Veteran Auto Builder And Pioneer Jeweler Plan Outing in "Tank"

L. P. Madsen, veteran automobile man who built the first automobile that ever ran on the streets of Council Bluffs, and M. Wollman, pioneer jeweler, for whom the prehistoric "one-lunger" was built, will leave Monday for a long trip through Wisconsin and the north in a big auto truck they have been preparing all summer.

They have been working on the car all summer, mounting a light, but strong truck frame on big pneumatic wheels and using a Pope-Toledo 45-horsepower reengine. They will travel in comfort and luxury equal to a Pullman, and as both are skilled mechanics, will find no road problems that will not be easily solved.

RESIGNATIONS STIR EDUCATION BOARD

Council Bluffs Seeks Means of Holding Teachers to Their Contracts; Prichard Goes to Waukegon.

The Board of Education at a special meeting Friday night, decided to ascertain if there was any legal means of preventing teachers breaking their contracts after having signed and been accepted by the board. The decision was reached when C. E. Prichard, high school teacher, wired from Chicago for his release.

Mr. Prichard stated that the reason for the request was that he wanted to take a place in a school at Waukegon, Ill., at a salary of \$1,350 a year or more than he had contracted for here. The board directed Superintendent Saam to inform him that the request was refused. Discussion disclosed that Superintendent Saam had succeeded in having Prichard taken from Class 1 in the military draft and placed in Class 4 so he would not immediately be called into service.

The resignation of L. C. Morgan, physics teacher in the high school, was accepted when it was shown that he was at Camp Funston getting ready for active work in France. Miss Gertrude Clark, grade teacher in the Thirty-second street school, was released when she stated her intention to quit teaching and take public library work.

The contract for remodeling the high school heating plant was awarded to Stephen Bros. at a total cost of \$7,310. The contract for remodeling and repairing the Third street building was given to John Gebuhr for \$4,579.

THREE NEGROES ARE EXECUTED AT CAMP DODGE

Soldiers Convicted of Assault Upon White Girl Pay Death Penalty at Iowa Cantonment.

Camp Dodge, Ia., July 5.—Three negro soldiers, convicted by court-martial of "assaulting and outraging" a 17-year-old white girl on the cantonment grounds the night of May 24 were hanged here today with virtuality the entire division witnessing the executions.

The three traps were sprung simultaneously at 9:09 a. m. and death was almost instantaneous in each case. The negroes marched onto the scaffold singing "God Have Mercy on My Soul."

The negroes were Nelson Johnson of Tusculuma, Ala.; Stanley Tramble of Stroud, Ala., and Fred Allen of Georgiana, Ala., all selective service men.

Confess Guilt. Johnson and Tramble were declared by military police officials to have confessed their complete guilt, but Allen while admitting his presence when the crime was committed, maintained to the last that he had not outraged the girl. Parents of all three are dead, but Allen leaves a wife and a 10-year-old son.

Spectators Faint. Three negro soldiers among the spectators fainted when the men dropped to their death and another ran amuck. He started on a dead run directly toward the scaffold, but guards overpowered him. A white soldier also fainted.

Four negroes were arrested but one was acquitted. With a soldier escort, the girl was sitting on a hillside when, according to her story at the trial, four negroes approached. One of them struck her escort a blow on the head, dazing him.

Screams Arouse Camp. The negroes dragged the girl to a clump of bushes. Her screams aroused the camp and military police threw out a dragnet that resulted in the arrest of the suspects. A summary court martial was organized and trials started immediately. The finding of the court was not announced until yesterday, after it had been reviewed and approved by President Wilson.

Both the girl and her escort live in Des Moines. The girl was declared to be in a serious condition after the attack, but has since recovered.

We are gradually getting our Harney St. Store in running order. It is a big store handsomely appointed. The prescription room alone, which occupies more space than the ordinary drug store, is a big department in itself.
