# HUN SUBMARINE SINKS THREE BARGES, SETS TUG ON FIRE AND BOMBARDS MAINLAND

Crews Reach Shore in Small Boats; Enemy Submerges When Attacked by Hydroplanes But Soon Reappears and Resumes Firing.

By Associated Press.

Orleans, Mass., July 21.—An enemy submarine attacked a tow off the easternmost point of Cape Cod today, sank three barges, set a fourth and their tug on fire and dropped four shells on the mainland. The action lasted an hour and was unchallenged except for two hydroplanes from the Chatham aviation station, which circled over the U-boat, causing her to submerge for only a moment to reappear and resume firing.

The one-sided fight took place three miles south of the Orleans coast guard station at the tip of the cape. The firing brought thousands to the beach. The flashes of the guns and the outline of the U-boat were plainly seen. Danger was not thought of until a shell whirled over their heads and splashed in a pond a mile inland. # TERRIFIC BLOW STRUCK BY AMERICANS AND FRENCH NEAR CHATEAU THIERRY

Cornerstone of Line of Farthest German Advance on Paris Falls; Hill 193 North of Vaux Captured by U. S. Boys.

By the Associated Press.

With the American Army on the Marne, July 21.—(1 p. m.)—The French and Americans have broken through the German line northeast of Chateau Thierry. The French and Americans, driving the spearhead toward the northeast, have already advanced five kilometers (3 1-10 miles) at various places. Previous to the breaking of the German lines, the allies battled with the desperate machine gunners, who were moved down. The German Losses were terrible.

FRENCH OCCUPY CHATEAU THIERRY. Chateau-Thierry was evacuated during the night, the French and American troops passing through the town shortly after dawn on the trail of the retreating Germans. Almost simultaneously, the French and Americans moved forward the southern part of their line, extending north and west from Chateau-Thierry until a correction of the entire line from **SCALPS ON MARNE** Soissons and southward of that point had been effected an even advance of something more than seven miles.

With the French Army in France, July 21 .- (Noon.) -Followers of Geronime Take to Chateau-Thierry, the cornerstone of the line of the farthest German advance, fell early this morning when the French occupied the city, driving the Germans before them.

The enemy has begun his retreat northward under heavy pressure from all sides, French, Americans and British all participating in the thrust which is pushing the Germans back. Where the retreat will end cannot be conjectured, as everything now depends on the will of the allied commander-in-chief.

The German position in the vicinity of Chateau-Thierry was doomed from the moment their divisions recrossed the Marne. Franco-American troops carried out an encircling movement from the northwest at the same time, which made it absolutely necessary for the enemy to withdraw. In the course of the night reconnaissances were effected by the French to test the strength of the Germans still in he city and shortly after General Pershing in 1916 when he dawn the allied reoccupation became an accomplished fact;
