Cars that are rebuilt and refurnished and which in every respect are in A-1 shaple; cars that will give as good service as those that are new. Bear in mind that there is to be a further reduction in the output of automobiles. This means the used car market eventually will be combed for cars. It also means that along with new cars the used ones will bring higher prices. Now is the time to buy. In six months used cars will be scarce.

If you are dissatisfied with your old car, trade it to us for one you can use.
