

**GUNNER DEPEW  
HATES THE HUN  
AND TELLS WHY**

Sailor Wounded Five Times to Give Free Lecture Sunday Night at the Boyd Theater.

GUNNER DEPEW.

Dressed in his uniform of the French navy, Gunner Albert N. Depew arrived in Omaha this morning for a three days' stay here and in Council Bluffs. He will address an audience in Council Bluffs meeting under the auspices of the Chamber of Commerce there on Saturday and will speak to Omaha at the Boyd theater here Sunday night. Admission free.

A sailor of the foreign legion—one of those adventurous young Americans who went forward to battle against the Hun, long before the United States "went in"—tells in an amazingly interesting way of what he did—what he saw—and what he endured—while being gassed, bombed, bayoneted and tormented by the Hun. A vivid narrative—so big—so thrilling—so entirely new that it will hold you spell-bound. You should hear him and know the kind of enemy we are fighting. From the shell-battered trenches in Belgium his unique story carries one through the Dardanelles into the campaign of Gallipoli—then across mine-strewn, submarine-infested seas into the prison camps of Germany.

He is just a lad, yet he has had the most harrowing series of experiences, perhaps of any man who has been through the war and lived to tell. Wounded five times, blinded in one eye, prisoner in four horrible German prison camps, participant in battles in Flanders and Gallipoli, wearing the Croix de Guerre, Gunner Depew wants to go back, but not before he has helped shake America to a realization of the truth of the character of the German barbarians.

This story will put red hot fighting spirit into the blood of every American who hears it. It will make you want to get in on crushing cruelty out of the world, on breaking the iron heart of the German leaders.

**He Hates Germans.**

Gunner Depew is going to tell all America if he can about the Germans in this war. He hates them—and anyone who hears him will no longer have any doubt as to the foe we are fighting. His coming here is a cooperative proposition, to aid him in his trip. His expenses are being paid by the Burgess-Nash company, the Boyd donating its house and when they knew what it was for the scene shifters and the house men of the theater came and offered their services free to aid the cause.

There will be no charge made for admission on Sunday night—the Omaha Bee's Milk and Ice Fund for the babies of Omaha will be aided by whatever is collected in the way of a voluntary contribution.

**Ten Dollar Boost in Pay  
For Employees of Uncle Sam**

Orders were received Thursday that all the civil service employes at the federal building were to receive increases in pay of \$10 a month. This does not mean a net increase of this amount, however, and a good many of the employes are wondering why the particular method of computation adopted was used.

Last year the employes all received increases of 10 per cent, good for the fiscal year. To make the increase permanent an appropriation has just been passed allowing the flat increase.

The \$10 is being added, however, to the salary prior to the last increase, and not to the amount which was paid last year. In this way janitors who received \$55 last year will have a net increase of \$5 over the wages received the last 12 months, instead of \$10 as the appropriation seems to provide. Some of the employes will have only \$2 or \$3 a month more than last year.

This discrepancy is due to the fact that last year's appropriation was for a temporary increase, and was not intended to fix a new wage scale.

**Three Indians Brought in  
for Criminal Assault**

Louis Big Bear, Henry Priest and Leonard Whitewater, three Indians from the Winnebago reservation, were brought to Omaha and lodged in the county jail Thursday morning to await the action of the grand jury on a charge of having criminally assaulted a woman of the Winnebago tribe in the reservation.
