

GOLDEN-HAIRED, BLUE-EYED BABY SEEKS NEW HOME

Beautiful Nebraska Baby Will Be Given Away by Beatrice Fairfax at The Bee Office.

Who wants to adopt a little blue-eyed, golden haired baby girl? This little atom of humanity, seeking a home at the age of four weeks, will be at the office of The Bee Saturday from 10 to 12 a. m. and again from 2 to 4 p. m.

The baby is one of those unfortunate ones who come unwelcomed into the world. Her mother is a mere child, the daughter of a prominent family in a small town in the middle west. The father is not yet 16. It is one of those cases of lack of sufficient parental instruction and supervision.

The little mother is willing to give her baby to some good woman. She does not care what the religion or financial circumstances of the family may be. "Just so they will make a good woman of her," she said, holding the little one closer.

There is no lack of maternal love in the child mother, but her parents are willing to take her back home and give her a fresh start in life, providing she will give up the baby. If she keeps it she cannot provide for herself nor her baby daughter. The children are too young to marry without their parents' consent, and the parents believe they are too young to marry under any circumstances.

So the baby is to be given away. Those applying will have to convince Beatrice Fairfax of The Bee and the social workers she has asked for assistance, that they are proper persons to have the child. Come armed with references. The little one is perfectly healthy, and well developed. She sleeps all the time, and would not even open her eyes, to get her picture taken. Legal papers can be secured, and the mother will give absolute possession. Baby gives promise of being a beautiful child, as she looks like her pretty mother.

Two Girls With Vigorous Vocabularies Wake Up Cops

Marie Robinson and Mable Barnheim, were arrested at their rooming house, 220 North Nineteenth street, at 5 o'clock Thursday night and booked for investigation.

The two girls, judged by their youthful appearance, are of tender years, but they possessed a vocabulary that made even the cops at the Central police station sit up and rub their eyes. When told that they would have to spend the night in jail the girls merely tossed their heads and replied that they were game enough to do anything once.

Food Administration Urges Farmers to Market Wheat

The national food administration has asked the Nebraska office to suggest to the farmers of this territory the importance of marketing their wheat at the earliest possible date. This comes from Washington, not as a demand, but merely as a friendly suggestion.

The Bee's Fund for Free Milk and Ice

In sending a check for \$2.00 to The Bee's Fund for Free Milk and Ice for suffering Omaha babies, Mrs. Percy Black of Grand Island wrote:

Give to some dear kiddie a bottle of sweet milk, and a chunk of ice to keep it sweet, and pray.

To tell him that we love to give this little tiny bit, To help to make him comfy 'till a nicer, cooler day.

Every cent of the money sent to The Bee for this fund goes to buy ice and milk to help save the lives of little tots.

Return Load Campaign Enlists Forty Trucks Now Hauling to Omaha

Forty automobile trucks have been enlisted in the "return load" campaign organized by the Chamber of Commerce, announces J. M. Gillen, manager of the chamber's industrial bureau. Responses have been received from 50 merchants in Omaha, Elkhorn, Bellevue, Valley, Calhoun, Gretna, Greenwood, Lincoln and Plattsmouth, among Nebraska towns, and from Oakland, Persia, Pacific Junction, Magnolia, Shenandoah, Red Oak, Honey Creek and Glenwood, among Iowa towns.

The purpose of the campaign is to save railroad traffic by encouraging automobile truck owners to haul loads both in and out of Omaha, instead of returning with an empty truck after one load has been hauled. By this means it is hoped to save railroad congestion.

Plans for the campaign include the establishment of a central office in Omaha at which truck drivers who have brought loads into Omaha can learn where they may secure a return load.

MARSHAL SUES SARPY SHERIFF FOR BIG DAMAGES

Michael Zwiebel Seeks Ten Thousand Dollars Damages from Charles Hutter for Alleged Unlawful Arrest.

Michael Zwiebel, marshal at Papillion, Neb., has filed suit for \$10,000 damages against Charles Hutter, sheriff of Sarpy county, and his bonding company, alleging that on August 31, 1917, the sheriff unlawfully arrested him on the pretext that he had violated some law.

Zwiebel alleges that he was held in jail three hours and was subjected to violent treatment on the part of the sheriff.

He says that his name and reputation have been damaged to the extent of \$10,000.

In the evening special dancing, swimming and boating parties will be conducted.

Bee Man in Navy Arrives Safely Over in France

Another Bee man has arrived safely overseas. Glen Reeves, formerly employed in the circulation department, has written his parents, Mr. and Mrs. O. D. Reeves, 410 North Twenty-third street, that he is now in France. He is in the radio service of the navy. He was prominent in Commercial High school athletics, being a member of the base ball team for two years.

Campbell, American "Ace," Coming Back to Train Aviators

Lt. Douglas Campbell of California, who is officially accredited with downing seven German planes, will soon leave for the United States with Capt. Walter Lovell of Boston to organize training schools to fit student aviators for work at the actual fighting front. This will enable the graduate pilots to begin work as soon as they reach France.

Want 40,000 Women Each to Take Place of a Soldier

Plans for the co-operation of the Chamber of Commerce and the United States Co-operative Employment Bureau were laid at a conference Friday morning between Commissioner Robert M. Manley of the Chamber and Mrs. Lila B. DeWolf of the employment bureau. The conference followed a proclamation by the chamber calling on 40,000 women in Nebraska to take the place of 40,000 men who have gone to war. It is realized that there are not this many women out of employment, but it is hoped to induce many women to enter service even though they may not need the wages they would earn.
