You Just Try NR For That Indigestion. Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back. One Day's Test Proves NR Best. The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver. It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome. This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation. If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two. Beaton Drug Co., Omaha, Neb. NR Tonight—Tomorrow Feel Right Get a 25c Box
