New York, July 19 .- Bradstreet's tomor ow will say: Government needs and war work dominate, and industry, despite rather more un-settlement in labor lines, is still at a very swift pace. Wholesale and jobbing trade at primary centers reflects some seasona slowing down and is quiet in comparison with the speed in industry, but in the larger markets of the west, south, northwest and Pacific coast, the reports are that trade is large and demand eager for an ordinary dull period. Retail trade, notwithstanding a good number of midsummer sales, is quiet er than for some weeks past, but even at

that loses nothing is comparison with the volume of business doing at this date in other years. Weekly bank clearings, \$6,475,375,000.

Big New Breaks in Corn Prices Brought

Chicago, July 19.—Fresh successes of the

were liberal receipts. Besides reports were current that the food administration had ordered interior public elevators cleared as far as practicable so as to make room for the new wheat crop. Throughout the day, buying support was limited except from shorts whose profit taking induced numer-ous but generally transient rallies. Adverse crop rearts from the Canadian northwest made the oats market show stub-born resistance to selling pressure. The continued weakness of corn, however, together with a talk of devoting elevator facilities more largely to wheat caused much unload-

ing of cats after midday.
