see?"

LILLY: "Sure (he twists the self-starter) I'll bet there are thousands of men right now in the same shape you were in. Only one of them knows it and he just found it out. Hop in!"

LILLY: "Where you bound, Billy?"

BOB: "I'm going to take you down to the drug store, and then if you're real good and you help me buy one bottle of Nujol, we'll go out and shoot about nine holes before supper. How about it?"

The car containing the Man Who Was Sick, and the Man Who Isn't Going to Be, gathers momentum and slides away.

For your own protection insist that the druggist give you the genuine Nujol, in a sealed and capped bottle, bearing the Nujol trademark in red—never otherwise. Nujol is absolutely pure and harmless. Inferior substitutes may give unpleasant results. Genuine Nujol sold by all druggists in the U. S. and Canada. Send 50 cents and we will ship new kit size bottle to U. S. soldiers and sailors anywhere. Write for attractive free booklet on the Nujol treatment: Section 5, Nujol Dept., Standard Oil Co. (New Jersey), Bayonne, N. J.

"Regular as Clockwork"

Former Health Commissioner Says Nuxated Iron

Should Be Used in Every Hospital and Prescribed by Every Physician—Attributes His Own Great Physical Activity Today at Over 60 Years of Age Largely to His Personal Use of Nuxated Iron.

WHAT FORMER HEALTH COMMISSIONER KERR SAYS

"As Health Commissioner of the City of Chicago, I was importuned many times to recommend different medicines, mineral waters, etc. Never yet have I gone on record as favoring any particular remedy, but I feel that in Nuxated Iron an excellent remedy has been made to the rule. I have taken Nuxated Iron myself and experienced its health-giving, strength-building effect, and in the interests of the public welfare, I feel it my duty to make known the results of its use. I am well past my three-score years and want to say that I believe that my own great physical activity is due largely today to my personal use of Nuxated Iron, and if my endorsement shall induce anemic, nervous, run-down men and women to take Nuxated Iron, and receive the wonderful tonic benefits which I have received, I shall feel greatly gratified that I made an exception to my life-long rule in recommending it. From my own experience with Nuxated Iron, I feel that it is such a valuable remedy that it ought to be used in every hospital and prescribed by every physician in this country."

Former Health Commissioner Kerr has given years of his life fighting for public health in his own and other cities. It was he who introduced Anti-typhoid Diptheria in Chicago's Health Department. He purified the milk for the Consumers and thereby helped to save the lives of thousands of babies. He introduced the anti-spitting ordinance which has been copied all over the country and also took care of the sewers and garbage in the interest of public health. He is positive that the widespread use of Nuxated Iron would greatly lessen the worries and troubles of Health Commissioners in keeping up a high standard of public health.

Manufacturer's Note—Nuxated Iron, which has been used by Former Health Commissioner Kerr with such surprising results, is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not irritate the bowels, does not blacken the spots on the stomach. The manufacturer's guarantee success, and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by Sherman & McConnell Drug Store and all other druggists.
