

13 BILLIONS NEW EXPENSE RECORD FOR GOVERNMENT

Financial History for Last Year Tells of Expenditures Hardly Dreamed of Decade Ago.

Washington, June 29.—The government today closed its books for the fiscal year just ending—the first full fiscal year in the war—and Monday will open new annual records. Cabinet members and other heads of departments will make reports to President Wilson covering their stewardships of funds and responsibilities for the year closing today—or technically tomorrow.

In government financial history the year will go down as a period of expense hardly dreamed of a decade ago. More than \$12,600,000,000 is the actual outlay since July 1, 1917, to meet the multitude of big bills run up for the army, the navy, the ship-building program, airplane construction, coast defense requirements, other government activities and the needs of the allies for American loans to finance purchases of war materials in this country. In peace times, the government spent less than \$1,000,000,000 annually.

War's Cost Colossal. With the addition of the \$1,200,000,000 which the government spent in the three months of war preceding this fiscal year, the war's cost in money to date has been \$13,800,000,000.

War activities now drain about \$50,000,000 a day from the national public treasury and in June the running expenses were greater than ever before, though loans to allies dropped to less than in any month since April, 1917, when the United States became a belligerent.

Including estimates for the last two days of the month not yet recorded expenditures for June have eclipsed all former records. From taxation and other minor sources of revenue, receipts are expected to amount to more than \$2,250,000,000. Payments on Liberty bonds and certificates of indebtedness have yielded nearly \$1,400,000,000.

With figures for yesterday and today not yet tabulated, expenses for the entire fiscal year were reported as follows: Ordinary expenses for various government departments, \$7,567,000,000; payments to allies \$4,708,000,000; interest on Liberty bonds and other public debt items \$175,000,000; federal farm loans (to be repaid), \$65,000,000; Panama canal, \$19,000,000. In addition \$6,747,000,000 certificates issued earlier in the year were redeemed, \$27,362,000 one-year treasury notes were paid, and \$21,536,000 national bank and federal reserve bank notes were retired.

Receipts for the year, without records of the last two days, were reported as follows: Liberty loans, \$7,563,000,000; income and excess profits taxes, \$2,115,000,000; miscellaneous internal sources, \$863,000,000; war savings and thrift stamps, \$296,000,000; customs (tariff revenue), \$178,000,000; miscellaneous revenue, \$287,000,000; Panama canal tolls, \$5,486,000.

Receipts for the year, without records of the last two days, were reported as follows: Liberty loans, \$7,563,000,000; income and excess profits taxes, \$2,115,000,000; miscellaneous internal sources, \$863,000,000; war savings and thrift stamps, \$296,000,000; customs (tariff revenue), \$178,000,000; miscellaneous revenue, \$287,000,000; Panama canal tolls, \$5,486,000.

Raw Wool Stock Needed Now to Supply Troops

Chicago, June 29.—A bulletin of the national sheep and wool bureau today states that a large part of the present raw wool stock in this country, and all of it to be produced or imported to about June 20, 1920, will be required for military use. The bulletin adds that there are large stocks of manufactured clothing and cloth on hand adequate for essential civilian use.

Aviator Harry Noble Falls On Chanute Field; is Killed

Bloomington, Ill., June 29.—Aviator Harold C. Noble of York, Pa., was killed at Chanute field, Rantoul, Ill., when his airplane fell. This is the first fatality at Chanute field.

CHIROPRACTIC QUESTIONS

"Do 'old people' get good results by taking Chiropractic adjustments?"

Answer — Chiropractic will not cure "old age," but Chiropractic has been used with success to ward off the coming of the condition known as "old age."

The entire theory of Chiropractic is that the nerves, upon which all functions of the body depend absolutely, must be kept vigorous and strong to insure health.

If the nerves are obstructed or compressed, the part which they control suffers. In 95 per cent of the cases, this obstruction occurs in the spine, where the nerves, as they pass between the vertebrae are caught by slightly dislocated bones.

Readjustment of these bones restores the nerve to its normal state and the ailment disappears.

Case No. 1060 — Case had frontal headaches, hot flashes, pain in the small of the back, weakness in the lower extremities, very nervous and slept very poorly.

This case took thirty-six adjustments and is now well. People, young and old, and in nearly every walk of life, have taken Chiropractic adjustments, and a vast majority of them are passing the good news to some suffering friend or relative, that they, too, may be restored to good health.

Consultation is free at my office—adjustments are \$1 or 12 for \$10. Outside calls made by appointment at \$2.50.

Burgess-Nash Co.—Fourth Floor

EXTEND YOUR HAND, NOT YOUR FOOT

A big man never does anything "small." The strong man never strikes a fallen foe. If there ever was a time when business, trades and professions should stand together for mutual benefit and for a united country it is now.

If your little competitor lacked business acumen, or sufficient backing to weather the "rough going"—don't glory in his fall—don't "kick" him when he is down—you may rouse the Americanism IN HIM with a kick and make him fight like Pershing's Boys fight over yonder—until you regret you did not extend your hand instead of your foot.

Keen competition and personal rivalry have produced some unpleasantness in so honorable a profession as Dentistry, where "being a gentleman" is considered a prerequisite to being a dentist, but with the vast army of dentists constantly being shipped overseas, it behooves those who are left behind to spend their time in uplifting the profession, and rendering the public the highest possible quality of service at the least possible cost.

Even the kaiser will advise you, "Don't Kick an American."
