## For Extraordinary Services.

A few months ago the National Red Cross executive committee at Washington decided to award a War of badge to the women in connection with their Red Cross activities. This medal or badge to be given them upon completion of a certain number of hours of Red Cross work.

The conditions and instructions relative to the awarding of this recognition of service have been issued and information relative to same is obtainable at any of the chapter offices in this state, or can be secured at the state office.

The national bureau of standards at Washington has placed its approval upon the medals and badges to be awarded, and they will be ready for distribution at an early date, probably in two or three weeks. This medal or badge is of nation character, endorsed by the American Red Cross official board, of which President Wilson is president.

This service emblem is not an expensive article, but is given as a recognition to the women who have rendered extraordinary service. Undoubtedly a great many will be distributed in this state, as the showing of Nebraska is in the first rank in connection with Woman's service.

## Kilpatrick Auxiliary.

The Kilpatrick auxiliary, having a membership of 40, with Mrs. N. P. Sass as chairman, has since it was organized April 17, 1917, completed 2,944 pieces consisting of operating gowns, socks, helmets, caps, sheets, towels, hot water bottle covers and bed jackets. Eight hundred and sixty of these articles censored and tied for shipment were given to the base hospital. Eight hundred and ninety-four towels were taken and in one week were hemmed for the hospital. These also were censored and tied. In addition to all of this work five complete layettes are almost finished and ready to be presented to the Red Cross.

Mrs. Robert Cowell has financed the auxiliary furnishing only the very best of materials.

The women and girls who have done this wonderful work have worked every Thursday evening, keeping seven sewing machines going in the alteration rooms on the third floor of Thomas Kilpatrick & Co.

They have donated to the Red Cross, invested in war savings stamps and Liberty bonds, and in every sense of the word they have "done their bit."

## Trinity Auxiliary.

The Trinity Methodist Episcopal auxiliary, which meets Friday of each week, will not meet until the first of September, when work will be resumed. At the last meeting a rising vote of thanks was extended the chairman, Mrs. E. W. Reveal, and supervisor, Mrs. W. E. Bolin, for their faithful and splendid success in making this auxiliary one of the best in the city.

## Recommended for Overseas.

Women who have been recommended by the central division for overseas work are Miss Clara Jenkins, Miss Ann Bailey, Miss Ruby Smith, Mrs. Lil Beymer and Miss Nell O'Donnell for clerical and Miss Helen King for canteen work.

## Garments Marked.

The local chapter Red Cross has been advised by our French commission that it is essential that all garments produced by chapters be distinctly and permanently marked as donated by American Red Cross.

## Men Wanted.

The Omaha Ambulance company is in need at once of five men from 18 to 21 years of age who are asked to report to the Red Cross headquarters in the court house for information and papers.

## Slackers.

Attention is called to slackers. The chairman of the Omaha chapter is preparing a list of names of women who have done no work for the Red Cross and have given no money. He proposes in a few days to publish this list.

## U. S. Grant Corps.

The regular meeting of the U. S. Grant Women's Relief corps will be held Tuesday at 2:30 p. m. in Memorial hall in the court house.

**ALUM WATER RESTORES COLOR TO GRAY HAIR**  
A pleasant, quick, lasting, harmless and sure way to bring back the natural, original color to white, gray or faded hair. You can have hair always of youthful, natural color. Fluffy, glossy, brilliant, clean and odorless, with a clean scalp. Beau, enchante! It's a joy forever. Simply dissolve one bottle of ovelo powder in two ounces of water, moisten the hair with some of the solution, and while yet damp, rinse the hair well in tepid alum water (two heaping teaspoons of powdered alum to one quart), then rinse well in plain tepid water. That is all. It acts like magic. Ovelo powder is inert, and so absolutely harmless that a child could drink the solution. Any druggist can easily get ovelo powder for you, if he happens to not have it in stock.—Advertisement.
