DRY MANAGER IS **ANGRY AT STORY** IN LOCAL PAPER

Alleges Facts Distorte 1 in Furthering Candidacy of Governor Neville Against Bryan.

Elmer E. Thomas manager of the Douglas county dry committee, and prominently identified with the committee of 500, charges the hyphenated World-Herald with distorting political news in its issue of Saturday morning, for the purpose of furthering the candidacy of Governor Neville, tailend member of the Hitchcock-Mullen-Neville machine, which cock-Mullen-Neville machine, which tried to dominate the democratic there was used in the ad of the Bran-

state convention at Hastings. This situation is another ramifiis splitting the democracy af this state into factions.

Not Dry Federation.

The Omaka organ of the wet demohad been issued, ostensibly by the distributed on the trading floor.

Nebraska Dry federation, and in behalf of Charles W. Bryan as against Olson, laborer, 2028 Seventh avenue, Neville for governor. The circular in question was issued by the Anti-Saloon league and part of its text is a letter, dated May 24, 1918, denouncig the governor for alleged anti-proitory politics. This letter was purported to have been signed by the Nebraska Dry federation, by W. T. Thompson, president, and C. C. Crow-ell and A. C. Epperson of executive

The circular includes this statement: years. Interment was in Forest Lawn cemetery. He is survived by his widow W. Bryan, who is dry and will en-force the law effectively." The cir-cular bears the name of the Antialoon league of Nebraska as its au-

It is noted in this connection that the committee of 500 of Omaha in its recent list of endorsements, made no reference to gubernatorial recommendations.

Mr. Thomas has asked The Bee to publish the following as his reply to the Hitchcock-Mullen-Neville organ, which was sent to the editor of the World-Herald;

Thomas Sends Letter. "Under the headline 'Bryan Cirsular Fake,' in this morning's paper,
you have tried to make your readers
believe that a circular was falsely issued, showing that the Nebraska Dry
federation and Mr. W. T. Thompson,
its chairman, had endorsed Charles
W. Bryan's candidacy for governor.
You did not print the circular, and
your readers do not know that it is
a circular gotten out by the Anti-Saa circular gotten out by the Anti-Sa-loon league endorsing Mr. Bryan for governor as against Keith Neville, I enclose a copy of the circular in the hope that you will print it and let your readers determine whether your article is fair.

"The Anti-Saloon league circular endorsing Mr. Bryan for governor does not represent that the Dry fed-eration or Mr. Thompson endorsed Mr. Bryan for governor. It quotes a letter under date of May 24th, which carries the names of Nebraska Dry federation by W. T. Thompson, presi-dent, Anti-Saloon league, and other dry organizations of the state. While that letter did not endorse Mr. Bryan for governor, it did condemn Governor Neville and the wet legislature for refusing to ratify the national prohibitory amendment, and for having accepted the support of the German-American alliance at the last election. This letter is set out in the Anti-Saloon league circular which then goes on to recommend Mr. Bryan and to condemn Governor Neville because he defeated ratification and because he appointed men to enforce the dry law who were known wets, and because he received the endorsement of the German-American alliance and because he favored permitting the brewers to make near beer, and but recently announced himelf as against prohibition. I hope you will make this correc-
