"Voices of the Dunes."

Mrs. Myron Learned's
New Nature Masque

"Voices of the Dunes," the beautiful nature masque, written by Mrs. Myron Learned, and presented under the management of the Prairies club of Chicago, has been filmed and appears in the weekly "Screen Telegram." The picture was shown in Omaha June 14, but Mrs. Learned did not know that her fairies and sprites were skipping and dancing across the screen just as they did on that glorious June day among the sand dunes. The picture will return Saturday, however, and with a few friends Mrs.

THOUGHT FOR THE DAY

A lovely white flower
Blooms down by the gate
Where rubbish and refuse
abound—
So, in the midst of malice and hate
The divine spark of love
May be found.
The sins of Youth are hardly
sins—
So frank they are and free
'Tis when middle age begins
We need morality.

Learned will see it at the American Film company office.
In the quietude of her country

home, "Walden Wood," this versatile authoress is working busily on a patriotic pageant, for Mrs. Learned has received a request from the Wilson Normal Community Center for a masque for patriots. This latest work from Mrs. Learned's pen will be called a "Fantastic of the Flag."
It seems very fitting that this playlet of waving flags and loud huzzas should be shown in the nation's capital, for on a crisp October day, when the trees are binging their scarlet banners to the opalescent skies, this charming masque, accompanied by its stirring music, will be presented in Washington.

Wednesday Wedding.

Of interest to many Omahans will be the wedding of Miss May Scotland and Mr. Conrad Young, which will take place Wednesday evening in Denver. It will be a large church wedding, and the reception will be given at the summer home of Mr. Dean Douglas, a cousin of the bride. Miss Emma Robertson will attend the bride and Mr. Eric Douglas will be best man.

Mr. and Mrs. Young will take a western wedding trip, returning to Omaha the first of August, as they have taken an apartment at the Blackstone.

Wedding Announced.

Mr. and Mrs. John L. Neble announce the marriage of their daughter, Ann, to Mr. Harry H. Johnsen. The ceremony which took place Sunday was a very quiet affair with only the immediate relatives present. Rev. S. De Fresse read the marriage lines.

The war comes very close to this summer bride, for Mr. Johnsen will leave July 22 for Camp Dodge, and a brother, Corporal Mark Neble, who is with the 47th aero squadron, has served his months in France. The young couple are enjoying a short honeymoon before Mr. Johnsen is called to the colors, and his bride will make her home with her parents.

Red Cross

Mrs. George E. Haverstick has been appointed field secretary for the Red Cross canteen work in the states of Iowa and Nebraska. She is a member of the canteen board for the Central division of five states, in which these two states are included.
The work will necessitate Mrs. Haverstick visiting towns in Nebraska and Iowa to direct and organize the canteen work. This part of war service includes not only canteen restaurant work and meeting troop trains, familiar to Omaha canteeners, but often the canteen service is called upon to furnish food for the troops, care for the sick and furnish information.
Mrs. Haverstick has just returned from Chicago, where she was in conference with divisional officials. She will be in the city for two weeks before beginning her work in the state.

Lunch Carts For Government Workers
Government bureaus in Washington are to establish lunch-cart service for their young women workers.
Several weeks ago, the girls' section of the district war camp community service, with the help of the Girls' Friendly society of Washington, instituted such service for the young women workers unable to obtain luncheons in the overcrowded restaurants without sacrificing their opportunities for rest and recreation. These lunch carts have proved successful, and they have been popular with the men in uniform. Several bureaus have agreed to provide equipment and noontime helpers, if the district war camp community service will manage the lunches and operate the trucks at points convenient to their offices.
Michigan's next legislature is to be asked to enact a law that will place a limit on the amount of material a woman, under war conditions, can be asked to lift while at work in the shop or factory.
Mrs. Harry Park has been elected vice president of the insurance underwriters' association of Madison, Wis., in succession to her husband, who resigned the place to enter the national service.

Don't go to the depot to wait for your friend. Even though a girl friend accompanies you it does not look well for young girls to be at a depot in the evening. It is unfortunate that this young man cannot get away earlier, but I firmly believe that he will think more of you if he sees you at her home.
