Takes Tanlac And Now Feels Fine All The Time-Has Gained 16 Pounds.

Lothrop

"Following an attack of nervous prostration eleven years ago I never knew what a well day was until Tan-lac set me right," said C. A. Craw-ford, the well-known contracting painter and paperhanger, living at 2323 Q street, Lincoln, Neb., recent-Mr. Crawford has followed his present line of business for forty years and came to Lincoln from Auburn. Neb., in 1906.

"There's bound to be something unusual about a medicine that will straighten a person up who has been completely knocked out for so long," continued Mr. Crawford. "I was a total nervous wreck, couldn't sleep good and my stomach was so out of whack that it needed making over. Nothing I would eat agreed with me and I lost weight until I was just a living skeleton. I was laid up every summer for three or four months

I finally bought me a bottle of Tanlac, thinking if it was doing so much for other people, it might help me, too. Well, when I first began taking it I just weighed one hun-dred pounds-had fallen off from one hundred and thirty-five-so this will give some idea of my terrible condition. Tanlac woke up my appetite in short order, put me to eating hearty and started me up hill. I have already gotten back sixteen pounds of my lost weight and am still gaining right along. My nerves are so much stronger and I have improved so much in every way that feel like a different man. I have been working hard all day long every day this summer, sleep good every night and feel fine all the time. I am now full of life and energy, and I don't hesitate to say Tanlac has done more for me than everything else I have tried put together.'
